Today’s world needs different types of learners, researchers and industry leaders. ICCIT provides unique opportunities to share learning with your peers – like creatively telling the story of personal finance across a variety of non-traditional platforms including song, art and digital media.

Gain the confidence to take risks. ICCIT offers an inclusive and intimate atmosphere where students can easily connect with faculty and other students while still benefitting from top-ranked libraries system, comprehensive services and an ever-expanding variety of co-and extra-curricular activities for which the University of Toronto is known.

Take on tomorrow.
The Institute of Communication, Culture, Information and Technology (ICCIT) at University of Toronto Mississauga places you at the nexus of academia, innovation and industry. Interdisciplinary, undergraduate programs provide students with the insight and the skillsets to anticipate and respond to the impact of present and emerging communication modalities, digital media, and technological innovation.

**Major**
Develop an in-depth understanding of media and digital technologies and their social implications from cross-disciplinary perspectives. Through research-based and hands-on courses, students critically assess the possibilities and consequences of media and technologies and apply their digital skills across multiple platforms.

**Specialist**
Engage with technology related to all fields of management including finance, organizational behaviour, economics and marketing. Theoretical knowledge combines with team-based, project work to prepare students to work in business and entrepreneurial sectors.

**Major & Minor**
Transform complex ideas into engaging and exciting writing for a diversity of audiences across multiple platforms. Through intensive training in writing and editing processes, graduates harness the power of narrative to research, write, and publish original work.

**Digital Experience Certificate**
All ICCIT students have the opportunity to complete a professional certificate that includes paid work placements where students will integrate in-class education and related work experience.

The certificate is completed within a four-year degree.
