COMMERCE (BCom)
Department of Management

The Commerce program combines economics and the various sub-disciplines of management enabling students to develop analytical skills and gain knowledge of institutions. This background is useful for solving problems and making decisions in business and government environments. Courses are taught by internationally recognized scholars and educators with outstanding academic and professional qualifications. Career success upon graduation requires the social skills, professionalism and maturity developed through active participation in the extensive extra-curricular programming activities offered by the Department of Management, and our undergraduate societies. Activities include competitions, seminars and workshops.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started. As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisites for this program are Advanced Functions and Calculus. The approximate average required for admission is mid-80s. More information is available at [utm.utoronto.ca/viewbook](http://utm.utoronto.ca/viewbook).

**NOTE:** During the application process, applicants will select the Commerce admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

How is accounting used by management? In MGT223H5, you will learn the conceptual and analytical foundations of cost accounting. Costing and control concepts are analyzed to equip students with tools for establishing costing systems and to make decisions. What are the principles of marketing? Find out in MGT252H5! You will be introduced to the basic concepts of market definition, consumer behaviour, and the principal marketing functions: product line development, pricing, distribution, promotion, salesforce management, advertising, research, and planning.

Courses are taught by internationally recognized scholars and educators with outstanding academic and professional qualifications.
