

GEOGRAPHY (HBA)

Department of Geography

The **Geography BA** brings together many subjects of interest, ranging from community health issues, urban form and globalization to electoral politics, transportation and economic development. The program emphasizes the development of quantitative and qualitative analytical skills, including cartography, analysis of spatial data, social theory and archival work, which it supplements with field work and collaborative research opportunities.

Our faculty are very successful and active researchers. They maintain research programs, laboratories, supervise graduate students at UTM, and who involve undergraduate students in projects on topics such as urban development and migration studies. They are also outstanding teachers, with several of our faculty being recognized with teaching awards from both inside and outside the university.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we've pulled together information and interesting suggestions to get you started. As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using **My Program Plan** found at www.utm.utoronto.ca/program-plans

Programs of Study (POSt)

- Specialist Program ERSPE1666 Geography (Arts)
- Major Program ERMAJ1666 Geography (Arts)
- Minor Program ERMIN1666 Geography (Arts)

Check out...

Don't miss out on Health and Healthcare, GGR353H5! Study the links between health and place as well as models of health systems delivery and inequalities. Ever considered an internship? Apply for JEG400/401Y5 and gain hands on experience in leading organizations.

GEOGRAPHY (HBA)

Skills developed in Geography

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Technical: use qualitative and quantitative methods, conduct surveys/focus groups; data analysis and presentation; and report writing.

Research: application of field methodologies; gather, organize, analyze and present data; use statistical and graphical methods; literature review and reporting; and group collaboration.

Communication: written and oral presentation; graphical communication of research outcomes; and group presentations.

Get involved

Check out student organizations on campus. Here are a few:

- Student Association for Geography and Environment (SAGE)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

Services that support you

- AccessAbility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Experiential Education Office (EEO)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Office of Student Transition (OST)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Social Sciences admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

Explore how cities are planned and function in GGR207H5. Investigate the connections between consumption and sustainability in GGR252H5. Travel to Montreal in GGR389H5 to practice your field skills in a vibrant urban landscape. Build professional experience through an internship work-placement.

Our department prides itself in being at the forefront of student experience at UTM. Our students use equipment satellite imagery, and state-of-the-art computers and software in the GIS laboratory. We also have an active weather station on campus monitoring local weather conditions. Students can run their own project related to weather monitoring using the latest data logging instruments. We think that the wonderful opportunities and support in our department will make your degree in Geography not only a meaningful and valuable learning experience, but also an exciting and fun one.
