

Polar and High Altitude Environments

Monday, May 6 to Tuesday, May 7, 2019

NE3230

University of Toronto Mississauga

Day 1 (May 6)

9-10 AM	Ice-breaker breakfast
10-11:30 AM	Session I – Arctic Climate Modeling with Plenary talk by Dick Peletier
11:30-1 PM	Lunch break
1-2:30 PM	Session II - High-Altitude Environments with Plenary talk by Jay Quade
2:30-3 PM	Coffee break
3-4:30 PM	Session III - Cryosphere with Plenary talk by Stephen Howell
5-8 PM	Dinner (guests and select faculty)

Day 2 (May 7)

9-10:30 AM	Session IV - Contaminants in the Arctic with Plenary talk by Melissa McKinney
10:30-11 AM	Coffee break
11-12:30 PM	Session V - Paleoclimate with Plenary talk by Anne deVernal
12:30-1 PM	Short lunch
1-3:30 PM	Poster session

Each session consists of

- 45 minute Plenary Lecture
- 15 minutes for questions
- 6x 5-minute pop-up presentations by associated faculty and students

Pop-up presentations

Each participant will be invited to give a short (5-minute) talk during one of the sessions describing their research and how it connects to the workshop/session theme. This time can also be used to advertise/give a synopsis of research to be presented during the poster session. We ask that participants indicate their 1st and 2nd choice for session in which to present by the registration deadline.

Poster session

Participants may elect to present a poster during the afternoon of the 2nd day. These posters can be recycled from previous conference presentations, or can be newly produced for this workshop. We ask that participants who intend to present a poster submit a title and abstract by the registration deadline.
