U OF T MISSISSAUGA

Third-party Transactions

The University of Toronto is committed to protecting your privacy, as per the Freedom of Information and Protection of Privacy Act (FIPPA). You are expected to address any concerns or access your admission, financial and/or academic information yourself. If a situation arises where a third party (such as a parent, partner, sibling, friend) needs to conduct business with the Office of the Registrar on your behalf (such as picking up or viewing university documents, except transcripts), you must obtain and sign a "Consent to Release Information" form in person at the Office of the Registrar.

Need to Get a Replacement TCard?

If you have misplaced your TCard, you can get a new one at the TCard Office in the CCT Building. Hours of operation are posted at www.utm.utoronto.ca/tcard. There is a \$12 fee for the replacement of a lost, damaged or stolen card.

Academic & Financial Aid Advising

To make a walk-in appointment with an Academic or Financial Aid Advisor, visit the Express Desk at the Office of the Registrar in the Innovation Complex. You can monitor your appointment status in the waiting area outside of the office, or keep track of your place in the queue with our "Walk-in Waiting List" mobile site (m.utm.utoronto.ca). Office hours are posted at www.utm.utoronto.ca/reg.

Your Academic Responsibilities

Your success as a student depends on your attention to the responsibilities that the university sets down in writing. It is the responsibility of the student to ensure that:

- Course selection is correct and complete.
- All prerequisite, exclusion and corequisite requirements, program requirements, distribution and other degree requirements have been met.
- Deadlines (including payment of fees, dropping and adding of courses) and other regulations have been observed.
- All information provided to U of T Mississauga is kept up-to-date and accurate (e.g. mail & e-mail information, programs & degrees being sought, etc.)

Misunderstanding, misapprehension or advice received from another student will not be accepted as a reason for exemption from any regulation, deadline, program or degree requirement. If there is any doubt, seek guidance from the Office of the Registrar.

IN CASE OF EMERGENCY/ALERTS

- If you require immediate emergency assistance on university property, call **905-569-4333**. This call can be made from any campus pay phone free of charge.
- You can also use one of the direct-line **emergency call stations** located on campus.
- In life threatening situations, **call 911** (or 9-911 from a campus office phone)
- If an alarm sounds, **evacuate** the building you are in.
- Ensure that your **emergency contact information** is up-to-date on ACORN.
- Register your mobile phone number at alert.utoronto.ca
- If you have any questions concerning emergency procedures, call University of Toronto Police at **905-828-5200**.

ACADEMIC STATUS

All students who have attempted at least 0.5 credits will have their academic status assessed at the end of the Summer session and at the end of the Fall-Winter session.

There are four kinds of academic status:

- In Good Standing** – You may continue into the next session without restrictions.
- On Probation** – You may continue in your studies, but should consider reducing your course load and seek immediate assistance as outlined in your notice of probation.
- On Suspension** – You may not attend the university for one year (or three years, if you have already served a one-year suspension).
- Refused Further Registration** – You may no longer attend the university.

Your academic status will be updated on ACORN at the end of each session. Students who are placed on probation and suspension should immediately consult with an advisor in the Office of the Registrar to assess the impact on OSAP eligibility, student visa requirements, program/degree completion and other areas. Complete details are outlined in the Academic Calendar.

READY TO GRADUATE IN JUNE 2017?

Students who appear as though they may complete 20.0 credits will have a request to graduate entered onto their ACORN record. Students who confirm their request to graduate and are assessed as “complete” will have their degrees conferred at the next available convocation ceremony whether or not they are able to attend.

Completing your degree requires the completion of program and degree requirements. Using Degree Explorer (degreeexplorer.utoronto.ca), you can view the current completion status of your program(s) and degree. If you have confirmed your request to graduate, you can check Degree Explorer at the end of March to see if your Subject POSTs have been confirmed by the relevant department(s) and you can view your eligibility to graduate in early May. See www.utm.utoronto.ca/regcal for a current listing of degree requirements. Graduation requests for June 2017 will appear on ACORN between November 17 and January 22.

It is your responsibility to check your graduation status. If you plan to graduate in June and do not see a graduation request on ACORN, go to the Office of the Registrar to speak with an Academic Advisor before January 22 to have your graduation request added.

When you login to ACORN, it will indicate the degree you may be eligible to receive. You will be prompted to request graduation with the specified degree or to indicate that you do not wish to graduate with the specified degree. If you wish to graduate, but with a different degree from the one specified (e.g., ACORN indicates that you might be eligible to receive an Hon. B.A., but you are eligible to graduate with an Hon. B.Sc.), you must contact the Office of the Registrar.

PLEASE NOTE: Parchments are withheld until all outstanding U of T fees, library fines,

health service missed appointments, damaged departmental equipment and payment for all deferred exams have been paid in full. Degree parchments are held by the Office of Convocation for pick up one year following each graduation ceremony.

For more information, visit www.utm.utoronto.ca/graduation.

Do you meet your degree requirements?

You need to meet degree requirements and program requirements in order to graduate. Please use Degree Explorer (degreeexplorer.utoronto.ca) the university's official online tool to review your degree and program requirements. If you have any questions about your degree requirements you should meet with an Academic Advisor in the Office of the Registrar. Please meet with your undergraduate department advisor to review your program requirements.

Can't get into a course you need to graduate?

U of T Mississauga is committed to ensuring that graduating students can enrol in a set of courses that will allow them to graduate in a normal period of time. This commitment depends upon the student doing all that is necessary at the optimum and appropriate times as indicated in this guide and in the Academic Calendar. Students must have enrolled in appropriate programs (changes to program in the final year of graduation may not be considered), completed appropriate prerequisites, and requested courses from a full range of the possible options that would allow them to complete their program and degree. Students must have used ACORN to attempt to enrol in these courses at the earliest possible opportunity.

If students are still unable to obtain required courses for graduation, they should meet with an academic advisor in the Office of the Registrar during the first registration period to receive guidance on their next steps.

CHOOSING A SUBJECT POST

What Is A Subject POST?

A Subject POST, or **program of study**, is a group of courses in a specific discipline. There are three levels of programs:

- **Specialist** program
- **Major** program
- **Minor** program

Check the Academic Calendar (www.utm.utoronto.ca/regcal) for specific program requirements for each Subject POST. You will follow the **degree** requirements listed in the Academic Calendar for the session you were admitted to the university as a degree student (i.e., If you were admitted to the university beginning September 2015, you would follow the degree requirements listed in the 2015-16 Academic Calendar).

When Do You Enrol in Subject POSTs?

Students who have already completed 4.0 or more university credits by the end of the 2015-16 Fall-Winter Session, or plan to complete 4.0 credits by the end of the 2016 Summer Session, must enrol in Subject POSTs (Program of Study).

U of T Mississauga students can only enrol in Subject POSTs offered at the U of T Mississauga campus. You must enrol in the minimum appropriate combination of active Subject POSTs before your course enrolment period starts, or you will be prevented from enrolling in courses on ACORN. You may not enrol in more than three Subject POSTs.

The appropriate minimum combinations are shown in the chart below:

Intended Degree:	You must enrol in at least:
Honours BA or Honours BSc	1 specialist OR 2 majors OR 1 major and 2 minors
BBA	Specialist in Management
BCom	Specialist in Commerce

Subject POST Types

There are three different Subject POSTs: **Type 1**, **Type 2**, **Type 3**; check the “Type” column in the Subject POST listings starting on page 14.

Type 1 Subject POST

Type 1 programs have no enrolment requirements other than successful completion of 4.0 credits. You can enrol in them at any time.

How to enrol in a Type 1 Subject POST

To enrol in a Type 1 Subject POST, log on to ACORN at www.acorn.utoronto.ca

- Select “Enrol & Manage” from the main menu.
- Select “Programs”
- Enter the Subject POST code or name of the program you want to enrol in. For

example, if you want to enrol in the major program in History, enter the code “ERMAJ0652” or “History Major.” Codes are listed beginning on page 14.

- Select “Enrol”

After you add a Type 1 Subject POST, the program will be listed as “Currently enrolled.”

Type 2 & 3 Subject POST

Type 2 Subject POSTs require:

- specific course(s)
- specific GPA and/or grades.

Type 3 Subject POSTs require:

- specific course(s)
- minimum GPA and/or grades, and
- a competition among applicants meeting the minimum requirements for a limited number of spaces.

They may also require additional information and/or an interview as part of the application procedure.

Please check the online calendar (www.utm.utoronto.ca/regcal) for program requirements.

You may apply to as many Type 2 & 3 Subject POSTs as you wish, so long as you meet the requirements. If you want a Type 2 or 3 Subject POST but do not yet meet the requirements, enrol in a Type 1 program. Once you have met the requirements, you can always request the desired Subject POST during the next Subject POST request period. Once invited and you accept, you can drop the Type 1 program.

How to Enrol in a Type 2 or 3 Subject POST

There are three steps to enrolling in a Type 2 & 3 Subject POST:

Step 1: Submit a Subject POST Request on ACORN

The first request period runs from March 14 to May 1. The second request period runs from June 13 to August 26. We strongly suggest you request your Subject POST during the first request period because you will be prevented from enrolling in courses without active Subject POSTs on your record. **The second request period should be used by students who are completing program admission requirements in the 2016 Summer Session.**

Log on to ACORN and:

- Select “Enrol & Manage” from the main menu.
- Select “Programs”
- Enter the Subject POST code or name of the program you want to request. For example, if you want to request a major in Economics, enter the code “ERMAJ1478” or “Economics Major.” Codes are listed beginning on page 14.
- Select “Request to Enrol”

Once you have submitted the request, the Subject POST status field will read “REQUESTED – You have applied for admission to this Subject POST.” You can add

requests for as many Subject POSTs as you wish, but remember: if you are invited to all of them, you can enrol in no more than three, of which only two can be majors or specialists.

After May 1, ACORN will not permit you to request a Type 2 or Type 3 Subject POST until the second request period begins on June 13.

Enrolling in Commerce or Management Subject POSTs

If you plan to apply to a Commerce or Management program you must make your requests between March 14 - May 1. Those who plan to take summer courses in order to fulfill program admission requirements must also apply during this period. Students who are completing S or Y courses in Summer to fulfill program requirements will be refused during the first round and should put in a request again during the second request period (June 13 - August 26).

Step 2: Check the Results of Your Requests

Beginning May 20 (or September 6 for requests made during the second request period), you can check ACORN to find out the status of your Subject POST request(s). Once logged on to ACORN, select "Enrol & Manage" from the main menu and then select "Programs." A list of your Subject POSTs will appear along with a status.

- **INVITED:** The department has offered you admission (or given you an invitation) to the Subject POST.
- **REFUSED:** The department has refused your admission to the Subject POST. Meet with an academic advisor in the Office of the Registrar to discuss alternate program selection. Visit the departmental advisor to further discuss the reason for the refusal.
- **REQUESTED:** You have requested admission to enrol in the Subject POST. The department still needs to review the request. You may want to contact the relevant department advisor to check on your status.
- **CURRENTLY ENROLLED:** You are officially enrolled in the Subject POST. Please note that you will not see **CURRENTLY ENROLLED** unless you are first granted **INVITED** status and you then "accept" this invitation on ACORN (Step 3).

HELPFUL TIP: While awaiting approval for a Type 2 or 3 Subject POST, you may temporarily enrol in any Type 1 POST. Be sure to enrol in one specialist or, two majors or, one major and two minors. This will allow you to enrol in courses in the meantime. You do not, however, need to restrict yourself to enrolling in courses towards this temporary Type 1 POST.

Step 3: Accepting an Invitation to a Subject POST

To accept the invitation to enrol:

- Select "accept" – the status will change to "CURRENTLY ENROLLED" – you are enrolled in this Subject POST."

To decline an invitation to enrol:

- Click the “gear wheel” icon (⚙) on the right side of the screen and select “Remove program.”

Deregulated Fees

Students in Specialist and Major programs in Bioinformatics; Commerce; Communication, Culture, Information & Technology (CCIT); Computer Science; Digital Enterprise Management; Human Resource Management & Industrial Relations; Information Security; Interactive Digital Media, Management; and Visual Culture and Communication pay higher fees. Before accepting enrolment into one of these deregulated programs, ensure you are aware of the differing fee structure. Visit **www.fees.utoronto.ca** for more fee information.

The First Request Period deadline for accepting an invitation is July 29. The Second Request Period deadline is September 18.

Subject POST Enrolment: Second Request Period

There is a second request period for Type 2 and Type 3 Subject POSTs. The procedure for the second period is the same as for the first period.

The following enrolment dates apply to the second request period:

- June 13 – August 26: Requests should be made on ACORN
- September 6: Results available on ACORN
- September 18: Last day to accept the invitation.

HOW TO SELECT YOUR COURSES

Understanding Course Codes

Each course has a unique course code and course description. Here's a breakdown of what's in a course title and code, using "ANT101H5S, LEC0101, TUT0102" as an example:

Codes	Description
ANT101H5S	This course is Anthropology 101. It has both a code (shown here) and a course name found in the Calendar and the timetable.
ANT	3 letters denoting the program offering the course.
101	3 numbers denoting the level (a first-year course begins with a '1').
H	Indicates credit value. H = 0.5 credit; Y = 1.0 credit
5	Campus Code: <ul style="list-style-type: none">• 5 = Mississauga• 1 = St. George (downtown)• 3 = Scarborough
S	Session Code: indicates which term the course is offered: F = Fall; S = Winter; Y = Fall + Winter
LEC0101 TUT0102 PRA0101	LEC = Lecture TUT = Tutorial PRA = Practical Number indicates which section, i.e. Lecture 0101 and Tutorial 0102 "99" denotes an online offering, i.e. LEC9901

All courses have a lecture (LEC) meeting section. If there is more than one lecture section, select the one that is offered at the time most convenient for your schedule. If a course listing also includes practicals (PRA) and/or tutorials (TUT), select one of the practicals and/or tutorials that is most convenient for your schedule. Some courses have both practicals and tutorials. In those instances, you must select one of each.

Prerequisites, Corequisites, Exclusions

Students are responsible for checking prerequisites, corequisites and exclusions, which are listed in the Academic Calendar for each course, before enrolling in courses. Be aware that prerequisites and corequisites are not checked by ACORN in real time, **but they will be checked!**

Prerequisite: A course required as preparation for a higher level course. Any prerequisite listed must be successfully completed before a course is taken.

Corequisite: A course to be taken concurrently with another course. A corequisite must be taken together with the course if the corequisite has not already been successfully completed.

Exclusion: A course with content too similar to another for credit to be given to both. A student will not receive degree credit for a course that is listed as an exclusion for a course in which he/she has successfully completed or received transfer credit.

Letters of Permission

U of T Mississauga students wishing to enrol at another Canadian university and transfer those credits towards a University of Toronto degree must apply for, and be granted, a Letter of Permission (LOP) from the Office of the Registrar before enrolling at the other university. Apply at www.utm.utoronto.ca/lop. If you do not receive an LOP before you take these courses, you should apply for a transfer credit assessment at www.utm.utoronto.ca/transfer upon completion. However, there is no guarantee what, if any, transfer credit you will receive.

Courses Taken at Other Universities

If you have taken courses at another university and wish to transfer those credits towards a University of Toronto degree, apply for a transfer credit assessment at www.utm.utoronto.ca/transfer. You should seek academic advising in the Office of the Registrar to make sure that your course selections are correct and appropriate, and that none of the courses you wish to take duplicate your transfer credit.

Courses at Other U of T Campuses

You must have completed 4.0 credits at U of T Mississauga by the end of the Summer Session to be eligible to enrol in courses at other U of T campuses. If you register, but do not have 4.0 credits, you will be removed from the courses. Non-degree visiting students at U of T Mississauga may not take courses at other campuses.

If you want to enrol in courses offered at the St. George (downtown Toronto) campus or the Scarborough campus, check their respective enrolment instructions because many courses restrict enrolment and have limited space for U of T Mississauga students. You may add St. George and Scarborough campus courses from August 12 to September 19 (F & Y courses) and until January 15 (S courses).

You must follow U of T Mississauga financial and academic dates, with the exception of Late Withdrawal After the Drop Date (LWD) — consult the “Important Dates” section at the beginning of this guide.

It is your responsibility to:

- Ensure that the courses you enrol in do not duplicate, and are not exclusions for, courses you have successfully completed.
- Check with your department advisor regarding the acceptability of courses for program requirements.
- Check with the Office of the Registrar regarding acceptability of courses for degree requirements.
- **Failure to follow these steps could result in loss of credits and delay your graduation.**
- If you need to drop a course taken at another U of T campus, the U of T Mississauga fees refund schedule and deadlines apply (www.fees.utoronto.ca). Please check the “Important Dates” section at the front of this guide.

Research Opportunity Program (ROP)

The Research Opportunity Program (ROP) provides an opportunity for students to earn 1.0 full credit by participating in a faculty member's research project. Descriptions of ROP299Y, 399Y and 499Y projects will be available late February to early March of each year. Students wishing to apply for placement in ROP projects must log in to the ROPAPP using their UTORid. Access to the application is through the ROP website, www.utm.utoronto.ca/rop.

Credit/No Credit Option

Students at University of Toronto Mississauga may select up to a total of 2.0 credits to be assessed on a Credit/No Credit basis within the total number of credits required for a degree. The choice is not restricted as to year or level of course. This option is not available to non-degree students.

To achieve a status of CR (Credit), a student must achieve a final mark of at least 50%. Marks below that will be assessed as NCR (No Credit). Courses with a final status of CR will count as degree credits but will have no effect on the student's GPA. They will count as Distribution Requirements and degree credits, **but cannot be used to satisfy Subject POST requirements.**

Courses with a final status of NCR will not count as degree credits and will not be included in the GPA calculation.

The Credit/No Credit option must be chosen or cancelled on ACORN no later than the last day to cancel that course from your academic record. Eligible students may select the CR/NCR option beginning on the first day of classes of the Fall/Winter Session.

The Credit/No Credit option cannot be used for a course in which the student has committed an academic offence. If a student has specified the CR/NCR option in a course in which he or she commits an academic offence, the CR/NCR option will be revoked and the percentage grade will stand as the course grade.

Warning: Some programs specify that courses with a grade of CR/NCR will not count as part of the 4.0 credits required for program entry. Program entry requirements can be found in the Academic Calendar.

Completing Degree and Program Requirements

Earning a U of T degree requires completion of specialist, major or minor programs plus additional degree requirements. When deciding on what courses to enrol in, you can compare your academic history with your program and degree requirements by using Degree Explorer. It is best to review your academic history and meet annually with a faculty/program advisor in the relevant academic department to review program

requirements AND an academic advisor in the Office of the Registrar to review your degree requirements.

Your resource for checking course, program and degree requirements is the Academic Calendar. (Note: Departments do NOT have the authority to waive degree requirements). You will follow the **program** requirements listed in the Academic Calendar for the session that you enrolled in the program (i.e., If you enrolled in a program in the Summer of 2016, you would follow the program requirements listed in the 2016-17 Academic Calendar). Brief course descriptions are noted in the calendar and more information is available on program websites and in program or departmental handbooks. Make sure to check your program requirements each time you consider adding or changing courses, or if you consider changing programs of study.

You will follow the **degree** requirements listed in the Academic Calendar for the session you were admitted to the university as a degree student (i.e., If you were admitted to the university beginning September 2015, you would follow the degree requirements listed in the 2015-16 Academic Calendar).

Which Courses Should You Take?

Use the U of T Mississauga Academic Calendar to explore programs of study (specialist, major, minor) and degree requirements. Brief course descriptions are noted in the calendar and more information is available on program websites and in program or departmental handbooks. Use this information to select your courses. We recommend using the online calendar where you can find immediate links to detailed course information, the timetable, instructor and department websites and much more.

Space in Courses

It is the university's policy that the number of students enrolled in a course cannot exceed the capacity of the room as dictated by fire regulations. Some departments, for educational reasons, assign lower capacities than room size. U of T Mississauga makes every attempt to ensure that the room assigned will accommodate the number of students expected to enrol. Neither the Office of the Registrar nor individual course instructors have the authority to change this policy. If you are not officially enrolled in a course you do not have a right to be in the class.

Waiting Lists

U of T Mississauga offers a waiting list system to help you get into the courses you need to succeed. Waiting lists enable you to "line up" for a space that might become available in a lecture section that is full. In most circumstances, if a space becomes available and you are next on the waiting list, you will be enrolled automatically and notified at your utoronto e-mail account. Only then will the course appear on your timetable, and a charge will appear on your invoice. **Being on the waiting list does not guarantee you a space in the course. Also, you must add your own tutorial or lab sections manually by the course enrolment deadline.**

Waiting lists end on the last day to enrol which is also the last day to cancel a course and receive 100% refund of related course fees. ACORN will continue to attempt to move students from the waiting list into spaces that become available until the end of the day. If you change your mind about your desire to be waitlisted to enrol in a given course, please ensure that you cancel your request promptly to avoid any course fees. Students are responsible for all academic and ancillary course fees related to the

courses that they are enrolled in.

Wait-list courses are included in the course enrolment limit.

Full-time/Part-time Status

Students enrolled in 3.0 credits or more in the academic year (September to April) are considered full-time. Students are considered part-time if they are enrolled in 2.5 or fewer credits. To be considered full-time for OSAP purposes, see the chart on page 33.

Understanding Enrolment Controls

While most courses are open to any students who have met the prerequisite requirements, in any program of study and in any year, some courses have enrolment conditions that control how students enrol in a course and/or which categories of students are permitted to enrol in that course. A course with enrolment controls will be listed in the time-table with a letter code next to the course name (i.e. [P], [P1], [R], [A]). The code will be linked to additional information describing how to enrol and which categories of students are allowed in.

Enrolment control categories may be based on one or more of the following:

- **Admission category** (e.g. first-year studies in Life Sciences)
- **Subject POSt** Specialist, Major or Minor in which you are enrolled. (When a Subject POSt is used as an enrolment control, you must be actively enrolled in that Subject POSt before you will be permitted to enrol in that course.)
- **Degree POSt** (e.g. HBSc).
- **Year of study** (based on the number of credits you have passed plus any that are currently in progress at U of T, plus any for which you have already received transfer credit)
- **Associated Organization** (U of T Mississauga)

Enrolment Control Instructions

Detailed enrolment control instructions for any given course may be found on the online timetable by following the link from the enrolment control indicator, such as a [P]. The symbol is found after the course title.

If no enrolment control indicator is shown, the course may be selected by all U of T Mississauga students who have appropriate prerequisites. Students from other campuses may enrol in these U of T Mississauga courses beginning August 12 if there is still space.

If an enrolment control indicator is shown, follow the link from the “Enrolment Control” indicator to obtain specific information about enrolment in the course. The enrolment controls instructions page will provide details on how to enrol in the course, who may enrol in the course and when.

Most courses may be added without further steps using ACORN, even if enrolment is restricted to certain groups of students at different times.

Some courses require further approval to complete your enrolment. These courses may still be added using ACORN, but will appear with an **interim** status until reviewed.

Courses with an interim status do not appear on student invoices or timetables. For example, if you enrol in PSY379H5 your status will show as **interim** until the department

reviews the list of enrolled students and makes enrolment decisions. After departments review the requests, they assign a status of **approved**, **refused**, or **cancelled**. It is the responsibility of the student to check the status of a request.

Once a course is **approved**, the course fee will be added to your account and enrolment is complete. If a course is **refused**, no charges will be incurred. The course will remain on the student's course list for the session as **refused**, and the student will be blocked from enrolling in the course in that session.

If a course is **cancelled** by the university, no charges will be incurred and the course will be removed from the student's course list for the session.

A few courses are unavailable via the ACORN system. Typically, these courses are independent project or reading courses which are added to ACORN by the department or Office of the Registrar, after the student obtains appropriate approvals.

Some courses and/or practicals and tutorials appear on the timetable as "Closed." Students may not enrol in closed tutorials/practicals using ACORN until the courses are opened.

These closed courses/tutorial/practicals may be placed on the timetable by departments:

- as placeholders to hold a room reservation and time slot in case enrolment in the course grows to a level where extra lectures/tutorials/practicals are needed, OR
- for delayed enrolment, such as certain practicals/tutorials which are only opened after the first class meeting, OR
- for students to enrol on Blackboard as per notes on the course timetable.

Students may only enrol in lectures/practicals/tutorials that are available. Please do NOT rely on "Closed" sections becoming available. Sections will be opened only if demand warrants.

Check the online timetable frequently for the status of closed courses/tutorials/practicals, if the timing of a particular section works better in your schedule than the available sections.

ENROLLING IN CLASSES

When to Enrol

The first round of enrolment in U of T Mississauga courses is limited to U of T Mississauga students only. Each degree student is provided with a start day and time for course enrolment. This allows a staggered enrolment schedule to spread the system load on ACORN.

Your start date is based on your year of study. Your year of study is defined by the total number of credits you have earned, or expect to earn, by the end of August 2016. Within each start date, a start time is also assigned which gives priority to students with the greatest number of credits in each "Year of Study." For example, students in Year of Study 3, with a credit count of 13.5 can expect to enrol at the beginning of the day while those with 9.0 credits will start later in the day.

Enrolment Start Times & Dates

Year of Study	View Enrolment Start Times	First Day of Enrolment
Fourth - at least 14.0 credits	May 16	May 19
Third - 9.0 to 13.5 credits	May 30	June 2
Second - 4.0 to 8.5 credits	June 13	June 16
First - 0.0 to 3.5 credits	July 4	July 7
Non-degree/Visiting	N/A	Aug. 5
UTM students can in enrol in St. George/UTSC courses	N/A	Aug. 12

Please note you will not be able to access course registration on ACORN until your start time on the first day of course enrolment for your year of study. **Remember, don't delay. Courses fill up quickly.**

Conflicting Courses

In order to succeed, students must fulfill the attendance requirements of each class as set by the professor on the course syllabus. When you are planning your schedule, **do not enrol in two or more courses, tutorials or practicals that are held at the same time.** Where a student has enrolled in courses held at the same time, no special accommodation will be made (e.g. conflicting tests, lecture material, in-class participation, labs, etc.).

How to Enrol

1. Go online to ACORN: www.acorn.utoronto.ca
2. Login using your UTORID and password.
3. Go to "Enrol & Manage" and follow the instructions. Use the online calendar and timetable for reference:
Calendar: www.utm.utoronto.ca/regcal
Timetable: www.utm.utoronto.ca/timetable

When enrolling in your courses on ACORN, you will need to know the activity code (i.e. ANT101H5), session code (i.e. F, Y or S), meeting section (i.e. LEC) and 4-digit section number (i.e. 0101) to identify your choice(s). If there is a practical or tutorial section assigned to the course, you may be required to add it as well (see the timetable for any special instructions: www.utm.utoronto.ca/timetable).

ACORN does not block/prevent course time conflicts, so plan your schedule carefully. You may not get into all of your first choice courses so you should also note acceptable alternatives for your preferred classes.

Late Registration

A late fee of \$44 plus \$5 for each additional weekday will apply to any student who is required to reinstate their registration after being removed from courses for non-payment of fees or for students who enrol in courses for the first time as of:

- September 1 for Y and/or F courses
- December 13 for S courses only

DECLARATION OF ABSENCE FOR ANY REASON

You are required to declare your absence from a class for any reason through your ACORN account in order to be considered for academic accommodation for any course work such as missed tests, late assignments, and final examinations. Absences include those due to illness, death in the family, religious accommodation or other circumstances beyond your control.

In addition, you must also follow the absence policies of the department and the instructor, which may require additional documentation.

You declare absences via your ACORN account on the day of your absence (or by the day after, at the latest) under the section "Absence Declaration." Once you have submitted the required information, you will be redirected to specific U of T Mississauga course policies regarding academic accommodation, which may include submission of an official "Verification of Student Illness or Injury" form or other documentation.

In addition to using the Absence Declaration on ACORN, you are required to submit proper medical or other documentation to support a formal petition for deferred exams. You should consult with the Office of the Registrar if the period of absence will be lengthy and affect more than one course.

ADDING AND CANCELLING COURSES

Cancelling Courses and Fee Implications

If for any reason you decide that you do not want to be enrolled in a particular course, you must drop it as soon as possible. Staying enrolled in a course you do not want could prevent another student from gaining access to that course, and it can cost you money. It may also result in the course remaining on your permanent academic record. Use ACORN to drop a course.

You will be responsible for any fees and academic penalties incurred if you do not cancel courses by the appropriate deadline. Pay close attention to the difference between REFUND deadlines and ACADEMIC deadlines. They are listed in the Important Dates section at the front of this guide.

Walksafer
"BE SAFE, WALK SAFE"
UTM (905) 607-7233

Walksafer is a security escort service for U of T Mississauga community members (including students, employees and visitors) who prefer not to walk alone on campus after dark.

Dial 905-607-SAFE (7233) to request an escort during the evening and night hours, from September to May.

Deadlines

An **Academic Deadline** is the last date to drop a course from your academic record and GPA.

F course	Y course	S course
November 9	February 21	March 12

Late Withdrawal after the Drop Date (LWD)

After the above dates, and up until the last day of classes, students may apply online (registrar.utm.utoronto.ca/student/LWD) for Late Withdrawal after the Drop Date (LWD).

Cancelling Your Registration for the Fall-Winter Session

Should you decide to cancel all of your courses in the Fall-Winter Session, ACORN will inform you that this is your last course in the session and ask if you would like to cancel your registration. If you are sure that you do not intend to enrol in other courses in fall or winter of the 2016-17 session, cancel your registration. Cancelling your registration will trigger a refund of incidental fees if you do so within the time frames shown at www.fees.utoronto.ca. Note that cancelling your registration affects only the current 2016-17 session and does not impact your ongoing status as a U of T Mississauga student. To return as a student after being away for 12 months, please see "Reactivation of Student Record" in the Academic Calendar.

Maximum/Normal Course Load

The maximum number of credits that can be taken in the Fall-Winter Session is 6.0 (with a maximum of 3.0 credits per academic term.) A normal and recommended course load for the Fall-Winter Session is 5.0 credits, which will allow students to complete a 20-credit undergraduate degree in four years. (Some students choose to take 4.0 credits in the Fall-Winter Session and 1.0 credit during the Summer Session.)

During the first enrolment period for the Fall/Winter Session, students are able to enrol in 5.0 credits. During the second enrolment period, students will be able to add an additional 1.0 credit for a total of 6.0 credits. Note that the weight of waitlisted courses count in the total number of credits that students are allowed to enrol in.

To take more than 6.0 credits (or 3.0 credits per term) in the Fall/Winter session, students must submit an online course overload petition (registrar.utm.utoronto.ca/student/petitions) and receive approval prior to registration and no later than the first day of classes. The Office of the Registrar will make every effort to consult with students at risk of being removed from courses. Students enrolled in more than the maximum course load without prior petition approval, may have the last course(s) that they were enrolled in removed from their course load for that term.

Students who have a minimum CGPA of 1.85 and who may be eligible to graduate in June 2017 will be considered for a course overload. Consideration may be given to those students with a minimum CGPA of 2.70 with mitigating reasons for requiring a course overload. Students will not receive special consideration of any kind because of a course overload. To calculate course loads, students need to consult the course timetable, www.utm.utoronto.ca/timetable, to determine when the course is offered and the duration of the course.

Last Date to Add a Course or Section

The last date to add an F or Y course or change a section in an F or Y course using ACORN is September 19, and January 15 for an S course.

The last day to enrol is also the last day to cancel a course and receive 100% refund of related course fees.

Waiting lists end on the same day and ACORN will continue to attempt to move students into spaces that become available until the end of that day. If you change your mind about enrolling in a given course, be sure to cancel the course promptly. Students are responsible for all academic and ancillary course fees related to the courses that they are enrolled in. Following the last day to enrol, petitions for late enrolment will only be considered under exceptional circumstances.

INVOICING AND METHODS OF PAYMENT

Academic Fees

Pay your fees through the bank or via credit card on ACORN by August 16.

Remember, becoming “Registered” involves both enrolling in courses and paying (or deferring) your fees. **If you miss the August 16 deadline, you will need to submit your proof of payment to the Office of the Registrar** online (www.utm.utoronto.ca/forms) or in person to have your status changed to “Registered.” If your status is not updated from “Invited” to “Registered” by August 30, you will be removed from your courses on August 31 and your status will be marked as “financially cancelled” for the Fall-Winter Session.

Fee Deferrals

You may be eligible to defer your fee payment if you will be receiving OSAP or other government student loans, or a scholarship that is equal to or larger than your Fall term fees. Students must not have any outstanding fees from a previous session in order to be eligible for a fee deferral.

Fee Deferrals: OSAP and other Government Loans

If you are unable to pay the minimum balance of your tuition fees before the start of classes and have applied for OSAP or other government loans, you may apply for a fee deferral. Once you have received your Notice of Assessment (either by paper or online), you may request a deferral through your ACORN account.

If you are receiving other provincial loans, you must bring your out-of-province Notice of Assessment to the Office of the Registrar to request fee deferral. The first day to defer fees is listed in the front of this guide. Service charges will apply to late payments. See chart on page 31 for payment and service charge dates.

Fee Deferrals: Scholarships

If you are unable to pay the minimum balance of your tuition fees before the start of classes AND have received notification that you will be receiving a scholarship that is equal to fall fees, you may request to have your fees deferred based on your scholarship. In order to request this type of deferral please bring your confirmation of scholar-

ship funding (i.e. award letter) to the Office of the Registrar.

How are Fees Determined?

Fees are determined by the number of credits you take and by the program you are enrolled in. Compulsory ancillary fees are also paid by all students for incidentals and ancillary services. The Fall-Winter 2016-17 fee schedule will be posted at www.fees.utoronto.ca. **If you are not enrolled in any courses but have put yourself on a course waitlist, please consult the Office of the Registrar regarding fee payment.**

Fee levels are based on the normal length of time for a full-time program, i.e. 4 consecutive years for a BBA/BCOM/HBA/HBSC and five for CTEP students in the joint HBA/HBSC/BEEd program. When determining which fees apply to you, look for the description on the Fees website (www.fees.utoronto.ca) that matches your degree, Subject POST and year of entrance to the university. If you stay for more than the normal length of time for your program, your tuition fee levels may be higher than you expect in the following years. International students are charged higher tuition fees than domestic students. To determine whether you may be eligible for an international fee exemption visit www.fees.utoronto.ca.

Fees Invoices

Your fees invoice and student account info are available on ACORN. Your account number is displayed on the top, right-hand corner. Should you require an invoice (to take to the bank to make an in-person payment, for example), print the invoice as it appears on your ACORN account.

Methods of Payment

Tuition fee payments **cannot** be made at the Office of the Registrar. Please allow at least three to five business days for bank or credit card payments to appear on ACORN. Payments made outside of Canada will take at least 10-14 business days to appear on ACORN. Payments can be made using one of the following methods:

(1) Online & Telephone Banking

The quickest and most convenient method of paying your fees is through online or telephone banking. Set up "University of Toronto" as a bill to be paid on your online bank account. Your U of T account number is located on the top right hand corner of your ACORN financial account (invoice format). Keep a record of the payment transaction as your proof of payment. It must show the amount paid, the payment date, and your U of T account number.

(2) Paying at the Bank

If you pay in person at the bank, you will need to bring a printout of your fees invoice from your ACORN account. Keep your stamped bank receipt; it is proof that your fees have been paid.

(3) Payment from Outside Canada

Western Union GlobalPay is available to students from outside of Canada who wish to make a Canadian dollar payment in the currency of choice at a local bank. There are no transaction charges from Western Union or the University of Toronto. Payments must be accompanied by the student's name and account number in order to avoid delays in payment processing. For details visit www.fees.utoronto.ca.

(4) Faculty/Staff Fee Waiver

If you are eligible for a U of T faculty/staff fee waiver, complete a fee waiver form found at www.hrandequity.utoronto.ca. Before sending your tuition waiver to the Human Resources (HR) office, you must first pay your incidental fees via the bank by August 16. (If you pay between August 17 and 30, you must bring your receipt to the Office of the Registrar to have your account updated to “Registered” or you will lose your courses and your registration will be cancelled.) Send your tuition fee waiver and a copy of the receipt for your incidental fees to the HR office where the staff member is employed.

(5) Third-party Billing

If your fees are paid by an outside organization directly to the university on your behalf, send a copy of your sponsorship notification letter and your ACORN invoice to: UofT Student Accounts, 215 Huron Street, Toronto, ON, M5S 1A2. **Your letter must reach Student Accounts before August 16.**

(6) Payment via Credit Card

The University of Toronto now allows students to pay their fees with a credit card. Log onto ACORN, and find the Credit Card Payment option under “Make a Payment” in the Finances category. Read the Credit Card Payment FAQ linked to on that page for further information. A 1.75% convenience fee applies to all credit card transactions paid directly to the service provider.

(7) HigherEd Points

Friends and family of the student can convert Aeroplan Miles and TD Travel Rewards Program points into \$250 worth of credits towards the student’s fees. Visit HigherEdPoints.com for information about how to join, redeem loyalty points, and transfer the credits to the University of Toronto. It will take 3-5 business days for the payment from HigherEdPoints to be transferred to the University of Toronto and posted to your ACORN/ROSI account.

Fee Refunds

Dropping courses before deadlines will generate a full or partial refund of fees depending on when you drop your courses. A refund is determined by the date your course is cancelled on ACORN. Always “review” your courses after changing your schedule to ensure that you have done so correctly. **An exception to the refund schedule is normally only considered if there is evidence of an error made on the part of the university.**

If there is a credit balance on your financial account, you can sign up for refunds by “Direct Deposit” on ACORN or the Office of Student Accounts will send a refund cheque to your mailing address.

Academic course drop deadlines are not the same as financial refund deadlines. In fact, the academic drop deadlines (see pages 3 to 6) are much later than the refund deadlines and have no financial impact.

Health and Dental Opt Out

You can opt out of the student union Health and Dental Plan (and have fees refunded) if you have a separate family/private plan. The opt-out period generally happens in September and early October, and refund cheques are normally mailed by March. For more information visit www.utmsu.ca. Proof of alternate coverage is required.

University Health Insurance Plan (UHIP) for International Students

UHIP is a compulsory health plan for all international students. Download your card at uoft.me/uhip in August.

Meal Plan and Residence Fees

For details on costs, please visit www.utm.utoronto.ca/housing and www.utm.utoronto.ca/food.

Late Payments

If you pay your fees between August 17 and 30, you will need to submit your proof of payment to the Office of the Registrar online (www.utm.utoronto.ca/forms) or in person to have your status changed to “Registered.” This is the only way you can ensure your registration is completed prior to August 31 (the day incomplete registrations are cancelled and students are removed from courses). **It is always best to ensure your fees are paid well in advance of any deadlines.**

Outstanding Fees

Fees that remain unpaid by the published deadlines will incur a monthly service charge of 1.5% compounded (19.56% per annum). Consult the chart below for payment and service charge dates.

Students with outstanding financial obligations to the university must pay their fees in full before registering in the next academic session. Payments will first be applied to outstanding university debts and then to current fees.

Information on sanctions for outstanding fees is available at www.fees.utoronto.ca.

How Do I Know if I'm Registered Correctly?

Your registration is complete if your status is shown as "Registered" on ACORN. If your status says "Invited" you are not registered and need to pay or defer your fees (and possibly show proof of payment) so that you do not risk losing your courses.

OSAP AND GOVERNMENT LOAN PROGRAMS

Ontario Student Assistance Program (OSAP)

OSAP is a needs-based Ontario government student loan and grant program designed to assist with the cost of postsecondary education. For eligibility criteria and to apply, go to www.ontario.ca/osap.

Loan and grant programs outside of Ontario

Students from other Canadian provinces and territories should visit www.canlearn.ca for student loan programs offered by their home province.

Students must be enrolled in an adequate number of courses and have PAID or DEFERRED their fees in order for their student loan funding to be disbursed starting in September. If you have not paid or deferred your fees by August 30, you will be removed from your courses on August 31 and will not be eligible for disbursement of student loans. Fee deferrals will not be granted if you have an outstanding tuition balance from a previous session.

OSAP: Academic Progress

Students must meet OSAP's Academic Progress requirements to remain eligible for future funding, keep the status of their loans interest-free, and avoid overpayments. Students who are at risk of not meeting OSAP's academic requirements should speak with a Financial Aid Advisor to review their options.

To ensure continuing OSAP support, students must remain in 60% of a full course load (1.5 credits per term). Students with a documented permanent disability are required to remain in 40% of a full course load (1.0 credits per term). Students must also successfully complete a minimum number of credits. These requirements are shown in the chart below.

Period of Study	General Requirements		Requirements for students with documented permanent disabilities	
	Minimum Credit(s) required to receive OSAP	Must Pass	Minimum Credit(s) required to receive OSAP	Must Pass
September to April	3.0*	3.0	2.0	2.0
September to December	1.5	1.5	1.0	1.0
January to April	1.5	1.5	1.0	1.0

* 1.5 credits per term.

Changes to Income and Course Load

Students are responsible for reporting any changes in their income and course load to OSAP by submitting an OSAP Change form (www.utm.utoronto.ca/forms) to the Office of the Registrar.

Students who drop courses to below the minimum number of required credits shown in the table above should speak with a Financial Aid Advisor.

OSAP Reviews/Appeals

Students may submit requests for OSAP reviews/appeals to the Office of the Registrar. A list of OSAP reviews and associated forms can be found on the OSAP website (www.ontario.ca/osap).

Students who rely on OSAP or other government loan programs should be aware that retroactive charges are not automatically considered in an assessment. However, OSAP may consider retroactive fee charges on request. **Students who rely on financial aid are advised to speak with a Financial Aid Advisor before enrolling in a deregulated Subject POST.**

UTAPS and UTM Undergraduate Grants

University of Toronto Advanced Planning for Students (UTAPS) and University of Toronto Mississauga Undergraduate grant funding are disbursed during the fall/winter academic session. Click on the acronyms for more info on **UTAPS** and **UTM** grant funding.

FEES FOR DEREGULATED PROGRAMS

Information for Students in Deregulated Fee Programs

Program fees are assessed when a student is registered in a specialized deregulated fee program, and enrolls in a minimum number of credits.

Students who are in the Commerce Specialist or CTEP, are charged a flat program fee if enrolled in 3.0 credits or more, and a deregulated per course fee if enrolled in 2.5 credits or less.

Students who are in Bioinformatics; Commerce (major); Communication, Culture, Information & Technology (CCIT); Computer Science; Digital Enterprise Management; Human Resource Management and Industrial Relations; Information Security; Interactive Digital Media; Management; and Visual Culture and Communication are charged a flat program fee if enrolled in 4.0 credits or more, and a deregulated per course fee if enrolled in 3.5 credits or less.

Students with a documented, permanent disability who are registered with the AccessAbility Office, may opt to pay the deregulated per course fee instead of the deregulated program fee by speaking with the AccessAbility Office.

Students who accept a deregulated program Subject POST (Program of Study) will be back-charged deregulated fees for all courses commencing with the session after 4.0 credits were completed.

Deregulated Program Refunds

Refund deadlines for deregulated programs are different from the refunds for regular programs. For all financial deadlines please check the Student Accounts website at www.fees.utoronto.ca.

Various deadlines generate a full or partial refund of fees depending on when courses are dropped. A refund is determined by the date a course is cancelled on ACORN. Always review your courses after changing your schedule to ensure that you have done so correctly.

Academic course drop deadlines are not the same as financial refund deadlines. In fact, the academic drop deadlines (see Important Dates on pages 3 to 6) are much later than the refund deadlines and have NO financial meaning.

Students are **not** refunded the deregulated fees they have already paid if they choose to withdraw from a deregulated program in their upper years.

Course Load Changes

Until the end of the Fall Term's 100% refund period (September 19), if you add and cancel courses, your fees are adjusted accordingly. As of September 20, however, your fee assessment (either program fee or per-course fee) in the Fall-Winter Session is frozen.

If you are eligible to add or cancel enough courses to change your fee assessment up to the last day to add an S course (January 15, 2017), you must talk to the Office of the Registrar to have your fees adjusted accordingly. Any changes made after the last day to add an S course will not affect your fees. It is important for you to determine at an early stage whether your fees assessment will be program fee or per-course fee. Because of the way the refund schedule works, changes from program fee or per-course fee can result in a significantly higher fees assessment than if you started the session as a per-course fee student with the same course enrolments.

Examples

Example 1: Back Charging Fees After Adding a Subject POST After Completing 4.0 Credits

Student "A" completes her first 5.0 credits in the Fall-Winter Session. She then completes another 1.0 credit in the Summer Session. Student "A" has requested Subject POST ERMAJ2431 (Major in Management) and is approved. She adds ERMAJ2431 to her Subject POSTs in August of the same year, but because she completed her fourth credit in the Fall-Winter Session, she is now responsible for paying the deregulated tuition in every subsequent session regardless of when she adds the deregulated Subject POST.

In this case, because she did not add her Subject POST until after the Summer Session was completed, she will be retroactively charged the higher tuition fee for her summer course.

Example 2: Back Charging Fees After Adding a Subject POST in Upper Years

Student "B" completes 5.0 credits in her first year of studies. She enrolls in a non-deregulated program, and returns to complete another 5.0 credits in her second year.

At the end of second year she decides to change her program and applies for a Major in Computer Science. In July, she accepts the invitation to the Computer Science Major

Subject POSt. She is now in a deregulated program and will be charged deregulated fees. She will also be back-charged deregulated fees for all courses completed starting with the session after her fourth credit was completed, regardless of whether the courses she completed were part of the Computer Science Program. Her fourth credit was completed in first year. The session after would be the Summer or Fall-Winter session in which she next registered in courses.

As a full-time student she would be back-charged the Computer Science deregulated program fee for her second Fall-Winter Session. The difference between what she originally paid for that session and the deregulated program fees for that it, will be added as an outstanding balance to her account.

Example 3: Course Load Changes

Student "C" and Student "D" are enrolled in deregulated programs and both are registered in 4.0 credits (program fee). Student "C" decides to drop 1.5 credits on the last day to add/drop F/Y courses. Student "C" is now registered in 2.5 credits (per-course fee). Since she dropped the courses by the 100% refund deadline, she will not incur any penalties and her fees will be recalculated automatically to deregulated per-course fees.

Student "D" decides to drop 1.5 credits the day following the last day to add/drop F/Y courses. Student "D" is now registered in 2.5 credits (per-course fee). Student "D" has missed the 100% refund deadline, and is now in the 50% refund period. As a result she will need to notify the Office of the Registrar at which point her fees will be reassessed. She will be charged 50% of the program fee and charged 50% of the cost of 2.5 credits in a deregulated program and will obtain a significantly smaller refund than her friend, Student "C."

Concurrent Teacher Education Program (CTEP)

Although not a deregulated program, the fee structure for the **Concurrent Teacher Education Program (CTEP)** also differs. Students who wish to transfer out of the CTEP program into an HBA/HBSC should consult an Academic Advisor in the Office of the Registrar and/or the CTEP Co-ordinator. Any request to be transferred out of CTEP must be filed in writing to the CTEP Co-ordinator **BEFORE** September 19 to have Fall-Winter Session fees adjusted.

EXAMS

Students are expected to be available throughout the entire scheduled exam period.

Exam Conflicts

U of T Mississauga students who have one or more of the conflicts listed below should submit an online conflict reporting form (www.utm.utoronto.ca/forms) to the Office of the Registrar by the deadline listed on the U of T Mississauga examination schedule.

- Two University of Toronto final examinations in the same time slot.
- Three consecutive final examinations (e.g. 1 p.m. and 5 p.m. on a Monday, and 9 a.m. on a Tuesday). Note: This accommodation does not apply to the deferred exam period.
- Three examinations on one day.

Accommodation for Religious Reasons

Requests for religious accommodation during exams must be submitted online (www.utm.utoronto.ca/forms) no later than the deadline posted on the exam schedule.

Study Breaks

Study Breaks are scheduled immediately following the last day of classes and before exams.

During study breaks:

- Optional review sessions may be held; no new content may be introduced
- Students will be allowed to hand in assignments, at the discretion of the instructor.
- Make up tests may be held
- Term tests may not be held
- Instructors may offer extended office hours, at their discretion.

Petitions for Deferred Exams

The examination period is published well in advance and students are expected to be available during this period. Students who make personal commitments during the examination period do so at their own risk.

In case of illness or severe hardship at the time of an examination, you should:

- consider not writing the exam
- seek medical attention immediately and submit to the Office of the Registrar original official supporting documentation (see below).
- declare your absence on ACORN, and
- petition to defer the examination. Students cannot re-write an examination that they have already attempted.

Upon approval of a deferred exam request, a non-refundable fee of \$70 is required for **each** exam approved.

Students who cannot write a final exam due to illness or other serious causes must declare their absence on ACORN and file an online petition **within 72 hours of the missed examination**. Original supporting documentation and payment of a deferral fee must also be submitted to the Office of the Registrar **within 72 hours of the missed exam**.

Supporting Documentation for Petitions

It is the responsibility of the student to provide medical or other supporting documentation. Any cost incurred in obtaining documentation (e.g. a doctor's note) is the responsibility of the student. Petitions must be supported by original documentation; photocopies and faxes are not acceptable.

If illness is cited as the reason for the petition, it must be accompanied by an original U of T Verification of Student Illness or Injury form (available at www.utm.utoronto.ca/forms) stating that the student was examined and diagnosed at the time of the illness and, in the case of exams, on the day of the exam or immediately after (i.e. the next day), and must indicate a serious degree of incapacitation on academic functioning (e.g. unable to attend classes, write a test/examination). A statement from a physician that merely confirms a report of illness and/or disability made by the student is not acceptable.

If support has been obtained from someone other than a practitioner listed on the U of T Verification of Student Illness or Injury form then a Verification of Extenuating Circumstances form (www.utm.utoronto.ca/forms) is acceptable.

Other documentation can include, but is not limited to: letter of support from AccessAbility, automobile collision or police reports, death certificate, and supporting documentation from employers, lawyers and other related personnel.

Deferred Exam Schedule

Students who miss a final December exam will write a deferred exam (if they have successfully petitioned) during Reading Week in February. Students who miss a final exam in April will write a deferred exam (if they have successfully petitioned) during the week following the regular exam period.

Unauthorized Devices

All electronic devices with storage, including but not limited to, cell phones, tablets, laptops, calculators, and MP3 players must be turned off, sealed in the clear, plastic bags provided and placed under the desk for the duration of the examination.

YOUR CODE OF CONDUCT

The university requires that you conduct your academic and personal life with:

Honesty and Integrity...

in all aspects of your university career. All documents and personal information submitted to the university prior to, and throughout, your studies must be accurate and true. Your academic assignments must be the result of your own work. Academic dishonesty will not be tolerated and may result in severe academic sanctions.

Responsibility...

for your own actions and obligations. You control your learning process and rate of progress.

Respect...

towards others and yourself. Treat the U of T Mississauga community with respect; help

to keep the campus clean; be polite to your fellow students, staff and faculty.

Commitment...

to your academic work. You will need to study three hours for every one hour of class time. Attend class. There are no shortcuts. Start early and succeed.
