PARTNER WITH THE UNIVERSITY OF TORONTO FOR A WORLD-RENOWNED CUSTOM EDUCATIONAL PROGRAM

GLOBAL LEADERSHIP DEVELOPMENT PROGRAM (GLDP)

An established executive program through the University of Toronto’s Institute for Management & Innovation (IMI) that delivers custom, graduate-level education, tailored for your company and participants. Our program develops leaders to advance in a global business environment. As a partner, we work with you to create a high-level, unique learning experience, designed to maximize industry-specific learning objectives for your exclusive group.

FACULTY
Our programs are backed by world-class instructors who are handpicked according to their academic and research expertise. Our instructors play a key part in program development and execution, creating a rich and globally minded curriculum which challenges participants to further develop both their technical and soft skills which aligns with industry demands.

BEYOND THE CLASSROOM
In addition to rigorous academic courses, our program offers a variety of learning opportunities outside of the classroom where students can gain first-hand industry knowledge by engaging with industry and professionals through:

- Corporate visits
- Industry guest speakers
- Alumni panel events
- Industry networking events
- Case competitions
- Company engagement opportunities
- Mentorship
- Internships

Additionally, all students receive one-on-one attention to ensure they are satisfied with their experience and program. Our goal is to ensure each participant feels fully supported throughout their experience and maximizes all the opportunities available to them both inside and outside the classroom.

INTERNSHIP
What sets us apart? We value experiential education and commit to providing meaningful internship placements to each participant as part of the GLDP. We partner with key industry hosts who create unique projects where participants can apply and expand their industry proficiencies in a corporate setting. Participants are able to contribute and learn from this experience while being mentored by highly successful industry partners. Through this experience, participants will gain international perspectives which will benefit any globally minded organization.

CROSS-DISCIPLINARY LEARNING
The Institute for Management & Innovation (IMI) provides dozens of graduate level courses through various programs including the Master of Management & Professional Accounting, Master of Management of Innovation, Master of Biotechnology, Master of Forensic Accounting, and Master of Science in Sustainability Management. Being part of the Institute provides participants with the opportunity to interact with IMI graduate students and faculty while developing their knowledge and professional interests.

WHY PARTICIPATE?
- Increase business competitiveness in the global marketplace
- Strengthen your participants’ business and leadership acumen
- Gain international insight to widen your company’s cultural fluency

REPORTING
Feedback is integral. Throughout the process, from end to end, we ensure we capture participant feedback and evaluate each and every module. This ensures we are flexible and always exceeding participants’ expectations. In the end we will create detailed reports which will help us shape and improve materials for future cohorts and programs.

OUR APPROACH
Our programs are custom built. We will work closely with you as partners to get to know your objectives and priorities. Together we will create one-of-a-kind, industry specific modules and programming that aligns with the University of Toronto’s reputation of educational excellence.
