Be a part of

U of T Mississauga

Experience highly regarded programs in a supportive and park-like environment. When you graduate, you will receive a prestigious University of Toronto degree that tells everyone that you are ranked among the best in the world. That’s the U of T Mississauga (UTM) success story!
A degree from the University of Toronto says that you have benefitted from a dynamic and challenging learning environment that offers you unsurpassed opportunity to explore the world — of science, of the arts, of business — and leave a truly distinctive mark.
Mississauga, with a population of 720,000, is Canada’s sixth largest and one of its safest cities. Located at Toronto’s western border, Mississauga is a culturally-diverse, well-planned, growing urban city with vibrant business, sports and arts communities. The city is the base for more than 70 of Canada’s Fortune 500 companies, and more than 50 of Fortune’s Global 500 companies. Its thriving business sectors include: biotechnology; biomedicine; information and communication technology; pharmaceuticals; automotive; aerospace; and financial services, giving UTM students numerous opportunities for work experience.

In the centre of it all is the UTM campus, situated in a park-like setting on the Credit River and bounded by safe residential neighbourhoods. It is well-served by local public transit and is conveniently located near major highways. Toronto, Mississauga’s next-door neighbour and Canada’s world-renowned cultural capital, is about 30 minutes away.

Getting around Mississauga is easy for UTM students because they receive a special bus pass to use on MiWay (Mississauga Transit) that allows them to travel fare free at any hour, on any day while they’re a student here.

Want more on Mississauga? Visit [www.mississauga.ca](http://www.mississauga.ca)
Life Sciences
Life Sciences at UTM will intrigue those who are interested in behaviour, biotechnology, genetics, physiology, health sciences and molecular biology. Internships and labs give our students greater understanding of real-world applications. Students interested in health care will benefit from affiliations U of T holds with local hospitals. UTM is also home to one of the academies of U of T’s Faculty of Medicine.

Management
The Management programs prepare you to become an effective member of organizations. Drawing on a balanced offering of rigorous intellectual frameworks from the social sciences, they cover the nature and working of organizations, and managerial functions. The programs provide you with a good understanding of the major aspects of management and help you to acquire an integrated set of management skills through the resources of the Institute for Management and Innovation (IMI).

Psychology
Psychology programs emphasize the scientific method and its application to the study of behaviour and thought processes in humans and animals. A comprehensive selection of diverse courses in all areas of psychology are taught by outstanding faculty, many of whom conduct leading-edge research in areas such as child development, social behaviour, cognition, perception, personality and the biological basis of behaviour. You can engage in ongoing research and/or applied field work under the supervision of faculty members.

Computer Science, Mathematics & Statistics
Want to design unbreakable codes? Does the complexity of financial markets fascinate you? Interested in simulating biological processes? Whether considering a career in industry or graduate school, our programs will give you the skills you need and teach you to think analytically and creatively.

Forensic Science
UTM hosts Canada’s premier Forensic Science degree program. Dive into the study of physical evidence in a modern legal context, best defined as “science in service to the courts.” The unifying paradigm of Forensic Science is the search for truth and the meaning of evidence in both criminal investigations and through courts of law.

Humanities
Studies in the Humanities cultivate critical thinking, logic and communication through the study of cultures, languages and history. It shows how each is interconnected and is intrinsic to success in the study of other fields, such as business and the sciences. The Humanities is a dynamic option where a truly international focus can be developed.

Social Sciences
Whether you are considering low school, teaching, banking or working for an international aid agency, the Social Sciences provide an excellent foundation through examination of the relationships between the individual, society and the environment. As a Social Sciences student, you might consider issues such as health care resourcing in Economics, study how decisions regarding health care are made by governments in Political Science or examine how different cultures approach the senior members of their society through studies in Anthropology.

Theatre & Drama
As a Theatre & Drama Studies student, you will receive expert practical training in acting, balanced with a thorough exploration of dramatic history, theory and literature in this longstanding program. UTM Theatre & Drama graduates are well versed in the craft and business of acting having benefited from small class sizes in new learning spaces.

Visual Studies
Explore the meaning and power of images and their impact on our lives. Delve into the world of movie magic in our cinema studies program. Challenge yourself in the unique Art & Art History program where students attend courses concurrently at UTM and at Sheridan College’s prestigious School of Animation, Arts & Design.

What can I do with my major?
Go to utm.utoronto.ca/program-plans to download our Program Plans - quick and accessible overviews of the many academic and co-curricular opportunities available in every area of study.
You will probably hear this a lot over the next few months: university is about learning how to learn. It’s true. Learning how to find answers to tough questions is a skill that will serve you equally as well in class and throughout your life. At UTM, we offer a variety of services that will help you learn how to learn while you’re here and, ultimately, to find a career path once you graduate.

### Accessible Services

**Accessibility Services**

Accessibility Services works with students who have permanent or temporary disabilities to enable them to maximize their educational potential. They provide inclusive services and academic accommodations to students who have a documented learning, physical, sensory, mental health disability or medical condition.

[www.utm.utoronto.ca/accessibility](http://www.utm.utoronto.ca/accessibility)

### Support, Transition & Student Experience

**Career Centre**

Ongoing work search support, career fairs, networking events, further education workshops and individual career counselling help you explore potential career pathways. You also get career support for two years following graduation.

[www.utm.utoronto.ca/careers](http://www.utm.utoronto.ca/careers)

**Centre for Student Engagement**

Informed by research and assessment, our campus & community-based co-curricular services, programs, and courses support orientation and transition into university, and provide opportunities for student involvement, leadership, and community engagement learning.

[www.utm.utoronto.ca/utm-engage](http://www.utm.utoronto.ca/utm-engage)

**Hazel McCallion Academic Learning Centre (Library)**

The Hazel McCallion Academic Learning Centre is the third largest of the University of Toronto’s 44 libraries. It houses roughly 340,000 volumes, providing you with an abundance of resources, including access to all U of T Libraries. Our library is designed to help facilitate student learning by incorporating a variety of different environments for students to complete research, study, and work collaboratively with other students.

[library.utm.utoronto.ca](http://library.utm.utoronto.ca)

**Health & Counselling Centre (HCC)**

The on-campus medical centre is experienced in working with diverse university populations and is comfortable discussing all topics related to student health and wellness. In addition to the medical care provided by the physicians and nurses, the HCC offers personal and group counselling to assist students experiencing a wide range of challenges with support from psychiatrists and dieticians.

[www.utm.utoronto.ca/health](http://www.utm.utoronto.ca/health)

**International Education Centre**

The International Education Centre (IEC) is focused on student learning and development. Connect with the IEC to enhance your global student experience at UTM and beyond. Whether you have questions about your immigration status, health insurance or study abroad options, the centre is your first point of contact for international education and transition support.

[www.utm.utoronto.ca/international](http://www.utm.utoronto.ca/international)

**Office of the Registrar**

The Office of the Registrar is the administrative office responsible for student recruitment, admissions, transfer credits, registration, enrolment, academic advising, front line services, financial aid, scholarships, exams, petitions, student records, graduation and more! It’s your one-stop-shop for frequently asked questions and detailed information about academic tools, resources, policies and procedures.

[www.utm.utoronto.ca/Registrar](http://www.utm.utoronto.ca/Registrar)

**Robert Gillespie Academic Skills Centre (RGASC)**

The RGASC offers a full range of workshops, seminars and individual consultations to help you identify and develop the academic skills you need for success in your studies.

[www.utm.utoronto.ca/aasc](http://www.utm.utoronto.ca/aasc)

**Research Opportunity Program (ROP)**

The Research Opportunity Program (ROP) fully utilizes the benefits of an undergraduate education within a research-intensive university. Beginning in year 2, you have the opportunity to conduct research for course credit with some of the university’s most renowned professors.

[www.utm.utoronto.ca/rop](http://www.utm.utoronto.ca/rop)

**Experiential Learning**

The Experiential Education Unit connects you with opportunities to learn both inside and outside the classroom by gaining valuable work, field and in-class involvement. You can develop research skills through various practices such as internship placements, service learning opportunities and in-the-field/classroom experiences.

[www.utm.utoronto.ca/experience](http://www.utm.utoronto.ca/experience)

**Professional Experience Year (PEY)**

A Professional Experience Year is about more than just exposure to jobs. It allows you to complete a 12- to 16-month work placement during your studies at UTM. The PEY can be completed in Computer Science or Commerce. The placement allows you to work on large scale projects, reach professional milestones, network, develop lasting professional relationships and gain significant experience outside of the classroom.

[uoft.me/utmpey](http://uoft.me/utmpey)

**Student Groups**

Have something you’re passionate about? Want to learn a new skill or find like-minded people to do activities with? Student Groups at UTM provide ways for students to build community around their interests!

[www.utm.utoronto.ca/groups](http://www.utm.utoronto.ca/groups)

**Student Transition Programs**

The Centre for Student Engagement promotes the successful transition of new students by introducing them to key skills, resources and expectations through a variety of transition and orientation program offerings, courses and initiatives. The programs are designed to offer a supportive peer-based learning environment that connects students to the wider UTM community and resources. Support is also available for parents and families.

[www.utm.utoronto.ca/transition](http://www.utm.utoronto.ca/transition)

**UTM Abroad**

Our students are in classrooms all over the globe and you could be too! The UTM Abroad program offers courses and co-curricular experiences in 11 countries and the Centre for International Experience partners with more than 110 institutions in over 40 countries.

[www.utm.utoronto.ca/utmabroad](http://www.utm.utoronto.ca/utmabroad)

**UTM Access**

Services and support are available for people with physical, sensory, mental health disability or medical condition.

[www.utm.utoronto.ca/asc](http://www.utm.utoronto.ca/asc)

**Research Opportunity Program**

The Research Opportunity Program (ROP) fully utilizes the benefits of an undergraduate education within a research-intensive university. Beginning in year 2, you have the opportunity to conduct research for course credit with some of the university’s most renowned professors.

[www.utm.utoronto.ca/utmabroad](http://www.utm.utoronto.ca/utmabroad)
Student Housing & Residence Life at UTM offers the most diverse range of housing options within the University of Toronto with more than 1,500 single and double spaces in traditional-style rooms, apartments, and townhouses. Our students will have the amenities necessary to provide the comforting feeling of home.

Features that make the first-year residence experience unparalleled are:

- Optional living-learning communities (LLCs), designed around academic areas of study and exist to allow students to live and work in an environment where students have something in common with others living around them;
- First-year students are placed in either traditional dorms, town houses, or apartments;
- Fully-furnished bedrooms, equipped with a large twin-sized bed, desk, desk chair, dresser and closet;
- Semi-private washrooms shared with one to three other students;
- Location to campus amenities, and access to a wide range of student services;
- Over 100 student leadership and development opportunities offered, such as a community Don or a Peer Academic Leader (PAL).
Established in 2014, the UTM Varsity Eagles Program consists of six teams competing in badminton, basketball, cricket, flag football, field hockey, ice hockey, lacrosse, soccer, squash, table tennis, tennis, Ultimate, volleyball, Olympic weightlifting, and more.

Looking to learn something new? UTM also offers instructional classes in dance, martial arts, sports, swimming, yoga, and more.

UTM students are automatically members of our Recreation, Athletics, and Wellness Centre (RAWC), a modern, on-campus facility that features an eight-lane, 25-metre swimming pool; an 800-seat double gymnasium; 3 squash courts; an elevated indoor walking/running track; and outstanding fitness-strength training facilities.

More on athletics and recreation: [www.utm.utoronto.ca/athletics](http://www.utm.utoronto.ca/athletics)
How to Apply
To apply to UTM, submit an application through the Ontario Universities’ Application Centre website. [www.ouac.on.ca](http://www.ouac.on.ca)

After applying, you will receive an email acknowledgment from the University. This email will outline your next steps, instructions to review the status of your application, and a complete list of required documents you may need to complete your application.

**Admission Requirements**

The minimum requirements for admission consideration vary by program. You must present all the requirements, including prerequisite courses, to be considered. All of our programs have limited spaces and the admission selection process is competitive.

Submitting Documents

All supporting documentation, including transcripts that are not sent electronically, should be sent to:

Enrolment Services

University of Toronto

172 St. George St.

Toronto, ON, M5R 0A3.

**English Language Requirements**

Proof of English language proficiency is required from all applicants except for those:

- whose first language is English, or
- who have achieved satisfactory progress in at least four years of full-time study in an English language school system located in a country where the dominant language is English, or
- whose first language is French and who have achieved satisfactory academic progress in at least four years of full-time study in Canada

UTM accepts (electronically only) a variety of international English language tests and qualifications, including:

- **Test of English as a Foreign Language (TOEFL)**
  - Internet-based Test: total score of 100 + 22 on Writing section. Electronic request code: 0982-00.
  - Paper-delivered Test: results will be reviewed on an individual basis.

- **International English Language Testing System (IELTS) Academic Module**
  - Minimum overall band of 6.5 with no band lower than 6.0. Electronic copies only sent from testing centre.

- **Michigan English Language Assessment Battery (MELAB)**
  - Minimum overall score of 85, with no part score below 80.

- **International Baccalaureate English**
  - A score of at least 4 (predicted or final) in:
    - Higher or Standard Level English A: Literature, or
    - Higher or Standard Level English A: Language and Literature.
  - HL English B is not acceptable.

- **GCSE/IGCSE/GCE/AICE English**
  - A minimum final grade of “B” in GCSE/IGCSE Ordinary Level English, English Language, or English as a Second Language, or
  - A minimum final or predicted grade of “C” in GCE A Level/AS Level/AICE/CAPE English or English Language

**IELTS Test Centre**

The University of Toronto Mississauga is an official International English Language Testing System (IELTS) Test Centre.

Students who are required to submit English proficiency test results as a condition of admission may take an IELTS test at UTM, or at an IELTS centre anywhere in the world.

[www.utm.utoronto.ca/ielts](http://www.utm.utoronto.ca/ielts)

**International Baccalaureate English**

A score of at least 4 (predicted or final) in:

- Higher or Standard Level English A: Literature, or
- Higher or Standard Level English A: Language and Literature.
- HL English B is not acceptable.

**GCSE/IGCSE/GCE/AICE English**

- A minimum final grade of “B” in GCSE/IGCSE Ordinary Level English, English Language, or English as a Second Language, or
- A minimum final or predicted grade of “C” in GCE A Level/AS Level/AICE/CAPE English or English Language

**ELDA/COPE**

Minimum overall score of 86, 32 in Writing, and 22 in each of Reading and Listening.

For complete details: [uoft.me/utmelr](http://uoft.me/utmelr)

**ACE@UTM**

The Academic Culture & English (ACE@UTM) program is an exclusive program for students who have been admitted to the University of Toronto Mississauga but require additional English language development to fulfill their English language admission requirements. Completion of the ACE@UTM program may be a condition of an offer of admission; students cannot apply directly for admission to this program. Minimum scores in English facility tests are required.

[www.utm.utoronto.ca/ace](http://www.utm.utoronto.ca/ace)
Program of Admission

You will initially select an intended area of study during the application process, but are not officially admitted to your formal programs of study (Specialists, Majors and Minors) until after the completion of first year. You may choose a different program or programs, providing you meet all prerequisites in your second year and beyond.

All program areas require:
- Ontario Secondary School Diploma or equivalent with six Grade 12 U/M subjects or equivalent including English. See www.utm.utoronto.ca/future for details.
- The admission average is calculated with English (ENG4U) plus the next best 5 Grade 12 U/M subjects.

The "Approximate Grade Requirement" provided for each program indicates the approximate admission average for that program in the previous academic year. This mark range will vary each year according to the number and quality of applicants.

It is not a "cut-off point" or enrolment limit. It is a general guideline only.

International Applicants

UTM is a culturally diverse campus at the heart of a culturally diverse community. With a student population representing more than 130 different countries, our educational environment is truly global.

We welcome applications from a wide range of international high school (secondary) systems, including:

- British-Patterned Education
- Caribbean Advanced Proficiency Examination (CAPE)
- Chinese High School
- French-Patterned Education
- India: all India Senior School Certificate (awarded by CBSE) or Indian School Certificate (awarded by CISCE)
- United States of America/U.S.-Patterned Education

For a comprehensive list of minimum admission requirements for international applicants, visit www.future.utoronto.ca/apply/requirements.

To review our English Language Requirements and Programs, see page 16.

How to Apply: If you live and study outside of Ontario and are not a Canadian citizen, apply using the "105F" application at www.ouac.on.ca.

International students also have the option to apply directly to the University of Toronto if they do not wish to apply to any other post-secondary institution in Ontario. For more information, visit www.utm.utoronto.ca/apply.

Transferring from an International College or University

If you are attending or have attended a recognized university or college and have a strong academic record, you will be considered for admission based on your postsecondary studies and your most recent annual average, although we will review your entire academic record. Program area prerequisites must be met at, or beyond, the minimum level required for admission from your educational system. uoft.me/utminternationaluniversity

Transferring from a Canadian College

Admission consideration is based on your overall academic record and your most recent annual average. Competitive students normally have a high ‘B’ average in their college studies; provided they include sufficient academic content. Some programs require higher standing. Prerequisite courses vary. UTM accepts Grade 12U courses or two full college semesters of an academic subject as to meet prerequisites. Calculus must include Calculus to be equivalent to our Calculus & Vectors (C) requirement. uoft.me/utmcanadiancollege

Institutional Transfer Agreements - UTM has partnered with local college General Arts & Science diploma programs to simplify and enhance the transfer process from these institutions. uoft.me/utmcollegepathway

Transferring from a Canadian University

Admission consideration is based on your most recent annual average, although we will review your entire academic record. Competitive applications usually have a solid ‘B’ average. Program area prerequisites must be met. We accept high school Grade 12 ‘U’ courses or half-credit university-level courses as prerequisites. uoft.me/utmcanadianuniversity

Transfer Explorer is the university’s transfer planning tool. Check the eligibility of credits earned at other Canadian institutions, including all divisions of U of T, for transfer to (or within) the University of Toronto. uoft.me/transferexplorer

Transfer Credits

Certain high school curricula (e.g. AP, IB, GCE) may be considered automatically for transfer credit. Previous post-secondary studies completed at a recognized institution may be eligible for transfer credit through a transfer credit assessment request. www.utm.utoronto.ca/transfer

UTM Bridging Pathway (UTMBP) for Mature Students

The University of Toronto Mississauga Bridging Pathway (UTMBP) offers mature students (at least 20 years of age) who do not meet traditional admission requirements for UTM, and who have been away from formal education for some time, the opportunity for direct admission to university level studies. Some mature students may benefit from our partnerships and articulation agreements with local colleges. The deadline to apply to UTMBP is June 3, 2019. www.utm.utoronto.ca/bridgingpathway

Alternative Pathways

If you are interested in pursuing undergraduate programs at UTM, but may not hold the published admission requirements, you may be eligible for one of our many alternative pathways. www.utm.utoronto.ca/pathways
Fees & Financial Aid

**Finances**
The cost of a university education is a combination of tuition fees and living expenses. Considering your financial options today can help you prepare your budget before you ever set foot on campus.

Basic student fees vary by program but generally include the following:

- Domestic student tuition fees: $6,780
- International student tuition fees: $49,800
- $1,000 and up for books
- $1,720 and up for incidental fees
- $11,000 to $15,000 for residence and for meal plans

(Above amounts are in Canadian dollars. The fees and expenses listed are effective for the 2018-2019 academic year.)

www.utm.utoronto.ca/future-students/finances

**Scholarships and Financial Aid**

U of T provides you with two assurances regarding financial support: one based on need and the other primarily based on academic merit. The university’s policy on student financial support states that no student admitted to a program at the University of Toronto will be unable to enrol or complete the program because they do not have sufficient funds. This commitment to students who are Canadian citizens, permanent residents or protected persons means that U of T will supplement the funding provided by government sources.

The University of Toronto Scholars Program recognizes outstanding students at admission. Awards worth $7,500 each are available. Outstanding domestic and international secondary school students are considered automatically on the basis of their average at the time of admission. Top applicants may also qualify for the President’s Scholars of Excellence Award which includes a $10,000 scholarship, access to on-campus employment in second year and guaranteed access to an international learning opportunity.

www.utm.utoronto.ca/future-students/finances

**UTM Entrance Awards**

All students who apply directly from high school are automatically considered for UTM Entrance Awards. Awards are based on admission averages and include only grades obtained from the first attempt at a course. Students are notified in their offer of admission letter if they are eligible.

www.utm.utoronto.ca/future-students/finances

**Ontario Government Assistance**
The Ontario Student Assistance Program (OSAP) is a needs-based program for Ontario residents that provides student loan and grant assistance that supplements student and family resources.

osap.gov.on.ca and www.canlearn.ca

**Canadians from Outside of Ontario**

Each province has its own government student loan program. See www.canlearn.ca.

**International Applicants**

International students should contact their own governments for aid information.

**Lester B. Pearson International Scholarships**
The Lester B. Pearson International Scholarship program is intended to recognize outstanding students from around the world who demonstrate exceptional academic achievement, creativity, and who are recognized as leaders within their school. A special emphasis is placed on the impact the student has had on the life of their school and community, and their future potential to contribute positively to the global community.

Awarded annually, these prestigious and competitive scholarships cover tuition, books, incidental fees, and full residence support for four years.

www.future.utoronto.ca/pearson

**Work-Study**
The Work-Study Program provides on-campus part-time employment of up to 12 hours per week of paid work experience, often in fields related to your area of study.

uoft.me/workstudyutm
Come for a VISIT

One of the best ways to decide if UTM is right for you is to visit.

Fall Campus Day
Fall Campus Day is your first opportunity to fully explore our beautiful campus. Tour buildings and facilities, attend information sessions, talk to students and professors, learn about courses, programs and services, and so much more!
Sunday, October 28, 2018
To learn more and register:
www.utm.utoronto.ca/fcd

March Open House
Visit our campus in the spring and get a deeper understanding of the programs you’ve applied to and how they’re the launchpad for your future. All applicants to UTM will receive an invitation to attend our open house.
Sunday, March 31, 2019
To learn more and register:
www.utm.utoronto.ca/moh

Campus Tours
Our guides are waiting to show you what makes UTM special — exceptional people, state-of-the-art facilities, and a breathtaking, forested campus. Tours are held throughout the year.
Monday – Thursday 10 am and 2 pm;
Friday 10 am; and select Saturdays.
To learn more and register:
www.utm.utoronto.ca/tours

For all tours and events, if you require an accommodation due to a disability, please contact us. We will work with you to make appropriate arrangements.
