Forensic Science is the study of physical evidence in a modern legal context. It is best defined as “science in service to the courts.” Forensic Anthropology is the study of forensics and biological anthropology.

UTM’s Forensic Science program, the first of its kind in Canada, is designed to provide the student with an understanding of scientific analyses, theories, laboratory skills, applications, and field techniques — while allowing the student to emphasize one particular area in greater detail. We have developed well-established partnerships with organizations such as the Centre of Forensic Sciences, the Office of the Chief Coroner for the Province of Ontario, the Ontario Provincial Police, the RCMP, and numerous other police services and agencies worldwide.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

Programs of Study (POSt)
• Specialist Program ERSPE1338 Forensic Anthropology (Science)
• Major Program ERMAJ0205 Forensic Science (Science)
• Minor Program ERMIN0205 Forensic Science

Check out...
What techniques do forensic scientists use in the field? Find out in ANT306H5! You’ll learn to search and locate a “missing person” buried on campus, collect evidence, reconstruct the crime scene, and do a complete analysis of the victim.

What can I do with my degree?
The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for Graduates: Coroner; Artist/sculptor* (including facial reconstruction); Survey researcher; Forensic consultant; Medico-legal investigator; Museum technician; Speech scientist; Pathologist; Bioarcheologist.

Workplaces: Government; Forensic laboratories; Medical examiners/coroner offices; Morgues; Museums; Pathology services; Police agencies.
### How to Use This Program Plan

Read through each year. Investigate what appears to you here and in any other Program Plans that apply to you.

Visit [www.utm.utoronto.ca/program-plans](http://www.utm.utoronto.ca/program-plans) to create your own plan using My Program Plan. Update your plan yearly.

### 1st Year

**Plan Your Academics**
- Enroll in courses ANT101H5, 102H5, BIO153H5, 155H5, and FSC239Y5.
- Choose a program of study (Subject POS) once you complete 4.0 credits. Use the Degree Explorer and the Academic Calendar to plan your degree.
- Develop foundational academic skills and strategies by enrolling in a utmONE course. Build community and gain academic support through LAUNCH. Join a RGASC Peer Facilitated Study Group.

**Build Skills**
- Use the Co-Curricular Record (CCR). Search for opportunities beyond the classroom and keep track of your accomplishments.
- Attend the Get Hired Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.
- Attend the Experiential Education Fair.

**Build a Network**
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWNV). Find them on Facebook and follow them @utmforensics on Twitter. Go to IVWNV’s Meet the Prof Night.
- Attend events held by the International Education Centre (IEC), whether you are an international or domestic student. Explore your culture and other cultures through ONLINE Circles, debates, and activities to enhance your global and intercultural mindset.

**Build A Global Mindset**
- Attend the Program Selection & Career Options workshop offered by the Office of the Registrar and the CC.
- Check out Careers by Major at the CC to see potential career options.
- Explore careers through the CC’s Job Shadowing Program.
- Considering further education? Attend the CC’s Graduate & Professional Schools Fair. Talk to professors – they are potential mentors and references.

---

### 2nd Year

**Plan Your Academics**
- Enroll in courses ANT200H5, 202H5, 205H5, FSC271H5, STA215HS/ANT407H5. Check out the Recommended course list in the Academic Calendar.
- Consider applying for Research Opportunity Program (ROP) courses ANT299Y, FSC399Y and ANT399Y. Visit the EEU website for ROP Course Prerequisites. Attend the RGASC’s P.A.R.T. to enhance your research skills.
- Use the Career & Co-Curricular Learning Network (CLN) to find postings for on- and off-campus work and volunteer opportunities.
- Work on-campus through the Work-Student program. View position descriptions on the CLN.
- Sign up to become an Experiential Education Unit Student Ambassador and earn a CCR notation.

**Build Skills**
- Do you have a professor you really like or connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don’t be shy! Learn Tips On How to Approach a Professor available through the Experiential Education Unit (EEU).

**Build a Network**
- Networking simply means talking to people and developing relationships with them. Start by joining the UTM Forensics Society (IVWNV). Find them on Facebook and follow them @utmforensics on Twitter. Go to IVWNV’s Meet the Prof Night.
- Attend events held by the International Education Centre (IEC), whether you are an international or domestic student. Explore your culture and other cultures through ONLINE Circles, debates, and activities to enhance your global and intercultural mindset.

**Build A Global Mindset**
- Attend the Program Selection & Career Options workshop offered by the Office of the Registrar and the CC.
- Check out Careers by Major at the CC to see potential career options.
- Explore careers through the CC’s Job Shadowing Program.
- Considering further education? Attend the CC’s Graduate & Professional Schools Fair. Talk to professors – they are potential mentors and references.

---

### 3rd Year

**Plan Your Academics**
- Throughout your undergraduate degree:
  - use the Degree Explorer to ensure you complete your degree and program requirements.
  - see the Office of the Registrar and the Forensic Science Academic Advisor for assistance.

**Build Skills**
- Become a volunteer in the Forensic Science Outreach Program, and teach the community about your unique and highly specialized skills through led workshops.
- Sharpen your problem-solving and design skills by getting involved in a Social Innovation Project through the Centre for Student Engagement.
- Establish a professional presence on social media (e.g., LinkedIn).
- Join a professional association. Check out the Canadian Society of Forensic Science.
- Go to a conference such as the Forensic Training Conference presented by the Toronto Police Service.
- Earn credits overseas! Apply to study for a summer, term or year at one of 140+ universities. The Forensic Science department has identified partners which are most relevant to our students. Speak to the IEC for details about Course Based Exchange, funding and travel safety.
- Learn about working abroad. Read up on worldwide employment trends and industry outlooks through GOInternational. Attend the Go Global Expo to learn about opportunities. See if you are eligible for International Experience Canada.
- Market your skills to employers. Get your resume critiqued at the CC. Attend the CC workshop, Now That I’m Graduating What’s Next?
- Write a strong application for further education. Attend the CC’s Mastering the Personal Statement workshop.
- Ready to transition from the classroom to the workplace? Check out the Recent Graduate Opportunities Program (RGOP).

---

### 4th or Final Year

**Plan Your Academics**
- Conduct a mentored individual research experience in FSC481, work in a collaborative research team in FSC483, or experience professional opportunities in FSC485. If you’re planning a career in police investigation, you may consider the FSC407 field school as an alternate capstone experience.
- Consider applying for Research Opportunity Program (ROP) courses ANT299Y, FSC399Y and ANT399Y. Visit the EEU website for ROP Course Prerequisites. Attend the RGASC’s P.A.R.T. to enhance your research skills.
- Throughout your undergraduate degree:
  - use the Degree Explorer to ensure you complete your degree and program requirements.
  - see the Office of the Registrar and the Forensic Science Academic Advisor for assistance.

**Build Skills**
- Become a volunteer in the Forensic Science Outreach Program, and teach the community about your unique and highly specialized skills through led workshops.
- Sharpen your problem-solving and design skills by getting involved in a Social Innovation Project through the Centre for Student Engagement.
- Establish a professional presence on social media (e.g., LinkedIn).
- Join a professional association. Check out the Canadian Society of Forensic Science.
- Go to a conference such as the Forensic Training Conference presented by the Toronto Police Service.
- Earn credits overseas! Apply to study for a summer, term or year at one of 140+ universities. The Forensic Science department has identified partners which are most relevant to our students. Speak to the IEC for details about Course Based Exchange, funding and travel safety.
- Learn about working abroad. Read up on worldwide employment trends and industry outlooks through GOInternational. Attend the Go Global Expo to learn about opportunities. See if you are eligible for International Experience Canada.
- Market your skills to employers. Get your resume critiqued at the CC. Attend the CC workshop, Now That I’m Graduating What’s Next?
- Write a strong application for further education. Attend the CC’s Mastering the Personal Statement workshop.
- Ready to transition from the classroom to the workplace? Check out the Recent Graduate Opportunities Program (RGOP).
FORENSIC ANTHROPOLOGY

Skills developed in Forensic Anthropology

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

**Technical**: anatomical and osteological training; make and record accurate measurements; make observations, draw diagrams and take photographs; crime scene investigation; and use statistical tests.

**Communication**: report writing; verbal testimony; understanding of cultural diversity; translate scientific evidence; and analyze and present data.

**Organizational**: casework; teamwork; and understanding legal issues related to evidence.

**Problem-solving**: identify alternative solutions; and interpret lab findings.

**Research**: draw conclusions based on the evidence obtained and communicate results of investigative work through proper channels based on the conclusions drawn.

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- UTM Forensics Society (IVNVI)
- UTM Anthropology Society (UTMAS)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

Services that support you

- Accessibility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Equity, Diversity & Inclusion Office (EDIO)
- Experiential Education Unit (EEU)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

Forensic Science Program

Terrence Donnelly Health Sciences Complex, 4th Floor
University of Toronto Mississauga

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisite for this program is Biology. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

**NOTE**: During the application process, applicants will select the Forensic Science admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

**Sneak Peek**

Find out how archaeological data is recovered through excavation in ANT200H5! What is the role of a coroner? Take FSC239Y to find out about crime scene investigation, forensic dentistry and toxicology. Get excited for the capstone experience of the program - FSC481Y5 (Internship in Forensic Science). You will spend 200+ hours at a forensic agency collaborating with a professional forensic specialist on an original project.

Our courses provide students the opportunity to learn about all aspects of forensic science in the classroom and to apply their knowledge to practical assignments using state-of-the-art technology and instruments. Courses are taught by professionals who bring their own expertise and unique field experience to the classroom.
