Deer on campus

Centre for Student Engagement

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and the Mississaugas of the Credit.

Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
Choose from 180+ programs while tapping into a 69,000-strong alumni network spanning 113 countries.

The University of Toronto Mississauga (UTM) is a place where talent and ideas converge to meet global challenges. Our campus is known for outstanding academic quality and student success, award-winning faculty and staff, alumni who have made a global impact in numerous walks of life, and an exemplary symbiosis with our community and corporate partners. By studying here, you receive the benefits of a U of T education, including a world-renowned University of Toronto degree with the rewards of studying at a mid-sized, intimate campus.

#1 school in North America for number of research-based startups
(Association of University Technology Managers)

#1 university in Canada
(2022 Times Higher Education World University Rankings,
2022 U.S. News & World Report Best Global Universities rankings)

#1 most innovative university
(Reuters’ Top 100: World’s Most Innovative Universities)

The University of Toronto Mississauga (UTM) is a place where talent and ideas converge to meet global challenges. Our campus is known for outstanding academic quality and student success, award-winning faculty and staff, alumni who have made a global impact in numerous walks of life, and an exemplary symbiosis with our community and corporate partners. By studying here, you receive the benefits of a U of T education, including a world-renowned University of Toronto degree with the rewards of studying at a mid-sized, intimate campus.

Mississauga, with a population of 717,000, is Canada’s seventh largest city and one of its safest. Located at Toronto’s western border, Mississauga is a culturally diverse, well-planned, growing urban city with vibrant business, sports, and arts communities.

Mississauga is a lively city bursting with activities to keep you entertained and inspired. Enjoy live theatre performances at the Living Arts Centre, catch a hockey game at the Paramount Fine Foods Centre, or go ice skating on the rink at Celebration Square. As a UTM student, you receive a special bus pass to use on MiWay (Mississauga Transit) that allows you to travel fare-free at any hour, on any day while you’re a student here.

In the centre of it all is our campus, situated in a park-like setting on the Credit River, bounded by safe residential neighbourhoods, well-served by public transit, and conveniently located near major highways. Toronto, Mississauga’s next-door neighbour and Canada’s world-renowned cultural capital, is only 30 minutes away.

mississauga.ca
Community is the essence of UTM. Our campus is a place where debate is encouraged, and diversity is celebrated. To ensure a successful and fulfilling university experience, we have a variety of support services that will help you sharpen your skills, make new friends, and maintain your physical and mental wellbeing.

**SPORTS & RECREATION**

The Recreation, Athletics & Wellness Centre (known as the RAWC) is equipped with modern exercise equipment, a 25-metre swimming pool, 2 gyms, 3 squash courts, an indoor track, dance studio, and strength & conditioning centre. As a registered student, you will have access to the RAWC facilities and drop-in programs for the full duration of the session you’re enrolled in.

With a focus on diverse, equitable, and inclusive programs, such as women’s-only hours, we welcome all new UTM students to the RAWC! Join in - play, stretch, move, swim, sweat, spin, score, lift, breathe, and dunk! If you’re not sure where to begin, meet with one of our personal trainers to help you get started. We also offer a variety of student employment opportunities in areas of sport, fitness, communications, facilities, camps, and welcome services.

**STUDENT HOUSING & RESIDENCE LIFE**

UTM offers the widest variety of housing options across the University of Toronto with more than 1,500 single and double spaces in traditional-style rooms, apartments, and townhouses. Our residence units are equipped with fully-furnished bedrooms and semi-private washrooms. The best part about living on campus? You’ll always be steps away from your next class or student life activity!

Residence is guaranteed for all new full-time students entering their first year of university in an undergraduate program for the first time, provided that you complete the First Year Housing Guarantee steps listed on the Student Housing & Residence Life website.

**STUDENT GROUPS**

Want to learn a new skill or find like-minded people to do activities with? Student Groups at UTM provide ways for students to build community around their interests! Get involved in one (or more) of our 140+ Student Groups and Societies such as:

- Animal Rights Club
- Black Students’ Association
- Boss Women UTM
- Dance Team
- DECA UTM
- Fashion Club
- Muslim Students’ Association
- Women in Science and Computing

**VIRTUAL VISIT**

Enjoy a 360° virtual view of each residence type by visiting the Student Housing & Residence Life website.

Whether you want to land your dream job, conduct groundbreaking research, or start your own business, we can help get you there.

The Research Opportunity Program (ROP) lets you work one-on-one with the University’s leading faculty members on cutting-edge research projects while earning academic credit. These experiences will allow you to explore new areas of interest, build strong relationships with faculty, and learn about exciting new developments in their research fields.

[utm.utoronto.ca/experience/rop]

The Career Centre offers several ways to explore career options. You can meet with a Career Counsellor to help you get to know yourself and what career options might work for you, or you can speak directly with employers at career fairs and networking events. Log in to the Career & Co-Curricular Learning Network to find job and volunteer opportunities both on and off campus, plus full-time postings for recent graduates. You can work one-to-one with staff to plan your career and identify career options from your first year all the way to two years after you graduate.

[utm.utoronto.ca/careers]

The Experiential Education Unit (EEU) aims to enrich the undergraduate educational experience by promoting and nurturing unique opportunities and approaches to learning both in and outside of the classroom. Many academic units at UTM offer various types of experiential learning (EL) - or “learning by doing”, which may include academic internships, project-based research, field experiences, classroom-based activities, or domestic and international community engagement.

[utm.utoronto.ca/experience]

ICUBE can help you get a business idea off the ground. ICUBE is a hub for idea exploration, early-stage business development, and co-working. Entrepreneurial students are provided with expert support, resources, and access to opportunities.

[icubeutm.ca]
Our undergraduate students gain a strong foundation in arts, science, and business—with all the depth, and breadth, and rigour that a modern comprehensive campus offers, steeped in the rich scholarly tradition of one of the world’s best research universities.

During the application process, you will initially select an admission category, but are not officially admitted to your formal programs of study (Specialists, Majors, and Minors) until after you complete the prerequisites for your program(s) during your first year. You may choose a different program or programs, providing you meet all prerequisites in your second year and beyond.

You can combine programs at UTM to suit your academic interests. You may choose a different program or Majors, and Minors) until after you complete the prerequisites for your program(s) during your first year. You may choose a different program or programs, providing you meet all prerequisites in your second year and beyond.

Your degree can be built in the following ways:
- One Specialist (a large program in one subject)
- Two Majors (two medium-sized programs in different subjects)
- One Major and Two Minors (a medium-sized program and two small programs, all in different subjects)

**WHAT CAN I DO WITH MY MAJOR?**

Download our Program Plans—quick and accessible overviews of the many academic and co-curricular opportunities available in every area of study.

[utm.utoronto.ca/program-plans](utm.utoronto.ca/program-plans)
The University of Toronto Mississauga offers a number of combined degree programs that allow you to be registered in two degrees (one undergraduate and one graduate) at the same time.

- Combined HBA Environmental Management/MSc Sustainability Management
- Combined HBSc Environmental Science/MSc Sustainability Management
- Combined HBSc Psychology/MA Child Study & Education

Our new certificate programs, completed concurrently with your undergraduate degree, will enrich your understanding of the concepts you learn in class, and help strengthen your skills for today’s economy. Certificate programs are offered in:

- Advanced Economics
- Curatorial Studies
- Digital Media, Communication and Technology
- Effective Business Practices & Leadership Skills
- Global Perspectives

The Art & Art History and Theatre & Drama Studies programs are offered jointly between U of T Mississauga and Sheridan College. Students in these programs take classes at both campuses and earn both a University of Toronto degree and a Sheridan diploma.

The University of Toronto Mississauga is home to over 900 graduate students, both in the research and professional streams. We have more than 40 years of experience supervising graduate students in numerous disciplines, providing training and guidance in their quest for a successful postgraduate career.
To apply to UTM, submit an application through the Ontario Universities’ Application Centre (OUAC) website: ouac.on.ca

After applying, you will receive an email acknowledgment from the University. This email will include your next steps, instructions to review the status of your application, and a complete list of required documents you may need to complete your application.

The application deadline is January 12, 2023.

ADMISSION REQUIREMENTS
The minimum requirements for admission consideration vary by program. You must present all the requirements, including prerequisite courses, to be considered. All of our programs have limited spaces, and the admission selection process is competitive. uoft.me/utmprograms

SUBMITTING DOCUMENTS
After you have applied for admission, visit your Join U of T portal (join.utoronto.ca) regularly for up-to-date information about the documents required to complete your application.

INTERNATIONAL APPLICANTS
We welcome applications from a wide range of international high school (secondary) systems. See page 22 for admission requirements for common international education systems.

For a comprehensive list of minimum admission requirements for international applicants, visit future.utoronto.ca/apply/requirements

How to Apply: If you are currently attending an Ontario high school day program (in Ontario or abroad), you will apply using OUAC’s “101” application. Otherwise, you will apply using the “105” application. Both applications can be found at ouac.on.ca

International students also have the option to apply directly to the University of Toronto if they do not wish to apply to any other post-secondary institution in Ontario. For more information, visit utm.utoronto.ca/apply
Admission Requirements for
ONTARIO HIGH SCHOOL STUDENTS

If you are a current full-time Ontario secondary school student, your school will provide you with a Personal Identification Number (PIN) to access the OUAC 101 online application. Your school will send your marks to OUAC, and OUAC will send them to us.

All program areas require:
• Ontario Secondary School Diploma or equivalent with six Grade 12 U/M subjects or equivalent including English. See utm.utoronto.ca/future for details.
• Your admission average is calculated with English (ENG4U) plus your next best five Grade 12 U or M courses. The University of Toronto reserves the right to give preference to students whose marks are the result of a single attempt at each course.

Note: Advanced Placement Examinations and International Baccalaureate credits are also acceptable. Transfer credit information is available at utm.utoronto.ca/transfer

† Secondary School and Diploma must be recognized by the Provincial Ministry of Education
Admission Requirements

U.S. Senior Year/Grade 12 in an accredited high school with a high English HL or SL

Mathematics Prerequisite
Grade 12 Calculus / AP Calculus

Transfer credit information is available at utm.utoronto.ca/transfer

Detailed information about all educational systems is available at uoft.me/reqs

IF YOU ARE TRANSFERRING FROM ...

Canadian College
- UTM considers your overall academic record along with your most recent annual average.
- Competitive applicants normally have a minimum of a high B average in their college studies, provided they include sufficient academic content.
- Some UTM programs require higher standing and additional prerequisite courses for admission.
- We accept Grade 12 U courses or equivalent, or two full college semesters of an academic subject to meet prerequisites.
- One semester of math must include Calculus to be equivalent to our Calculus & Vectors (C) requirement.

Canadian University
- While we consider your most recent annual average, we will review your entire academic record.
- Competitive applicants usually have a solid B average.
- Program-area prerequisites can be met with high school Grade 12 U courses (or equivalent) or half-credit university-level courses.

International College or University
- If you are attending or have attended a recognized university or college and have a strong academic record, you will be considered for admission based on your post-secondary studies and your most recent annual average (though we will review your entire academic record).
- Program-area prerequisites must be met at, or beyond, the minimum level required for admission from your educational system.

ENGLISH LANGUAGE REQUIREMENTS

Proof of English language proficiency is required from all applicants except for those:
- whose first language is English, or
- who have achieved satisfactory progress in at least four years of full-time study in an English language school system located in a country where the dominant language is English, or
- whose first language is French and who have achieved satisfactory progress in at least four years of full-time study in Canada.

We accept (electronically only) a variety of international English language tests and qualifications, including the tests listed below.

Test of English as a Foreign Language (TOEFL)
- Internet-based Test: Total score of 100 with at least 22 on Writing section. Electronic request code: 0982-00.
- Paper-delivered Test: Results will be reviewed on an individual basis.

International English Language Testing System (IELTS)
- Minimum overall band of 6.5 with no band lower than 6.0.
- Electronic request code: 9967.

Duolingo
- The minimum requirement is an overall score of 120.

Other English language tests and qualifications are also considered. Visit our website for a comprehensive list and complete details on our English language proficiency requirements.

TRANSFER CREDITS

Certain high school curricula (e.g., AP, IB, GCE) may be considered automatically for transfer credit. For post-secondary studies completed at recognized institutions, we have a transfer credit process to determine which UTM equivalent courses you may be eligible to receive.

TRANSFER EXPLORER

Transfer Explorer lets you check the eligibility of courses you’ve completed at other Canadian institutions (including all divisions of U of T) for potential transfer credit at UTM.

23
FINANCIAL PLANNING CALCULATOR

The Financial Planning Calculator will show you how much money you will need to cover tuition and fees, housing costs, food and everything else for the upcoming academic year. You’ll provide some background and income information, and we’ll show you a budget summary and direct you to useful resources to help you save money.

UNIVERSITY OF TORONTO INTERNATIONAL SCHOLAR AWARD

The University of Toronto International Scholarship program is intended to recognize outstanding students from around the world who demonstrate exceptional academic achievement. Awarded annually, these prestigious and competitive scholarships cover tuition, books, incidental fees, and full residence support for four years.
