1. **Chair’s Remarks**

The Chair welcomed members of the Committee back for their first meeting of the new year.

2. **Presentation on Student Mental Health Support: Mr. Mark Overton, Dean of Student Affairs**

The Chair invited Mr. Mark Overton, Dean of Student Affairs to present an overview of student mental health support at UTM. The presentation included the following key points:

- Mr. Overton reviewed the prevalence of mental health related issues in Canada, and noted mental health related issues could be heightened at universities due to highly competitive environment;
- Mr. Overton introduced representatives of the UTM Health and Counselling Centre, Residence and Student Life, and AccessAbility offices which frequently support students with mental health concerns;
- Students self-report concerns related to mental health as having the single greatest negative impact on their academics, resulting in increased pressure on existing mental health and health resources;
- Top mental health concerns of students, as reported by mental health professionals were Anxiety, Depression, Bipolar Disorder, Psychosis, Substance Abuse;
- The University must manage expectations of students, families and the external community regarding mental health support, noting that specialists in the eternal community were more appropriate for more serious and on-going concerns. The goal was to create a healthy environment and encourage people to come forward with concerns, so the University could provide support and connections to appropriate health professionals at the earliest point of intervention;
- Policies and procedures to support leave taking were currently being explored for instances where a student would benefit from greater mental health support and were unable to learn in the current environment due to the severity of illness;
- Mr. Overton pointed to the *Post-Secondary Student Mental Health: Guide to a Systemic Approach*, a resource being utilized as the guiding document for university’s new Provostial Advisory Committee on Student Mental Health.

There were no questions from members.

3. **2014-15 Operating Plans: UTM Service Ancillaries**

The Chair informed members, that the Committee would approve operating plans for all UTM service ancillaries on an annual basis. These plans included a Management Report that described the proposed services and programs offered within the financial parameters of the University’s operating budget and financial policies set by the Business Board. The plan also included each ancillary’s annual operating budget, as well as changes to programs and levels of service, categories of users, accessibility, and compulsory or optional fees. This year, the plans reported on actual financial results for 2012-13, the forecast for 2013-14 and projections for the five year period, 2014-15 to 2018-19. Only the proposed budget for 2014-15 was presented for approval.

1 A copy of the Student Mental Health Support Presentation is attached as Attachment A.
The Chair invited Mr. Paul Donoghue, Chief Administrative Officer to present an overview of financial objectives for the UTM Service Ancillaries, prior to making the motion. The presentation highlighted the following key points:

- The university’s four financial objectives for service ancillaries: operate without subsidy; provide for capital renewal; maintain a 10 percent operating reserve; and, having achieved all of these objectives, to contribute to the operating budget.
- Prior to being submitted to the Campus Affairs Committee, a number of bodies were involved in the consultative processes for service ancillaries, which included the review of Residence and Meal plans, Food Services and Parking with their respective advisory committees;
- Challenges within the Residence ancillary included unexpected maintenance repairs and the use of Erindale Hall as temporary swing space during the future North Phase II building expansion. The occupancy rate of 95 to 96 percent was due to ‘no-shows’, students who had placed their deposit but do not take up residence. Net assets (total fund balance, generated in conjunction with a major building boom several years ago) will be eliminated by 2016-17;
- Market comparison indicated that UTM residence rates were below average when compared to other Ontario universities, and were the lowest among U of T’s 8 residences;
- The Food Services ancillary’s challenges included extensive construction on campus, increased equipment costs for repair, replacement of the Director of Retail and Hospitality Service and other hires, and the expected increase of average food prices in 2014;
- UTM was at or below midpoint in a university market comparison of food service prices (UTM had a weighted score of 0.42, where 0.5 is average);
- Regarding the Conference Services Ancillary, challenges for the ancillary included the loss of rental space as the Academic Culture English (ACE) and other academic-related programs have grown, major growth in general summer enrolments and loss of a large customer (Toronto Argonauts for 2014-15);
- Regarding the Parking ancillary, it was reported that parking demand in the lots was monitored daily and remained close to capacity from September to October. Since the introduction of the U-Pass demand for parking has decreased;
- The predicted annual 3% increase in parking rates would generate an operating surplus that would be put into the new construction capital reserve to partially fund a second parking deck, planned for 2016.

In response to a question, Mr. Donoghue noted that the market comparison information was based on data from within the last 12 months.

Mr. Donoghue confirmed for a member that advisory committees had been informed of the rate increases and had reviewed all financial documentation.

In response to a member’s question, Ms Capewell advised the Committee that the unrestricted deficit (forecasted at deficit of $4.1m at April 30, 2014) will be eliminated by 2018-19. She added that mortgages for Residence buildings were all held internally as the funds were borrowed from the University.

A member requested further information regarding the advisory committees that were involved in the consultation process. Mr. Donoghue explained that the role of these advisory committees were to review

the management reports and budget packages, raise issues and concerns, and to provide specific feedback. He added that he would make available the Terms of Reference and membership of these advisory bodies, noting that all constituencies were represented on these committees. He commented that the discussion during these consultative meetings was focused on the understanding of finances and working towards acceptable price increases. While there was good discussion at the advisory group meetings, there were no unanswered concerns or objections to the management reports, the proposed budget or the price changes.

A member inquired whether alternative modes of transportation were considered when the rates for parking services were considered. Mr. Donoghue advised that due to the success of the UPASS, demand for parking on campus had lowered somewhat. He noted that UTM continued to collaborate with Mississauga Transit, who consistently monitors ridership, on discussions regarding the expansion of service to areas beyond the City of Mississauga borders.

In response to a member’s query about considerations affecting the timing of the parking deck construction, Mr. Donoghue explained that the parking deck would be built in 2016-17, so that the ancillary could still accumulate capital reserves to pay toward construction, while also meeting the anticipated demand upon its completion. Also in response to a member’s question, he explained that the university was not aware of a demand for electric car charging stations, but would explore this innovation in the future if there was sufficient demand. He added that UTM did offer a parking pass discount for hybrid vehicles and carpooling. Regarding a member’s comment about the high volume of traffic to and from parking lots 4 and 8 during particular times of day, Mr. Donoghue noted that the situation would be monitored and appropriate traffic management options would be considered; much of the congestion relates to major construction on Outer Circle Road, thereby focusing traffic on the two remaining entrances.

On motion duly made, seconded and carried,

YOUR COMMITTEE RECOMMENDS,

    THAT, the proposed 2014-15 Operating Plans and Budgets for the UTM Service Ancillaries, as summarized in Schedule 1, the service ancillary capital budgets as summarized in Schedule 5, and the rates and fees in Schedule 6, as recommended by Mr. Paul Donoghue, Chief Administrative Officer, in the proposal dated December 9, 2013 be approved, effective May 1, 2014.

4. Assessor’s Report

Mr. Mark Overton, Dean, Student Affairs noted that student governments would be bringing forward student rates and increases to the next Campus Affairs Committee meeting.

CONSENT AGENDA

On motion duly moved, seconded, and carried

YOUR COMMITTEE APPROVED

4Advisory Committee Terms of Reference and Membership have been attached as Attachment C.
THAT the consent agenda be adopted and that Item 5 - Report of the Previous Meeting, be approved.

6. Business Arising from the Report of the Previous Meeting

7. Date of Next Meeting – February 10, 2014, 4:10 p.m.

The Chair reminded members that the next meeting of the Committee was scheduled for Monday, February 10, 2014, 4:10 p.m. in the Council Chamber, William G. Davis Building.

8. Other Business

There were no items of other business.

The meeting adjourned at 5:25 p.m.

Student Mental Health on Campus

Key Canadian statistics and indicators (Statistics Canada)

- 1 in 5 students will experience a mental health problem at some time in their life

- Age cohort of 15-25 experience onset of many mental disorders and is more likely to report suicidal behaviour

- Suicide is the leading cause of death in Canadian youth age 10-24 after motor vehicle accidents
• PSE environment presents stressors related to perceived competition and substantial life stressors, such as leaving home and transitioning from secondary school

• Tracking indicates student mental health issues are increasing and putting greater pressure on services on campus

• Concerns related to mental health as reported by students are having the greatest negative impact on their academics (NCHA 2013)
Accessibility Services (tri-campus):
Students Identified According to Primary Disability

In 2009, 32% of 2,409 (797) students registered with Accessibility Services had mental health as their primary disability; in 2013 it was 41% of 3,265 (1,357) students.

Top Mental Health Concerns of Students

- Anxiety
- Depression
- Bipolar Disorder
- Psychosis
- Substance Abuse
What we can do and what we can’t do to support student mental health and wellbeing.

A Framework for Mental Health

Post-Secondary Student Mental Health: Guide to a Systemic Approach
Supporting the creation of a campus community that is deeply conducive to transformative learning and mental health
Underlying Premises

• Mental health is essential to students’ academic success as well as their ability to participate fully and meaningfully throughout all aspects of their lives and throughout their lifespan.

• Empowering students to participate actively in maintaining their well-being as well as addressing mental health issues sets the foundation for increased ability to sustain well-being throughout their lives.

Key Components of a Framework

1. Institutional Structure: Organization, Planning and Policy
2. Supportive, Inclusive Campus Climate and Environment
3. Mental Health Awareness
4. Community Capacity to Respond to Early Indications of Student Concern
5. Self-Management Competencies and Coping Skills
6. Accessible Mental Health Services
7. Crisis Management

Institutional Structure: Organization, Planning and Policy

• Institutional vision, mission and strategic goals reflect importance of student mental health
• Curriculum and pedagogy that enhance student mental health, recovery, and well-being
• Policies and practices that operationalize legislation related to the accommodation of students with mental health issues

Supportive, Inclusive Campus Climate and Environment

• Warm, welcoming, and safe spaces for students to gather, socialize, and connect
• Resources for educators to ensure their curriculum do not perpetuate mental health stigma, prejudice, and discrimination
• Processes that recognize and mitigate barriers for students with mental health disabilities

Mental Health Awareness

• How mental health impacts academic performance
• How to maintain mental health
• Early indications of difficulties
• Help-seeking as a normal and legitimate strategy
Community Capacity to Respond to Early Indications of Student Concern

• Early alert systems that build faculty and staff capacity to notice early indications of students’ concerns and connect them with supports and resources.

• Provide training for all student employee and leaders; and peer volunteer groups in noticing early indicators of student concerns.

Self-Management Competences and Coping Skills

• Preparing students for transition to post-secondary experience by providing adjustment and coping skills.

• Providing structured peer helper programs to provide support in self-management skill development.

• Online self-screening questionnaire that helps students recognize that they may be struggling and offers resource information.
Accessible Mental Health Services

• Accessible, timely access to services and programs

• Commitment to evidence based practice across all aspects of mental health service delivery

• Established links to resources in the community

• Timely consultation with administration, faculty, and staff regarding specific student concern

Best 24/7/365 Non-Emergency Mental Health Resource/Referral

Food Services
- Food Services Advisory (Dec 12, 2013)

Parking
- Transportation & Parking Advisory Committee (Dec 9 and 16, 2013)
Student Housing & Residence Life
1,536 beds

- 1,471 fee-paying beds
- Mix of styles, sizes
- 2014-15 ‘Y’ = $12.6m

Residence – Highlights and Challenges

- Occupancy rate of 95 – 96% (average about 60 empty beds) re no-shows
- Substantial, unexpected maintenance/repairs expense in 2013-14 ($1.3m ‘loan’)
- Accumulated deficit of $2.2m (at end of 2014-15) will be eliminated by 2016-17
- 100 beds in Erindale Hall will be used as temporary swing space from May 2014 to August 2017
**Proposed Residence Rate Change**

- 5% rate increase for 2014-15
- Exception: Schreiberwood townhouses (14%-16%) reflects change to include hydro in rates
- Undergrad Fall/Winter price ranges from $7,424 to $8,281
- Inclusive of meal plan, total of about $10,709
- Family & Graduate from $818 to $1,415 per month

**Market Comparison**

- Lowest among 8 other U of T residences
- < Ryerson
- > McMaster, Brock, York, Guelph

- “All-in” pricing competitive with local, off-campus alternatives (CHMC data for 2013)
