CRIMINOLOGY, LAW & SOCIETY
(HBA)
Department of Sociology

Criminology, law & society provides a broad foundation in knowledge of law, crime and criminal justice. It is clearly connected to the legal profession, policing, parole and offers an excellent background for working in government and public policy on criminal behaviour.

Our teaching and research expertise covers diverse topics central to understanding and explaining law, crime and criminal justice. Students develop critical thinking, writing and numeracy skills and learn how to analyze, understand and address real life issues, all in preparation for further education and employment.
