Careers by Major - Chemistry

This document serves as a starting point for your career research. Each Careers by Major page provides lots of ideas on various career areas, as well as how to gain related skills and experience. Useful resources and job samples are also provided. Visit us in the Career Centre to find out more about career areas that interest you.

Last updated: September 2017.

Sample Careers / Jobs

Below is a sample of the many types of careers and jobs pursued by graduates of this program.

Sample Career Titles

Note: This is not an exhaustive list. Detailed career profiles are available in the Career Centre. Some positions require further education and experience.

- Food Scientist*
- Brewmaster*
- Exploration Geophysicist
- Chemist*
- Laboratory Manager
- Hazardous Waste Mgmt. Tech.
- Chemical Engineering Tech*
- Pharmaceutical chemist
- Quality Controller*
- Geological/Geophysical Tech.
- Pulping and Bleaching Mgmt
- Technical Sales Representative*
- Textile chemist
- Biochemistry Technologist
- Environmental Policy Maker
- Paint Formulation Chemist
- Pharmacologist*
- Safety Officer
- Teacher / Professor*
- Health Care Administrator*
- Hydrometric Technologist
- Art Conservator*
- Pharmacists*
- Technical Writer / Editor*
- Medical Lab Tech*
- Toxicologist*
- Astrochemist
- Chemical Analyst
- Magnetic Resonance Techn.
- Water Purification Chemist
- Refinery Operator
- Sustainability Specialist
- Medical Researcher
- Energy Asset Mgmt Professional
- Nanotechnologist
- Regulatory/Govt. Affairs Specialist
- Chemical Physicist
- Patent Agent
- Industrial Hygienist
- Environmental Consultant*
- Non-Destructive Testing Technician
- Specialty Chemicals Prod. Superv.
- Public Relations Specialist*
- Purchasing Officer / Purchaser*
- Petroleum Engineering Techn.
- Food/Beverage Processing Grader
- Doctor*
- Systems Security Analyst
- Snubbing Services Operator
- Material Scientist
- Pathologist*
- Pollution Control Technologist
- Epidemiologist*
- Plastics Processing Manager
- Combined Lab and X-Ray Techn.
- Industrial Designer
- Geochemist
- Forensic Laboratory Analyst
- Nuclear Medicine Technologist
- Research and Development Mnger
- Plant Manager

Sample Job Listings

Below is a sample of positions that have been promoted within the Career Centre. To access current postings, login to CLN at www.clin.utoronto.ca and click on Jobs.

- Product Development/QC Specialist, Giraffe Foods Inc.
- Microbrewery Technologist, Labatt
- Inside Sales Associate, Canadian Health Systems Inc.
- Research Chemist, Aqua Bond Inc.
- Research Communications Officer, University Health Network
- Building Products Scientist, Exova
- Environment, Health & Safety Special., Enbridge Gas Distribut. Inc.
- Recruiter, Pharma Medica Research Inc.
- Help Desk Advisor, Computing Services, UTM
- Medical Market Researcher, Medtech Solutions
- Materials Coord. Assist., Faculty of Applied Science & Engin., U of T
- Data Analysis, Electrovaya Inc.
- MetallurgyChemist, Chemical Testing Labs, ArcelorMittal Dofasco
- Ecohydrology Lab and Field Assistant, Departm. of Geography, UTM
- Quality Assurance Representative, Stryker Canada

Sample Areas of Employment

- Cosmetics and fragrance production companies
- Computers and telecommunications companies
- Pulp and papercompanies
- Consulting firms and law firms
- Pharmaceutical companies
- Government agencies
- Universities, colleges and schools
- Hospitals and other medical organizations
- Magazine and newspaper companies
- Environment and pollution control firms
- Fine and heavy chemical manufacturing companies
- Food and beverage production companies
- Mining and metallurgy companies
- Oil and gas companies
- Plastic manufacturing companies
- Museums
- Engineering firms
- Industrial inspection firms
- Scientific research and development companies

* View these titles at Career Cruising, available on CLN (cln.utoronto.ca) under the Resources tab.
Program-Related Skills

Academic courses in this program provide opportunities to develop the following types of skills. Make a career counselling or an employment strategy appointment to discuss how you can demonstrate these skills to employers.

- **Research**: conduct journal research and evaluate the validity of sources; and utilize logical reasoning to interpret results/data derived from scientific experimentation.
- **Technical**: experience with state-of-the-art laboratory technology and instruments; ability to use computer programs to manipulate and display data; and comply with safety regulations and quality control procedures while conducting experiments.
- **Quantitative**: analyze data for trends and apply statistical packages to data to test for significance.
- **Communication**: organize research ideas and information into comprehensive reports; adapt vocabulary to suite a wide variety of audiences including the general public and senior scientists; and interact professionally with a multidisciplinary team of researchers, technicians, students and professors.

Explore Careers & Build Networks

**Career Exploration 101**

Take our 15 minute online module available at utm.utoronto.ca/careers/career-planning/career-exploration and attend the Career Exploration Part 2 in-person workshop read about how you can gain access to UTM's three career exploration programs:

- Extern Job Shadowing
- In The Field
- Informational Interviews

**Alumni Profiles**

Check out our Alumni Profiles page with submissions from UTM grads to find out how their experiences have affected their career direction.

**Events**

Attending networking events, employer info sessions, and career fairs is a great way to meet professionals and learn more about careers, companies, and industries. Login to CLN and click on Events & Workshops to see what's coming up.

**Talk to Professors**

Connecting with your professors can be a great way to explore the different paths a major can lead you to, as well as learn about possible opportunities for research, volunteering, or becoming a TA. Drop by during their office hours or request an appointment.

**Student Organizations**

Join a student club or an academic society at UTM to meet like-minded people, explore your interests, and gain valuable skills. To view a list of current clubs and societies, visit the Centre for Student Engagement online. Some organizations you may consider are:

- Erindale Society of Chemical & Physical Sciences
- Forensics Society
- Health Out Loud at UTM
- Pre-Medical Club

**LinkedIn**

Create a LinkedIn profile to connect with professionals in the fields, explore the career paths of UTM alumni, research employers, apply for specific positions, and more. Need help? Come into the Career Centre to book a LinkedIn profile critique.

**Professional Associations**

There are many benefits of becoming a member of association(s), such as developing a network of contacts, learning about industry trends, accessing industry-related job postings, and stating your affiliation on your resume. Some associations related to this major are:

- Chemical Institute of Canada (CIC)
- Chemistry Industry Association of Canada (CIAC)
- Canadian Society for Medical Laboratory Science (CSMLS)
Get Experience

Get some experience and exposure to the industry while being a student. This will increase your chances of finding a job after graduation, while helping you decide what area might be most suitable for you.

Crack the Hidden Job Market

Networking is an essential element of job search today, as most jobs are not advertised. While you should still apply for positions you find online, building relationships with professionals is a proven way to access the "hidden job market" with some of the most desirable opportunities.

Attend the "Learn to Network" workshop to discover proven techniques to effectively introduce yourself and make contacts.

On-Campus

Experience 101 Handout

Check out the Experience 101 handout on www.utm.utoronto.ca/careers/on-campus-opportunities to view a list of some of the ways you can get valuable experience on campus.

Work Study Positions

The work study program provides eligible students with an opportunity to work on campus during the academic year and gain experience. Many departments use this program to hire UTM students during the Fall/Winter and Summer terms.

Research Opportunity Program (ROP)

UTM's Research Opportunity Program (ROP) allows undergraduate students to gain valuable research experience and earn a course credit by participating in a faculty member's research project. Courses are held during Summer and Fall/Winter terms.

Part Time and Volunteer Positions

- Attend the annual Get Experience Fair
- Check out our binder with detailed information on volunteer opportunities; available in the Career Centre
- Learn about the Co-Curricular Record (CCR), which can help you find opportunities beyond the classroom and have your skills and experiences captured on an official document; go to www.ccr.utoronto.ca to find out how you can get involved

Student Organizations

Join a student club or an academic society at UTM to meet like-minded people, explore your interests, and gain valuable skills. To view a list of current clubs and societies, visit the Centre for Student Engagement at www.utm.utoronto.ca/student-life/student-organizations.

Off-Campus

Internships, Summer, Part Time and Volunteer Positions

- Check out our binders with detailed information on internships and volunteer opportunities; available in the Career Centre
- Login to Career Learning Network (CLN) and click on Jobs to access current postings advertised to UofT students
- Attend the annual Get Hired: Summer and Full-Time Jobs Fair
- Consider taking an academic internship course through your department
- Check out Government of Ontario - Job Programs for Youth Summer Employment Programs’ web page
- Review our Internships, Summer Employment Programs, and Summer Job Search tip sheets at utm.utoronto.ca/careers/tip-sheets

Full Time

- Login to CLN and click on Jobs to access current postings advertised to graduating students and recent UofT grads.
  Note: You must attend the "Now That I'm Graduating, What's Next?" workshop to gain access to these postings.
- Attend the annual Get Hired: Summer and Full-Time Jobs Fair
- Check out our list of industry-specific job boards on www.utm.utoronto.ca/careers/jobs/jobs-resources-links

Prepared by UTM Career Centre. To view the online version with links, go to www.utm.utoronto.ca/careers/careers-by-major.
Useful Resources & Next Steps

Appointments

- Attend a one-on-one appointment with a career counsellor or an employment strategist to discuss what career options might work for you and determine a job search plan. Contact the Career Centre for more information.
- Meet with an academic or departmental advisor, who can guide you in achieving academic success. Contact the Office of the Registrar or your department for more information.

Career Centre Library Resources

The Career Centre resource library contains information about a wide range of occupations in all industries, resume and cover letter resources, effective work search methods, graduate/professional school preparation guides, and more. Located in DV 3094.

Career Planning by Year

Look for our Career Planning by Year web page on www.utoronto.ca/careers/career-planning for ideas of important career related activities for each year.

Questions?

Visit the UTM Career Centre located in DV 3094, call 905-828-5451, or visit www.utm.utoronto.ca/careers.
