Unique programs

THEATRE, DRAMA & PERFORMANCE
This intensive combined program provides a foundation for a career in the professional theatre and for advanced theatre studies.

ART & ART HISTORY
This joint program with Sheridan emphasizes the hands-on creativity of studio art and the research perspective of art history.

EXCEPTIONALITY IN HUMAN LEARNING
Designed to provide a broad scholarly foundation for addressing issues concerning children and adults who have disabilities and/or are gifted.

CCIT
An opportunity to study at the intersection of communications, culture, information and technology with an emphasis on digital technologies and media; jointly offered by Sheridan.

FORENSIC SCIENCE
Best defined as “science in service to the courts,” Forensic Science is the study of physical evidence in a modern legal context.

BCOM & BBA OPTIONS
Put simply, Commerce (BCom) primarily combines economics with various sub-disciplines of business and management. Management (BBA) provides a firm understanding of the major sub-disciplines of management with an integrated set of management skills.
