Answer: Please review the rescheduling procedures:

1. Email your opponent and notify them you are requesting to change the game time. This can be done on IM Leagues or in another preferred method of communication.
2. Contact other teams in your leagues to swap games times
3. Once the approval of all 3 team captains is confirmed for switching game times, contact the UTM Intramurals administrative staff at utm.intramurals@utoronto.ca with all team captains CC’d outlining the teams, dates and game times being switched.
4. The UTM Intramurals administrative staff will confirm the receipt and reflect the change on IM Leagues.

Question: How does my team default a game and avoid it affecting our team Performance Bond?

A: Teams must email utm.intramurals@utoronto.ca 48 hours in advance notifying of your team forfeit.

A forfeit will result in a loss for the team and will affect team standings but will not incur any financial fines.

Games cancelled less than 48 hours in advance, no shows and/or not enough having enough players will result in a default and deduction from the team’s performance bond.

Question: If the weather is bad, is my game cancelled?

Answer: If you do not receive notification of cancelled games, then all programs will continue as planned.

In the event of the University being closed due to inclement weather, ALL UTM Intramurals programs will be cancelled. Administrative staff will notify participants of game cancellations on
IM Leagues, social media and email. The UTM Intramurals administrative staff will do our best in rescheduling all cancelled games. However, there is no guarantee that the games will be rescheduled
