Attend Course Selection Workshops
For students who are able to visit campus, in-person course selection workshops are offered beginning in late June to support you in choosing your courses.

Use the Academic Calendar to determine your courses
The Academic Calendar lists all programs offered at UTM, the entry requirements to get into the program (if applicable), and what courses to take for that program. Use this information as a guide to create your academic schedule. Access the Academic Calendar at student.utm.utoronto.ca/calendar.

Map out your course schedule with the Online Timetable
Once you know which courses you’re interested in, determine the day and time that they are being offered using the Online Timetable at student.utm.utoronto.ca/timetable.

Add courses to your enrolment cart on ACORN
To maximize your chances of securing your preferred date and time for each course, we recommend adding your preferred course sections to your enrolment cart on ACORN at www.acorn.utoronto.ca, prior to your enrolment day of July 5th.

Check your enrolment time (on June 29)
View your exact enrolment start time at acorn.utoronto.ca a few days prior to your enrolment day. Courses can fill up quickly, so don’t delay!

Select courses (on July 5)
Enrol in your courses through ACORN on July 5th after your start time.

Enrol in LAUNCH and utmONE
These programs are designed to provide supportive classroom experiences that fast-track new UTM students toward academic success, resource knowledge, and peer connections. utmONE provides course credit and is taught by a UTM faculty member. LAUNCH connects you with an upper-year peer mentor. See www.uoft.me/ns-courses for course options. Enrol on ACORN.

Access the enrolment Frequently Asked Questions
If you have questions about distribution requirements, enrolment controls, or other course selection topics, consult the course enrolment FAQ at www.uoft.me/ns-coursefaq.

Use the Financial Planning Calculator to prepare a budget
Prepare a budget for your year at UTM using our Financial Planning Calculator at planningcalc.utoronto.ca. This webpage will also direct you to resources to help you save even more money.

Complete Registered Education Savings Plan requirements
Students requiring verification of enrolment for their RESP can review the steps at www.uoft.me/ns-paying.
