I will help prevent concussions by:

- Wearing the proper equipment for my sport and wearing it correctly.
- Developing my skills and strength so that I can participate to the best of my ability.
- Respecting the rules of my sport or activity.
- My commitment to fair play and respect for all (respecting other athletes, coaches, team trainers/therapists and officials).

I will care for my health and safety by taking concussions seriously, and I understand that:

- A concussion is a brain injury that can have both short- and long-term effects.
- A blow to my head, face or neck, or a blow to the body that causes the brain to move around inside the skull may cause a concussion.
- I don’t need to lose consciousness to have had a concussion.
- I have a commitment to concussion recognition and reporting, including self-reporting of possible concussion and reporting to a designated person when and individual suspects that another individual may have sustained a concussion. If I think I might have a concussion I should stop participating in further training, practice or competition immediately and report it to a UTM Recreation and Athletics Staff Member
- Continuing to participate in further training, practice or competition with a possible concussion increases my risk of more severe, longer lasting symptoms, and increases my risk of other injuries.

I will not hide concussion symptoms. I will speak up for myself and others.

- I will not hide my symptoms. I will tell a coach, official, team trainer/therapist, or UTM Recreation and Athletics Staff Member if I experience any symptoms of concussion.
- If someone else tells me about concussion symptoms, or I see signs they might have a concussion, I will tell a coach, official, team trainer, or UTM Recreation and Athletics Staff Member so they can help.
- I understand that if I have a suspected concussion, I will be removed from sport and that I will not be able to return to training, practice or competition until I undergo a medical assessment by a medical doctor or nurse practitioner and have been medically cleared to return to training, practice or competition.
- I have a commitment to sharing any pertinent information regarding incidents of removal from sport with the UTM Department of Recreation, Athletics & Wellness and any other sport organization with which the athlete has registered (Meaning: If I am diagnosed with a concussion, I understand that letting all of my other coaches and UTM accessibility services know about my injury will help them support me while I recover)
I will respect others:

- I will respect the rules of the game.
- I will respect my opponents and play fair.
- I will not fight or attempt to injure anyone on purpose.
- I will respect my coaches, officials, team trainers/therapists, medical professionals, and UTM Recreation, Athletics & Wellness Staff and any decisions made with regards to my health and safety.

I will take the time I need to recover, because it is important for my health.

- I understand my commitment to supporting the return-to-sport process (I will have to follow my sport organization’s Return-to-Sport Protocol).
- I understand I will have to be medically cleared by a medical doctor or nurse practitioner before returning to training, practice or competition.
- I will respect my coaches, team trainers, parents, health-care professionals, and medical doctors and nurse practitioners, regarding my health and safety.

If I have further questions, I will contact the Director of the Dept. of Recreation, Athletics & Wellness.
