Digital Enterprise Management (DEM) graduates are in high demand! Specialists in utilizing digital technologies to solve business management and organizational problems in creative and innovative ways and develop new businesses, DEM students study, build and analyse enterprise-grade, emerging digital technologies such as blockchain, drones, virtual reality and databases. In addition to studying the traditional managerial disciplines such as finance, organizational behavior, risk management, and project management, students take courses that are relevant to managing organizations that use or develop digital technologies, such as: law and technology, e-business strategy, economics and the digital firm, data analytics, entrepreneurship, the management of innovation, and information visualization. The DEM program is both Business Technology Management (BTM) compliant and the Institute works closely with the International Technology Association of Canada (ITAC) as a source of insight and standards for the industry. With this combined understanding of both technology and managerial challenges and techniques, graduates will be uniquely prepared to offer unique value to both traditional and digital enterprises.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started. As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

HOW TO USE THIS PROGRAM PLAN

Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you.

Visit www.utm.utoronto.ca/program-plans to create your own plan using My Program Plan. Update your plan yearly.

1ST YEAR

Enrol in courses CCT109H5, 110H5, MG101H5 and 102H5.

Choose a program of study (Subject POD) once you complete 4.0 credits. Use the Degree Explorer Planner and the Academic Calendar to plan your degree.

Start strong and get informed with imONE and LAUNCH through the Office of Student Transition. Join a RGASC Peer Facilitated Study Group.

Use the Co-Curricular Record (CCR). Search for opportunities beyond the classroom, and keep track of your accomplishments.

Attend the Get Experience Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.

Networking simply means talking to people and developing relationships with them. Start by joining the Digital Enterprise Management Association. Follow them @DEMSOCIETY and follow the department @ccit_utm. Attend ICCIT Council's Meet the Pros Night.

Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.

Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

Prefer traveling in Canada? Check out the IEC's UTM Across Canada program.

Attend the Program Selection & Career Options workshop offered by the Office of the Registrar and the CC.

Check out Careers by Major at the CC to see potential career options.

*Consult the Academic Calendar for greater detail on course requirements, program notes and degree requirements.

2ND YEAR

Enrol in courses CCT206H5, 208H5, 224H5, 225H5, 226H5 and 260H5.

Throughout your undergraduate degree:

- use the Degree Explorer to ensure you complete your degree and program requirements.
- see the Office of the Registrar and the ICCIT Undergraduate Program Coordinator.

Use the Career Learning Network (CLN) to find postings for on- and off-campus work and volunteer opportunities.

Work on-campus through the Work-Study program. View position descriptions on the CLN.

3RD YEAR

Enrol in courses CCT310H5, 312H5, 322H5, 334H5, 335H5, 356H5 and 360H5. Attain an additional 2.0 credits from any 300/400 CCT level courses.

Consider applying for Research Opportunity Program (ROP) courses CCT399Y and CCT499Y. Visit the EED website for ROP Course Prerequisites. Attend the RGASC's P.A.R.T. to enhance your research skills.

Interested in information technology consulting? Why not enrol in CCT341H5 and gain experience working for a real client? You'll create an IT Consulting company and take on the role of consultants. Speak to the ICCIT Undergraduate Advisor for details and information on other experiential opportunities.

Attend an ICCIT Internship Information Session and learn more about internships.

Establish a professional presence on social media (e.g., LinkedIn). Attend a UTSC Young Entrepreneur's Conference. From GTA's hottest start-ups to the world's most influential Fortune 500 companies, this is a great opportunity to network at UTM's biggest business and professional conference.

Earn credits overseas! Study for a summer, term or year at one of 120 universities. The ICCIT department has identified 5 partners who are most relevant to their students. Speak to the ICCIT Undergraduate Program Coordinator for details about Course Based Exchange and funding.

What's your next step after undergrad?

Considering further education? Attend the ICCIT Internship Coordinator and visit the ICCIT blog's Job Board.

Market your skills to employers. Get your resume critiqued at the CC. Attend the CC workshop Now That I'm Graduating What's Next? Write a strong application for further education. Attend the CC's Mastering the Personal Statement workshop.

4TH OR FINAL YEAR

Enrol in courses CCT404H5, 424H5, 460H5; MG421H5, 426H5 and 428H5. Attain 1.0 credit from CCT401H5, 410H5; MG419H5, 422H5, 432H5, 437H5 and 439H5.

Consider a practical work-based experience through the internship courses CCT419H5 and CCT411H5. Speak to the ICCIT Internship Coordinator and visit the ICCIT blog's Job Board.

Establish a professional presence on social media (e.g., LinkedIn). Attend the DEM Young Entrepreneur's Conference. From GTA's hottest start-ups to the world's most influential Fortune 500 companies, this is a great opportunity to network at UTM's biggest business and professional conference.

Earn credits overseas! Study for a summer, term or year at one of 120 universities. The ICCIT department has identified 5 partners who are most relevant to their students. Speak to the ICCIT Undergraduate Program Coordinator for details about Course Based Exchange and funding.

Skills developed in DEM

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Communication: present ideas clearly and in a persuasive manner; mediate and negotiate conflicts; public speaking; and write effective business documents.

Leadership: manage teams effectively; motivate and provide constructive criticism; and build and maintain relationships.

Technical: understanding of business terminology and the technologies underlying digital businesses; knowledge of the operations and challenges faced by digital enterprises; and use software applications to solve business problems.

Decision-making: evaluate and prioritize, as well as flexibility to change and innovation.

Get involved

Check out student organizations on campus. Here are a few:

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Communication, Culture, Information + Technology admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

What is the role of computers and communication systems in modern organizations? Find out in CCT225H5! You’ll learn how to use computer-based systems to support information requirements for problem solving and managerial decision-making.

What laws govern digital media? Learn about copyright, trademark and patent law for digital media in CCT206H5.

Students in our program will gain an understanding of the technologies that underlie digital businesses and the managerial challenges and techniques appropriate for being active and valuable participants in digital enterprises.
