Equity, Diversity & Inclusion Office

The UTM Equity, Diversity & Inclusion Office advances intentionally inclusive and discrimination and harassment free learning, living, and working environments for all campus community members. The EDIO organizes events and programs on equity, Indigenous, and human rights related topics. The office also provides assistance, complaint resolution, and support to students, staff, faculty, and librarians to ensure equity and inclusion on campus. The office hires students annually to contribute to equity-related programming and events. More information about upcoming programs, office services, and how to contact the EDIO is available at: [www.utm.utoronto.ca/equity-diversity](http://www.utm.utoronto.ca/equity-diversity).

UTM Indigenous Centre

The Indigenous Centre at the University of Toronto Mississauga works to support Indigenous students, staff, and faculty at UTM as well as inspire future Indigenous students to a welcoming and inclusive UTM community. The Indigenous Centre works to promote equity and inclusion of Indigenous people among students, staff, faculty, and throughout the campus. As part of the Indigenous Initiatives Unit, the programs and services available assist in advancing the University of Toronto's response to the Truth and Reconciliation Commission of Canada: Answering the Call: Wecheehetowin. More information about upcoming programs, office services, and how to contact the Indigenous Centre is available at: [www.utm.utoronto.ca/indigenous-centre](http://www.utm.utoronto.ca/indigenous-centre)

During the pandemic it is best to email ([family.care@utoronto.ca](mailto:family.care@utoronto.ca)) or phone our office as staff are working remotely.

The Family Care Office supports you and your family life as you learn and work. We serve the University of Toronto students, staff, faculty and their partners, providing confidential guidance, resources and educational programming related to family issues. Students come to us for individual and confidential guidance on issues related to becoming a parent, pregnancy and parental leave if they have a position on-campus, child care, parenting, relationships, eldercare and other family matters. We have student mentors to share their experience with other student parents and carers.

The IMI Graduate Student Committee (IMI GSC) is comprised of representatives from all 5 IMI programs: MMPA, MMI, MBiotech, MScSM, and MScBMC\*.

As a student led group, the aim of IMI GSC is to create an interdepartmental community where graduate students from all corners of science, business and technology can build connections and broaden their networking circles. Individual programs at IMI do an excellent job at giving their students an exposure to the workforce, through alumni events, internships, and interactive class projects etc. The GSC enhances these program strengths, and is committed to furthering the student experience by offering cross disciplinary interactions and conversations..

Our goal is to give students an opportunity to broaden their networking circles and build contacts with current and future IMI graduate students.

- Brainstorm, plan, and implement initiatives that bring all IMI students closer together
- We aim to create opportunities for IMI students to expand their network and skill set outside of what would normally be found within their program

The Institute for Management & Innovation Review by Students (IMIRS, read like immerse) is a cross-departmental student publication aimed to share exciting research, industry trends and op-eds within and outside of IMI. We are dedicated to increasing collaboration and communication between our programs, alumni, and faculty. The underlying idea is knowledge translation of current topics in individual research streams as they apply to the world outside of our classrooms. The review encourages students to reimagine their program learnings, publish their high-quality academic work, and celebrate IMI students' innovative thinking.
