

Information Interviews – Sample Questions

Possible questions could include, but are not limited to:

- How did you get into this field?
- How did you get your current position? What job search methods are useful in this field?
- What are the typical entry level positions?
- What skills/qualities do I need to be successful?
- Are there any courses/types of jobs/volunteer positions you would recommend as preparation for this field?
- Can you give me a description of a typical day?
- What are the challenges and rewards of your position?
- Are there associations in the field that you would recommend I join?
- Whom else might I talk to for more information?
