Forensic Science is the study of physical evidence in a modern legal context. It is best defined as “science in service to the courts.” UTM’s Forensic Science program, the first of its kind in Canada, is designed to provide students with an understanding of scientific analyses, theories, laboratory skills, applications, and field techniques -- while allowing the student to emphasize one particular area in greater detail.

We have developed well-established partnerships with organizations including the Centre of Forensic Sciences, the Office of the Chief Coroner for the Province of Ontario, the Ontario Provincial Police, the RCMP, and numerous other police services and agencies worldwide.

Make the Most of Your Time at UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started. As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

Programs of Study (POS)

- Major Program ERMAJ0205 Forensic Science (Science)
- Minor Program ERMIN0205 Forensic Science

Check out...

How much can we learn from the body of a crime scene? Take FSC316H5 and find out about autopsy, fingerprinting, and forensic imaging of the deceased. Learn forensic field techniques! Take FSC407H5 to collect, process and analyze evidence found at a “crime scene” in the UTM Forensic Science Crime Scene House.

What can I do with my degree?

The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for Graduates: Coroner; Forensics scientist; Operations research analyst; Ballistics analyst; Computer-related crime investigator; Image enhancement specialist; Polygraph examiner; Speech scientist; Forensic accountant.

Workplaces: Government; Forensic laboratories; Medical examiners/coroner offices; Hospitals; Toxicology Laboratories; Police departments; Insurance companies.
## HOW TO USE THIS PROGRAM PLAN
Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you. Visit [www.utm.utoronto.ca/program-plans](http://www.utm.utoronto.ca/program-plans) to create your own plan using My Program Plan. Update your plan yearly.

### FORENSIC SCIENCE SPECIALIST Program Plan

#### 1ST YEAR
- Enrol in courses CHM110H5, CHM120H5, FSC239Y5, MAT134Y5/135Y5/137Y5, PHY136H5 and 137H5.
- Choose a program of study (Subject POS) once you complete 4.0 credits. Use the Degree Explorer Planner and the Academic Calendar to plan your degree.
- Start strong and get informed with utmONE and LAUNCH through the Office of Student Transition. Join a RGASC Peer Facilitated Study Group.

#### 2ND YEAR
- Enrol in courses CHM240H5, CHM243H5 and FSC271H5.
- Consider applying for the Research Opportunity Program (ROP) course FSC299Y. Visit the EEO website for ROP Course Prerequisites. Attend the RGASC’s P.A.R.T. to enhance your research skills.
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWV). Find them on Facebook and follow them on Twitter. Go to IVWV’s Meet the Prof Night.
- Attend the Get Experience Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.

#### 3RD YEAR
- Enrol in courses FSC360H5 and STA215H5/STA220H5.
- Throughout your undergraduate degree:
  - use the Degree Explorer to ensure you complete your degree and program requirements
  - see the Office of the Registrar and the Forensic Science Academic Advisor for assistance.
- Explore your interests. Why not pass on your passion for science? Be a UTM Let’s Talk Science Outreach volunteer. Where you create your own STEM activities and take charge of special events and programs.
- Do you have a professor you really like or connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don’t be shy! Learn Tips On How to Approach a Professor through the Experiential Education Office.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

#### 4TH OR FINAL YEAR
- Do you want to complete original research, a feasibility study, and evidence found at a “crime scene” through FundS407H5. Speak to the Forensic Science Academic Advisor.
- Skills are transferrable to any job regardless of where you develop them. Learn techniques forensic scientists use in the field. Collect, process, and analyze evidence found at a “crime scene” through FSC407H5. Speak to the Forensic Science Academic Advisor.
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWV). Find them on Facebook and follow them on Twitter. Go to IVWV’s Meet the Prof Night.
- Visit the UTM Library Reference Desk.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

### BUILD SKILLS
- Use the Co-Curricular Record (CCR) Search for opportunities beyond the classroom, and keep track of your accomplishments.
- Attend the Get Experience Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.
- Use the Career Learning Network (CLN) to find postings for on- and off-campus work and volunteer opportunities.
- Work on campus through the WorkStudy program. View position descriptions on the CLN.
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWV). Find them on Facebook and follow them on Twitter. Go to IVWV’s Meet the Prof Night.
- Visit the UTM Library Reference Desk.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

### BUILD A NETWORK
- Enrol in FSC360H5 and STA215H5/STA220H5.
- Throughout your undergraduate degree:
  - use the Degree Explorer to ensure you complete your degree and program requirements
  - see the Office of the Registrar and the Forensic Science Academic Advisor for assistance.
- Explore your interests. Why not pass on your passion for science? Be a UTM Let’s Talk Science Outreach volunteer where you create your own STEM activities and take charge of special events and programs.
- Do you have a professor you really like or connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don’t be shy! Learn Tips On How to Approach a Professor through the Experiential Education Office.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

### BUILD A GLOBAL MINDSET
- Enrol in FSC360H5 and STA215H5/STA220H5.
- Throughout your undergraduate degree:
  - use the Degree Explorer to ensure you complete your degree and program requirements
  - see the Office of the Registrar and the Forensic Science Academic Advisor for assistance.
- Explore your interests. Why not pass on your passion for science? Be a UTM Let’s Talk Science Outreach volunteer where you create your own STEM activities and take charge of special events and programs.
- Do you have a professor you really like or connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don’t be shy! Learn Tips On How to Approach a Professor through the Experiential Education Office.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

### PLAN FOR YOUR FUTURE
- Enrol in courses CHM240H5, CHM243H5 and FSC271H5.
- Consider applying for the Research Opportunity Program (ROP) course FSC299Y. Visit the EEO website for ROP Course Prerequisites. Attend the RGASC’s P.A.R.T. to enhance your research skills.
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWV). Find them on Facebook and follow them on Twitter. Go to IVWV’s Meet the Prof Night.
- Visit the UTM Library Reference Desk.
- Attend events held by the International Education Centre (IEC) to explore different cultures through food, music, and sport or through sight-seeing around the GTA.
- Embark on a UTM Abroad Co-Curricular Experience through the IEC. Take advantage of this opportunity to travel with a faculty member and learn about a topic of interest in a unique location.

Skills developed in Forensic Science

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

**Technical**: make and record accurate measurements; make observations, draw diagrams and take photographs; crime scene investigation; and use statistical tests.

**Communication**: report writing; verbal testimony; understanding of cultural diversity; translate scientific evidence; and analyze and present data.

**Organizational**: casework; teamwork; and understanding legal issues related to evidence.

**Problem-solving**: identify alternative solutions and interpret lab findings.

**Research**: draw conclusions based on the evidence obtained and communicate results of investigative work through proper channels based on the conclusions drawn.

Get involved

Check out student organizations on campus. Here are a few:

- UTM Forensics Society (IVNVI)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit [www.utm.utoronto.ca/clubs](http://www.utm.utoronto.ca/clubs).

Services that support you

- AccessAbility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Experiential Education Office (EEO)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Office of Student Transition (OST)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisites for this program are Advanced Functions, Biology, Chemistry and Physics. The approximate average required for admission is mid- to high-70s. More information is available at [utm.utoronto.ca/viewbook](http://utm.utoronto.ca/viewbook).

**NOTE**: During the application process, applicants will select the Forensic Science admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

**Sneak Peek**

What is the role of a coroner? Take FSC239Y to find out about crime scene investigation, the role of the expert witness, forensic pathology, forensic chemistry, forensic botany, forensic entomology, forensic anthropology, forensic dentistry, psychology and toxicology.

Our courses provide students the opportunity to learn about all aspects of forensic science in the classroom and to apply their knowledge to practical assignments using state-of-the-art technology and instruments. Courses are taught by professionals who bring their own expertise and unique field experience to the classroom.
