After Breast Cancer was set up to ensure that women have access to basic needs and to provide mastectomy bras, mastectomy camisoles and breast prostheses to women who are financially unable to afford them. The majority of breast cancer organizations focus on Research, and the Cure for breast cancer. After Breast Cancer focuses on women who have survived, women who don't have insurance, women who cannot have their basic needs met after a mastectomy or lumpectomy surgery. As the survival rates improve, additional resources that support a woman’s Quality of Life after breast cancer are required to assist women with the various issues that arise during and after treatment.

ARTSIDEOUT
http://artsideout.ca

ARTSIDEOUT is a large scale, one-day, multi-disciplinary arts festival that celebrates arts and culture at UTSC in both physical and conceptual spaces. Involving the widest possible range of students from different programs and backgrounds, the event celebrates creativity and culture at U of T Scarborough. Our vision this year focuses on Collected Stories, exploring the complexities of historical and contemporary Canadian identities. By encouraging the creation of multidisciplinary art works, the festival will cultivate rich and diverse narratives found within our communities. This year, we invite artists, storytellers, students, and everyone who calls Toronto and Scarborough home to unite in the reflection and celebration of our journeys.

Besify
https://besify.com

Besify’s objective is to enable everybody in an urban area to have access to wireless Internet for free. Besify also allows hosts to have total awareness and control over their Internet usage - from monitoring and controlling download speeds to how much bandwidth guests are allowed to use. Consumers, get ready to say goodbye to ridiculous cellular data charges. The Internet is the best long-distance communication tool, and we believe that everybody deserves access to it. Powered by Canadian leaders in global youth development, Canada World Youth (CWY) and Youth Challenge International (YCI), the EQWIP HUBs project is a global network that connects Canadian volunteers, youth participants, and international partners through innovative programming in six developing countries. Through 18 knowledge centres, EQWIP HUBs offers entrepreneurship and employment training so that youth, especially women, can come together to develop market-relevant skills, learn from mentors and access technology. EQWIP HUBs is an initiative rooted in global collaboration making it a unique catalyst for sustainable development. Together, we’re on a mission to change the lives of 100,000 youth by 2020. Whether you’re an experienced Canadian looking to put your skills into action for youth development, or a young person in an EQWIP HUBs country looking for a program to prepare you for the future, we have opportunities for you. EQWIP HUBs is generously funded, in-part, by the Government of Canada through Global Affairs Canada.

Hands-on Galleries, Royal Ontario Museum  
http://www.rom.on.ca/en/join-us/volunteer/volunteer-opportunities/hands-on-galleries

Come share your passion at the ROM! If you are interested in environmental education or history and world cultures, are enthusiastic and enjoy working with children, then this is the place for you. The Hands-on Biodiversity and Discovery Galleries are interactive areas that use activity boxes, displays, and real artifacts and specimens to encourage visitors to learn about history and culture or biodiversity and natural science. As a volunteer you will use your background in science, history (or university studies), to inspire the next generation. Volunteers engage visitors, introduce them to gallery activities and concepts, and guide them through the process of discovery learning. This position provides opportunities for training in experiential education in an informal setting, as well as communication and customer service. For more information and/or to apply online, visit our website at; http://www.rom.on.ca/ Tab: join-us: volunteer, volunteer opportunities, hands-on-galleries (Select Hands-On Biodiversity & CIBC Discovery Gallery on the drop down application menu). Lay-Up Youth Basketball
www.lybs.ca

The Regent Park neighborhood is home to one of the largest and oldest community housing projects in Canada. The area has also become associated with violent crime, low household income, and a rise in single parent families. These families receive only a limited amount of support through government family benefit programs, and many of these families are severely financially disadvantaged. Home environments often provide minimal stimuli and there are limited opportunities for children to have enriching experiences before and after school. To address this, a group of concerned educators, parents and volunteers joined together in 1994 to create the Regent Park/Duke of York Children’s Foundation (RP/DYF). Lay-Up Youth Basketball (Lay-Up), RP/DYF’s newest program, was founded in September 2013 to provide free, organized, high-quality basketball programs to youth from low-income neighborhoods in Toronto. The program combines basketball skills building with social curriculum aimed at developing participant’s off-the-court skills and their potential as community leaders. Through a partnership with Basketball World Toronto, Lay-Up provides participants with fun programs that truly improve their skills. In our first three years of operations, Lay-Up raised approximately $150,000 to send over 600 children to our programs in the Regent Park and Jane & Finch neighborhoods in Toronto. We plan to expand to at least two new communities as we scale over the next three years. 2016-17 specifically was a banner year for Lay-Up, forming key partnerships with MLSE Foundation, JumpStart, and Ontario Basketball Association, and sending over 300 participants to our camps.

Models of Human Diseases Group at University of Toronto
https://wordpress.com/stats/day/modelsofdiseases.wordpress.com

We organize two international medical related conferences in drug testing, animal models and global health, we offer research in biomedical fields, TA opportunities, free workshops, mentorship for medical school and other health care schools, resume building through activities related to Models of Human diseases conference and Rodent models of diseases pre-clinical database project, networking, and peer support. Models of Human Diseases Conference is a forum for scientific exchange that gathers scientists from around the globe who use model organisms (rodents, yeast, Drosophila, C. elegans, zebra fish, chicken, Dictyostelium, snail, crayfish, etc.) or cells to understand various diseases. It covers 18 major disease categories, as listed on the submit poster page. The key objective of this initiative is to generate better models of diseases that will lead to better understanding of the pathogenesis and treatment of disease and ultimately to advancement in basic science and more efficient testing of novel therapeutics. This initiative is intended to facilitate international collaboration among scientists and clinicians from academic institutions, biotech and the pharmaceutical industry, clinical research organizations, and patient advocacy groups. It leads to the establishment of affiliations around the globe, that will allow for joint initiatives such as common applications for research grants and sharing of resources. Click the link to learn more about our conference http://conferencenet.wix.com/mhd. Our free workshops are open to pre-med students and foreign trained and internationally trained graduates, pre-dental, pre-law, pharmacy, and grad students candidates. You can read more about our workshops at https://modelsofdiseases.wordpress.com. Since 2011 we have hosted monthly free workshops attended by over 8000 students from Ontario and beyond. Each workshop is dedicated to one aspect of the application. At each workshop we invited also medical and other health care profession schools to present their programs. Join our mailing list at modelsofdiseases@gmail.com and attend one of our free workshops!

- Teaching/Education/Tutoring
Today hundreds of volunteers work with students from the Portuguese speaking and Spanish Speaking communities to provide the academic stability and help them urgently need. The heart of the On Your Mark program is the volunteer tutors who come from all backgrounds and professions, with a shared goal - to reach out to a child, to teach, to mentor, and assist in their educational life. They are the "wheels" of our program, reducing barriers to a fulfilling education. Apply to be an On Your Mark tutor today! We need tutors with the will to help our students to stay in school and get the education they need and deserve. On Your Mark tutors work with our students for an hour and a half each week to help them with the homework and other school subjects. As a tutor you will fill in the gaps in a child’s education, and be a positive role model and mentor. No experience is necessary - we provide training. All you need is a love of learning and a desire to help.

Pets In Danger Charitable Foundation is a registered Canadian charity #81290 9588. Our Mission: We advocate for animal welfare through public awareness, education and engagement. Our Goal: To shut down puppy mills and commercial breeding facilities across North America thereby saving the lives of 4.5 million dogs and cats annually. Our Methodology: Student Clubs, Protector Campaigns and our Sign & Share petition requesting the removal of online "pets for sale" classified ads (Kijiji, Craigslist etc.) Pets In Danger is institutionalizing Student Clubs at colleges and universities across North America. Each Student Club chapter will launch a Protector Campaign, host exciting social events and activities, build community service hours, gain valuable "boots on the ground" experience, resumé enhancement and skill development including: Team building and interpersonal skills; Leadership skills; Public speaking; Social media and public relations fundamentals; Volunteerism and social justice techniques

Rock-it promotions: In January 2000, Debra Goldblatt-Sadowski launched rock-it promotions, a lifestyle-based public relations firm in Toronto. Rock-it promotions is now recognized as one of the country’s leading boutique lifestyle agencies by media members across print, TV, radio, online and the blogging community. Our extensive experience leading campaigns for premium local and national lifestyle brands means we are closely connected to the journalists and producers who will offer the greatest publicity impact for our clients. Our team’s attention to detail, respect for deadlines and targeted pitch angles have resulted in hundreds of millions of top tier media impressions each year across major local and national outlets. The goal of rock-it promotions is simple. We create inventive public relations campaigns that build recognition and generate high volume, quality media coverage for our clients. We get people talking. Publicity Volunteer Program: Here at rock-it, we have had volunteers for the past 6 years or so, and over the years, our program has really become a valuable and highly educational, hands-on program for those interested in a career in public relations. The program offers a well-rounded 4-month experience to delve into the full scope of work required to understand a job in public relations and marketing communications. Rock-it makes a point of hiring account coordinators from the PV program vs external hires where possible. Over the past four years, 15 PVs have been hired on, and when we don't have any positions available, PVs are often helped by Debra and the team, with career advice or finding jobs elsewhere. Our program runs in three sessions (Jan-Apr, May-Sept, Sept-Dec) and is full-time; Monday to Friday; 9-5:30 p.m. The position is unpaid, but we offer a small monthly honorarium of $400.00 to help cover the cost of travel. Key tasks and responsibilities for the publicity volunteer role: Media monitoring and tracking (print, online, broadcast and social media); Preparing all media clippings and saving into client specific folders; Delivering client/campaign reports to account teams as required; Draft press releases/alerts as required; Client event, account or industry research as required; Event planning support; Database development (i.e. rock-it promotions resources, venues, caterers, DJs, etc.); Coordinate any mailing/courier needs; Miscellaneous errands for the team as required; A commitment to fulfilling obligations to your assigned team/accounts; Organized, detail oriented and good time management skills (i.e. meeting assigned deadlines); Proactive, positive and productive communication with your fellow employees; Being solution-focused, upbeat, responsible, reliable, and punctual; Professional and positive representation of the company at events; Ability to work extended hours include early morning media appointments and evening events; Complies with company standards in all social media activity

Royal Agricultural Winter Fair
www.royalfair.org

The Royal Agricultural Winter Fair is the world's largest indoor combined agricultural fair and equestrian competition. Every November, thousands of visitors come to see animals at work and play, watch top chefs compete, sample the best in local food, craft beer, and wine, witness Olympic-calibre riders from around the globe complete in the world-class Royal Horse Show, relax at one of our 6 Royal restaurants and bars and shop at one of our +350 unique vendors. Our transit-accessible head office is located at Exhibition Place, just steps from Liberty Village, and a short distance from downtown Toronto. Royal interns work as part of our small, tightly focused team of professionals who execute hospitality events, land sponsorships, teach about local food and agriculture, host dignitaries, lead a marketing strategy, and pull off a spectacular 10-day event. Our interns get to shadow industry professionals in hospitality and feature event management, agriculture and food, sales, marketing and communications, business development, education and outreach, entertainment, and elite sport, all while gaining hands-on experience covering the foundations of a world class event. We invite our interns to experience the Fair too; to visit the show floor, shake hands with leaders across multiple industries, and start building those valuable career networks. We have up to 10 spaces available in our internship program. Multiple positions are available in: Production/Broadcast, Marketing, Communications, Sales and Customer Service, Operations/Facilities, Hospitality, Horse Show, Education, Corporate Development, Agriculture, and Feature Event Management.

Spectra Helpline
http://spectrahelpline.org

Spectra Helpline is a non-profit, multicultural organization providing free, caring and confidential distress lines and support services in several languages for the diverse population of the Region of Peel and surrounding area. Founded in 1973 and run by dedicated staff and trained volunteers, this center provides 24 hour emotional support and distress line service in 8 languages. Please find below a brief description of all of the programs that Spectra offers. As a Helpline volunteer, you will support callers on our 24/7 Helpline, as well as our crisis/suicide and elder abuse lines. We provide extensive training to prepare you for your role at Spectra. As an Online and Text volunteer, you will support visitors to our 2:00 pm-2:30 am ONTX service. We provide additional training to prepare you to support visitors by chat or text. If you are a naturally comfortable writer who knows how to emote while writing, this may be the service for you. As a TeleCheck Volunteer you will provide warm, caring support for clients of our TeleCheck program. You will make regular telephone calls, medication reminders, safety checks, and reassurance calls to assist isolated senior clients in living at home with dignity, respect, and independence. Our Touching Base volunteers prefer to make outbound calls to clients, rather than receive calls on the Helpline. The difference with our outbound services, is that you know who you are calling and what to expect within the call. Special Language Skills Needed for All of Our Programs and Services Spectra provides our programs and services in 7 languages other than English. Currently we are seeking volunteers who can understand and speak fluently in the following languages: Cantonese, Mandarin, Portuguese, Spanish, Hindi, Punjabi, Urdu

The Official Languages Programs
www.myexplore.ca | www.myodyssey.ca

Explore is a five-week language bursary program offered to university or college students. Explore is open for both French and English language learners at any skill level. The $2,200 bursary covers most of the expenses and gives participants the opportunity to discover another region of Canada in spring or summer while learning their target language. For more information, please see the attached Explore program brochure or visit www.myexplore.ca. Odyssey is a nine-month, paid, professional work experience as a language-assistant. It gives participants the opportunity to travel to another province or territory than their own while sharing their language and culture. Under the supervision of a teacher, language-assistants work in a school environment to motivate, encourage, and enrich the lives of students. For more information, please visit www.myodyssey.ca.

At Tutor Doctor, our private tutors understand how important your child’s education is. They should have every advantage to stay competitive in today’s academic arena. Our in-home tutoring service evaluates every student closely to identify their needs and to track their progress. We understand that no two students are the same. Everyone learns with different styles and at their own pace. That is why we offer specialized tutoring to address all our clients’ needs.

At Tutor Doctor, we have a distinct process with which we help your child to ensure success. We assess our students’ needs during a free consultation. Then we match them with a compatible tutor. From there, the tutor tailors a program to maximize your child’s improvement. We support your child and update you on their progress.
Every day at University Health Network, our four centres care for patients, along with our learning institute, conduct leading-edge research and train the next generation of health professionals. At the same time, we look for ways to do even better what we already do well. Our volunteer resources teams across our 4 hospitals (on 7 sites) provide our patients, families, visitors and staff with assistance and services to help augment the efforts of caring and busy professional staff. If you are a caring, positive and helpful individual seeking an exciting opportunity, then come and join the health care team at UHN.

The Yee Hong Centre for Geriatric Care is a non-profit organization serving seniors in the Greater Toronto Area. As the service arm of the Yee Hong community, it carries the responsibilities of planning and delivering high quality and culturally appropriate services to enable seniors to live their lives to the fullest - in the healthiest, most independent and dignified ways. Officially opened in October 1994, the Yee Hong Centre now operates four long-term care centres in Scarborough, Markham and Mississauga. We offer a continuum of care services to Chinese seniors and long-term care services to seniors of various cultural backgrounds so they enjoy the best quality of life. These include the South Asian, Filipino and Japanese communities. Thousands of seniors benefit from our long-term care, senior housing, medical and rehabilitation services and community-based programs every day. In October 2016, all four Yee Hong Centres and Social Services received Accreditation with Exemplary Standing for 2016-2020 - the highest honour and recognition awarded by Accreditation Canada for an organization's commitment to Quality and Excellence. This is the seventh consecutive time that the Yee Hong Centre has received full accreditation since it began operation in 1994. Since June 2004, Yee Hong has been operating a total of 805 long-term care beds and serves over 15,000 individuals annually from different ethnic communities in Greater Toronto and the surrounding areas.
