LEARN. LEAD. DISCOVER.
Your Master’s Degree in 12 months

The MMI Program is an accelerated professional degree at the University of Toronto Mississauga (UTM). It is a graduate degree run out of the Institute for Management & Innovation (IMI) and focuses on exposing science and engineering students to the world of management, technology, and innovation. The program has a 12-month full-time structure consisting of an intensive 8-month academic course requirement and a 4-month internship term which provides students the opportunity to transfer their academic learnings to a professional setting.

Our courses provide a strong foundation in economic analysis, technology management, business strategy, finance and marketing. The program provides knowledge, skills and strategic perspectives required for leaders and senior managers responsible for advancing the innovation process. We are proud to offer small classes and research seminars that support interactive learning and maximum student-faculty dialogue.
MMI CLASS OF 2024 IN NUMBERS

The **Institute for Management and Innovation** inspires leaders to close the innovation gap through our six world-class master’s programs and our research and innovation hubs.

Students thrive in our experiential learning environment, bolstered by powerful partnerships, our culture and values, and our connections within the University of Toronto ecosystem.

Studying at the Institute for Management and Innovation is unlike studying anywhere else. Our community is built on inclusivity and diversity of people, thought and experience. You’ll be welcomed by a dedicated team of staff and faculty who are here to support your lifelong learning.

We inspire transformational thinking and collaboration, integrating people, place and purpose. Our students, faculty and researchers come together to build leaders and knowledge that harness innovation and apply it in ways that will create a positive impact for people and communities everywhere.

**We can help open the door to the world for you.**
