Unsure which UTM calculus course is right for you?

**Commerce and Management students**
- Interested in taking more math courses later, or completing a math minor or math major?
  - Yes: Take MAT135H5+MAT136H5.
    - (Or MAT137Y5 if you have a very serious interest in mathematics.)
  - No: Take MAT133Y5.
    - If you change your mind later, it is still possible to take the “bridging course” MAT233H5.

**Life Science students**
- Thinking about completing the math specialist program?
  - Yes: Consider taking MAT137Y5.
    - Note: This selection should apply to very few students.
  - No: Take MAT135H5+MAT136H5.
    - MAT135H5+MAT136H5 is also acceptable but not recommended.

**All other students**
- Interested in graduate studies in mathematics, or other very advanced studies in mathematics?
  - Yes: Take MAT137Y5.
  - No: Take MAT135H5+MAT136H5.
