The Peer Mentor Program connects students registered with the AccessAbility Resource Centre with successful upper-year students with whom they are likely to identify with based on their academic background and/or hobbies and interests. By providing social support and guidance, mentors help mentees with their transition to the university's academic and social environment. Mentees meet individually with mentors once a week and participate in various activities throughout the academic year.

Name: ________________________________________________________________

Student Number: ________________________________________________________

UofT Email: _____________________________________________________________

Phone: _____________________________ AccessAbility Advisor: ___________________
