Message from the Traditional Indigenous Aboriginal Elder, Cat Criger

We would like to acknowledge the land and the territory that the University of Toronto Mississauga sits on. We recognize the most recent caregivers of this land, the Mississaugas of the Credit, as well as the countless Indigenous peoples that have walked this land since the last ice walls moved back some 13,000 years ago, including the Huron-Wendat, Anishinaabe, Haundenosaunee, Cree, and the many tribes that still share this land.

We honour and respect the ancestors, caregivers, and Indigenous peoples. There's always been a responsibility among the Indigenous peoples to care for the land in a good way and to respect all who walk here for how they walk, talk, dress, pray, carry on relationships, and the spiritual views they hold sacred. This respect must be mirrored among all peoples that now inhabit Turtle Island and the entire globe.

We welcome all peoples to this campus to benefit from the wealth of knowledge and wisdom that is shared here. We hope that during your time at the University you take advantage of the opportunities available inside and outside the classroom.

_Cat Criger_
Traditional Indigenous Aboriginal Elder, U of T Mississauga

ICCIT Council

The ICCIT Council is the official award-winning academic society representing students in the Institute of Communication, Culture, Information and Technology (ICCIT) department & program specializations at the University of Toronto Mississauga. We serve the interests of the ICCIT student body through creative & professional skill workshops, professional speaker series, fun socials, amazing networking events, stimulating conferences and engaging competitions. We are here to help students in ICCIT and beyond achieve their dreams.
HEALTH & COUNSELLING CENTRE

We’re your partner in achieving physical, emotional, and mental wellbeing while studying at UTM. Our Centre is staffed by a student-friendly team of health professionals that include: family doctors, psychiatrists, nurses, personal counselors, a registered dietitian and wellness ambassadors. Our goals include helping you achieve good mental and physical health, encouraging and educating about positive lifestyle changes, and generally supporting students in being happy, healthy and well.

We provide medical services similar to those of your family doctor’s office, and our personal counsellors offer short-term, solution-focused counselling and therapy services. We can also provide information to assist in accessing community resources when more complex and/or long-term care are needed.

The HCC’s services are available to all registered students. OHIP, UHIP or other provincial health plan coverage is required to see a physician. Appointments are made in advance by calling or visiting the Centre, however we can generally provide medical first aid and crisis support with same-day appointments, and frequently accommodate same-day medical appointments. All HCC services are confidential.

We provide a range of Work-Study and volunteer opportunities for students through the UTM Wellness Ambassadors Program. The UTM Wellness Ambassadors aim to provide students with information, tools, and resources to empower them to make healthy choices in support of their personal and academic goals. Being an Ambassador will provide opportunity to develop new skills, meet new people, learn about personal wellbeing, and give back to the UTM community.

OFFICE OF STUDENT TRANSITION
The Office of Student Transition offers students and their families a comprehensive set of engaging and informative programming that will support students' academic and social transition to and through UTM. Through our programming you will make friends, discover resources, gain academic skills, and feel connected to UTM. We offer new student programming (O-Week, LAUNCH, utmONE, utmONE Scholars, Guardians of UTM, Academic Coaching, and Eagle2Eagle), upper-year/all-year programming (REACH, Exam Jam, Emerge@UTM, and UTM Time Tracker), and parent and family programming (orientation, workshops, and newsletters).

utmONE
utmONE offers theme-based, for-credit courses that emphasize academic skill-building and expectations through the lens of an engaging topic. Additionally, a series of tutorials will introduce you to essential elements of a well-rounded student experience.

utmONE Scholars
utmONE Scholars provide small and interactive seminar experiences to a select group of high academic achieving first-year students. Through engaging and intellectually stimulating subjects of study, first-year students develop critical thinking and communication skills. University level research skills are also taught.

LAUNCH
LAUNCH is a peer-mentoring program that supports students’ transition and academic success. LAUNCH is a series of engaging and interactive weekly sessions taught by academically successful upper-year student mentors (Launch Leaders) enrolled in your academic discipline.

Did you know Lislehurst was built using stone from the Credit River?

Tucked away at the end of Principal’s Road, and guarded by stone pillars and private property signs, stands an important marker of UTM’s — and Canada’s — heritage. Lislehurst, the home of many UTM principals, is a Tudor-style house built on the land originally granted to the family of historic Sir Isaac Brock.

CFRE is a student-run radio station, broadcasting at 91.9 FM in Mississauga, Ontario. It is the official campus radio station of the University of Toronto Mississauga with its first broadcast in 1970. CFRE offers volunteer opportunities and hosts musical events throughout the year. Make sure to check them out or listen at:

ROBERT GILLESPIE ACADEMIC SKILLS CENTRE

The Robert Gillespie Academic Skills Centre (RGASC) is a hub for academic skills development on the University of Toronto Mississauga campus. We are here to support students in their efforts to enhance their academic skills and increase their understanding of their disciplines. We offer the following kinds of support to undergraduate students:

One-to-one Appointments

One-to-one appointments focus on writing, numeracy, and general academic skills. You can bring your work-in-progress from any course you are taking at UTM. We can help you learn to interpret assignments, read texts effectively, take notes, form a strong thesis or research question, construct a coherent argument, organize your paper, use and document sources properly, revise your drafts, and improve grammar and style. We don’t “proof-read” papers for you, but we will help you learn to identify and correct problems of grammar and syntax. You can book appointments online, or visit us in person during designated “drop-in” times.

Workshops and Retreats

- On Demand Workshops: You can request a workshop from a list of sample topics and we will try to schedule it at your preferred time. Sample workshops topics include “Multiple Choice Exam Preparation”, “Time Management” and “Critical Reading”.
- The Elements of Academic Writing Workshop Series: A series of eight workshops that leads participants through the writing process, from understanding the assignment all the way through to editing and revising the paper once it is written. Participants are eligible to receive Co-Curricular Record recognition on their transcripts.
- Professional English Language Skills Series: A series of eight workshops focused on improving students’ spoken and written English language and academic skills. These workshops are intended primarily for students who have English as a second or additional language, though all students are welcome to attend. Through participation in engaging weekly activities that promote confidence and comprehension, students will learn how to use and apply academic language as well as to create accurate grammatical structures necessary for success in written tasks.
- Writing Retreats: Weekly opportunities to sit and write in the company of others. These informal gatherings provide a quiet space for students to write and get feedback from a Writing Instructor while doing so. Snacks are provided. The Fall 2017 schedule will be posted on our website in August.

Our goals are to help you understand the keys to success and develop the skills you need to enhance your academic performance. We look forward to working with you!

STUDENT HOUSING & RESIDENCE LIFE

Residence has over 1,400 student spaces, providing you with the most diverse range of housing options for undergraduate, graduate and professional students, and for students with families, within the University of Toronto system. In addition to on-campus residences, we also help students with their housing needs through services such as off-campus listings, roommate searches, and community and safety information.

First Year Transitional Support
All first year students living in residence are placed into an Academic Living Community based on their intended program of study. This access to specialized peer-based academic support allows for enhanced opportunities to get to know students in their courses, build a supportive community and find resources that can enable academic success. Our first year residence students are also assigned a Peer Academic Leader (PAL) who is an upper year student from their discipline that provides mentorship and guidance throughout their transition to university life.

Students are divided into small groups and are given the opportunity to attend workshops designed to enhance their academic skills focusing on topics such as study planning, learning styles, note taking, academic goal setting, professional communication and writing skills. Essential to this experience is the opportunity to participate in one-to-one meetings with their PAL, attend Facilitated Study Groups (FSGs) and engage with faculty outside of the classroom.

SEXUAL VIOLENCE PREVENTION AND SUPPORT CENTRE

The Centre works with students to offer support with:

- Navigating campus and community services
- Information about reporting options (criminal and non-criminal)
- Arranging for academic, living, and any other campus accommodations
- Accessing campus or community counselling, advocacy, legal and medical services
- Self-care strategies
- Education and training
- Safety planning

Any current student that has affected by sexual violence can access services through the Centre, regardless of whether an incident happened on or off campus, online or prior to joining U of T. Sexual violence includes physical or psychological harm based on sexuality, gender expression or gender identity and can include cyber harassment, stalking, degrading imagery, voyeurism, indecent exposure, exploitation, intimate partner violence, sexual assault, and sexual harassment.

To make an appointment, you can call, email, or drop-by the centre. The Centre will work to see you within a reasonable time. Although the Centre does not provide counselling, it can make a referral if counselling is requested. Students share as much or as little information as they would like and do not have to make a formal report or take legal action in order to access services and support.

UTM LIBRARY (Hazel McCallion Academic Learning Centre)
We are your partner in scholarly research. We have a team of academic librarians to help you, plus loads of study carrels, study rooms, casual seating, computer stations and – of course – electronic resources and books! We provide you with a vibrant, comfortable and safe environment to learn and study with friends. We are excited to meet you and hope you will come in and check out our beautiful light-filled library, meet our team of experts, and of course answer your Blackboard questions too!

UTM POSITIVE SPACE COMMITTEE
The UTM Positive Space Committee works to promote safer and more inclusive spaces for LGBTQ+ members of the University community. The composition of the committee is representative of campus constituencies including students, staff and faculty, includes members of the LGBTQ+ community and their allies, and represents a variety of skills, knowledge and experience.

The most visible symbol is an inverted rainbow triangle sticker that you will see in many places around campus. If you notice a rainbow triangle sticker on a door or an office, it is a sign that people in that office are supportive of LGBTQ+ students, staff and faculty and would welcome your questions and requests for assistance. They may not have all the answers, but they will be helpful in a general way, and can refer you to appropriate offices and services. LGBTQ+ is a collective acronym for Lesbian, Gay, Bisexual, Trans, Queer identities (including intersex, questioning, two-spirited, asexual, pansexual, as well as others).

Did you know this light celebrates an important moment in our history, when Erindale College hosted the moon rocks in 1969?

Erindale College, now UTM, hosted the first public showing in Canada of moon rock samples - a 21-gram lump and a teaspoon of moon dust in a vial - from Oct. 11-12, 1969, in the North Building.

GETTING INVOLVED

CO-CURRICULAR RECORD
Your involvement outside the classroom can now be recognized! The Co-Curricular Record (CCR) allows you to seek out involvement opportunities and have them recorded on an official U of T document. You will also be able to identify the skills and abilities you have developed as a result of your involvement, which is valuable when you meet with potential employers and articulate why your co-curricular engagement outside the classroom makes you a great candidate for employment.

Email: ccr.utm@utoronto.ca
Website: www.ccr.utoronto.ca

ULIFE RECOGNIZED STUDENT ORGANIZATIONS
At UTM there are numerous student organizations in which you can get involved. They represent a breadth of student interests in academic and career areas, social issues, faith, athletics, and much more! You can even start your own organization through Ulife. Check them out at ulife.utoronto.ca or preview a listing at www.utm.utoronto.ca/groups

Academic Societies
Academic Societies provide workshops, professional development, and social events connected to your field of study. A list of all the academic societies can be found on the Ulife website.

Student Organizations
Have something you are passionate about? Want to learn a new skill or find like-minded people? Student organizations at UTM provide ways for you to build community around a common interest. Campus groups include cultural groups, advocacy, social justice, hobby, arts and much more. You can also start your own recognized Student Organization. A list of all the student organizations can be found on the Ulife website.

Student Societies
Student societies are supported by your student fees. As a student of UTM you are automatically a part of these student societies. We encourage you to visit the Ulife website to see which societies exist and how you can become more involved with them. For example, all undergraduate students are members of the University of Toronto Mississauga Students' Union (UTMSU) and all undergraduate students are members of the Association of Graduate Students (UTMAGS).

Ulife
Ulife is a website listing a large and diverse range of student clubs, organizations, activities and opportunities on all three campuses. This website allows you to search for opportunities based on campus or interest, and a place to create a new student organization and make sure it is officially recognized by the University of Toronto.

Did you know the most popular residents on campus are the deer?

Pay attention as you stroll around campus because you might spot one of the 40 white-tailed deer! The campus has long been home to these animals, which nibble on local greenery such as maples and Virginia creepers. The deer are habituated to people, but are not tame and shouldn’t be touched.

BIKE SHARE
BikeShare is a program that allows you to rent bikes for 48 hours, free of charge! We also run a DIY repair shop, where you can get help from experienced bike mechanics to fix your own bike. We also have occasional repair workshops, bike safety checks, and group rides. BikeShare is open yearly from the beginning of May to the end of October. Volunteer opportunities are available! No experience is required, training is provided. Contact us for more information.

Places to Visit
Nature Trails
UTM is known for its lush nature trails that weave on and off campus, into Erindale Park and other surrounding areas. These trails are great for daytime runs and bike rides with friends. Start at one of the many trail entrances, like the one on Principal’s Road, and see where it takes you!
Village of Streetsville

Bike to Streetsville and enjoy the variety of bakeries, coffee shops and restaurants.

Erindale Park
The largest park in Mississauga. Erindale Park features five picnic facility areas, five barbecues, six comfort stations, a playground area, a lookout on the old dam, and a toboggan hill. The park also offers walking trails, fishing, canoeing, and views of the Credit River and ravines. The park is ideal for bird watchers, photographers and those who enjoy nature. Don’t miss the annual salmon run in mid-September!

Another aspect of the park is the David J. Culham Trail, a pathway system through a heavily forested area that provides spectacular views of the Credit River and trail ravines. The trail is particularly breathtaking in autumn, but has a special brand of peace and beauty that manifests itself throughout the year. This trail is great for daytime use by hikers, joggers, cyclists and cross-country skiers.

RECREATION ATHLETICS & WELLNESS CENTRE
As a UTM student you are a member of the Recreation, Athletics and Wellness Centre (RAWC). Your membership is covered in your tuition. Scan your T-card at our main turnstile to access the RAWC.

Facilities
Our indoor facilities consist of a dance studio, squash courts, a 25 metre swimming pool, two gymnasiums, cardio and strength training equipment, golf cages, a high performance lifting centre and a running track. Our outdoor facilities include two beach volleyball courts, two tennis courts and two outdoor fields.

Programs and Activities
We offer a wide variety of programming for individuals and groups. Drop-in activities include group fitness classes, indoor cycling, lengths swimming, open gym time for a variety of sports and access to the cardio and strength equipment.

If you are looking to learn a new activity, skill or sport, we offer a variety of instructional classes at a reduced fee for students. There are opportunities for lessons in various forms of dance, swimming, yoga, personal training, martial arts and more. These programs can be found in the UTM Student Rec and Fitness guide.

If you are a more of a team sport person, we offer opportunities in a variety of sports at all levels of competition. Campus Rec and U of T intramurals tend to be less competitive in nature. Development League (D-league) and Varsity (OCAA) sports are much more competitive and have mandatory tryouts, practices and travel.

Drop by membership services to pick up a guide, check out our website (www.utm.utoronto.ca/athletics), drop by the program office or ask one of our facility staff for more information about all we have to offer.

Crime Scene House

This house provides Forensic Science students with the unique opportunity to investigate simulated crime scenes in a realistic setting. Students learn, through hands-on activities, how to preserve, document and process the scene using appropriate equipment and procedures. The extensive outside areas around the house simulate outdoor crime scenes, such as clandestine burials and vehicle crime scenes. There are also open houses so non-forensic students can check it out too!
Did you know UTM has many self-guided nature trails with interactive QR codes?

Known as a “tree caching” trail, the tags are the work of Nimesha Basnayaka, a recent graduate of the environmental science and geography program at UTM.
