

GEOGRAPHY (HBSc)

Department of Geography, Geomatics and Environment

The Geography BSc offers a broad perspective on physical geography. In-depth studies include climatology, hydrology and ecosystems, with possible specialization in biogeochemistry, arctic regions, landscape ecology, natural resources and urban climate. The curriculum stresses the integrative nature of the discipline as well as the development of skills in geographical information analysis.

Our department prides itself in being at the forefront of student experience at UTM. Our faculty are very successful and active researchers, maintaining research programs, laboratories and supervise graduate students at UTM. They are also outstanding teachers, with several of our faculty being recognized with teaching awards from both inside and outside the university. We think that the wonderful opportunities and support in our department will make your degree in Geography not only a meaningful and valuable learning experience, but also an exciting and fun one.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we've pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using [My Program Plan](#) found at www.utm.utoronto.ca/program-plans

Programs of Study (POSt)

- Specialist Program ERSPE2070 Geography (Science)
- Major Program ERMAJ2070 Geography (Science)
- Minor Program ERMIN2070 Geography (Science)

Check out...

Learn how to conduct field research at a remote forest field camp for five days in GGR379H5. Ever thought of how snow and ice dominate the Canadian landscape? Seek to understand the dynamics of snow and ice in a hydrological context through GGR317H5.

What can I do with my degree?

The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for Graduates: Resource management specialist; Outdoor guide; Soil conservationist; Pollution control consultant; Habitat researcher; Atmospheric data technician; Agronomist; Water resources specialist.

Workplaces: Government; Utilities; Print, digital and broadcast media; Consulting firms; Transportation; Forestry; Mining.

MAJOR Program Plan

HOW TO USE THIS PROGRAM PLAN

Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you.

Visit www.utm.utoronto.ca/program-plans to create your own plan using [My Program Plan](#). Update your plan yearly.

	1 ST YEAR	2 ND YEAR
PLAN YOUR ACADEMICS*	<p>Enrol in GGR111H5 and GGR112H5. Attain 1.0 credits from Foundational Credits as listed in the Academic Calendar. Acquire 8.0 Field Days by your final year.</p> <p>Choose a program of study (Subject POST) once you complete 4.0 credits. Use Degree Explorer and the Academic Calendar to plan your degree.</p> <p>Develop academic skills and strategies by enrolling in a utmONE First-Year Foundations Course. Build community and gain academic support through LAUNCH. Join a RGASC Peer Facilitated Study Group.</p>	<p>Enrol in GGR276H5 and attain 2.0 credits from a list of courses in the Academic Calendar.</p> <p>Throughout your undergraduate degree:</p> <ul style="list-style-type: none">Use Degree Explorer to ensure you complete your degree and program requirements.See the Office of the Registrar and the Geography Academic Advisor for support.
BUILD SKILLS	<p>Use the Co-Curricular Record (CCR). Search for opportunities beyond the classroom, and keep track of your accomplishments.</p> <p>Attend the Get Hired Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.</p> <p>Attend the Experiential Education Fair.</p>	<p>Use the Career & Co-Curricular Learning Network (CLNx) to find postings for on- and off-campus work and volunteer opportunities.</p> <p>Work on-campus through the Work-Study program. View position descriptions on the CLNx.</p>
BUILD A NETWORK	<p>Networking simply means talking to people and developing relationships with them. Start by joining the Student Association for Geography and Environment (SAGE).</p> <p>Visit the UTM Library Reference Desk.</p>	<p>Do you have a professor you would like to connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don't be shy! Learn Tips On How to Approach a Professor available through the Experiential Education Unit (EEU).</p>
BUILD A GLOBAL MINDSET	<p>Engage with the many programs offered by the International Education Centre (IEC), whether you are an international or domestic student. Consider joining the Canada Eh? day trips or English Language Conversation Circles to deepen your global mindset.</p> <p>First-year international students can also take advantage of THRIVE-IN, a one-day conference dedicated to helping you start your UTM journey successfully.</p>	<p>Participate in International Education Week and engage in programs like Global and Intercultural Fluency Training Series (GIFTS) to build on your leadership and communication skills in global citizenship.</p> <p>Learn about and prepare for a future UTM Abroad Experience through the IEC to strengthen and enhance your intercultural skill set, and learn about other cultures while sharing your own!</p>
PLAN FOR YOUR FUTURE	<p>Start by exploring the UTM Career Centre Model—a chance to reflect and choose what's right for you with guided support. Access MyCareerCentre 24/7 for flexible, interactive career learning at your own pace.</p> <p>Connect with support in-person: Drop-in to an Academic & Career Planning Session to chat with Advisors and Career Counsellors. Visit the Career Corner in the Student Services Hub to chat with a Peer Career Assistant about resources that fit your goals.</p>	<p>Explore your options with the CC's Job Shadow Program, In the Field, or a one-on-one with a Career Counsellor.</p> <p>Thinking about grad school? Attend the Graduate & Professional School Fair, research application requirements, admission tests, and explore funding options.</p> <p>Getting ready for work? Join workshops, drop-ins, and networking events to build experience and confidently share your skills – Register on CLNx.</p>

3 RD YEAR	4 TH OR FINAL YEAR
<p>Attain 3.0 GGR credits at the 300 level from a list of courses in the Academic Calendar.</p> <p>Consider applying for the Research Opportunity Program (ROP) course GGR399Y5. Visit the EEU website for ROP Course Prerequisites.</p> <p>Attend the RGASC's Program for Accessing Research Training (PART) to enhance your research skills.</p>	<p>Attain 0.5 GGR credits at the 400 level from a list of courses in the Academic Calendar. Why not gain experience executing an independent senior thesis? Enrol in JEG417Y5. Speak to the Geography Academic Advisor.</p> <p>Log on to ACORN and request graduation.</p>
<p>Do you want to make UTM eco-friendly? Become a Sustainability Ambassador.</p> <p>Map and analyze vegetation, soils and aquatic systems in the field! Apply for GGR379H5. Speak to the Geography Academic Advisor.</p>	<p>Skills are transferrable to any job regardless of where you develop them. Consider a practical work-based experience through the internship course JEG400/401Y5. Speak to the Geography (Science) Faculty Advisor for details.</p> <p>Planning on Graduate School? Apply to JEG417Y5, an honours thesis course.</p>
<p>Establish a professional presence on social media (e.g., LinkedIn).</p> <p>Attend department research seminars and participate in departmental networking events organized by SAGE.</p> <p>Thinking about life after UTM? Connect with a UTM alumnus through the CSE's Alumni Mentorship Program!</p>	<p>Join a professional association. Check out the Canadian Association of Geographers, Canadian Geophysical Union and the Association of Professional Geoscientists of Ontario. Consider attending one of their local or student conferences.</p>
<p>Expanding your intercultural awareness and developing intercultural skills will help you in your academics, personal growth and are highly sought out by employers.</p> <p>Earn credits overseas! Apply to study for a summer term, or year at one of 170+ universities. Speak to the IEC for details about Course Based Exchange, funding and travel safety. Attend Global Learning Week to learn about the various opportunities available to you!</p>	<p>Engage in programs like ISTEP and THRIVE-OUT to support your transition out of the University!</p>
<p>Need job search support? Book a coaching appointment with an Employment Strategist for personalized guidance.</p> <p>Ready to take the next step for grad school, visit the Pursue Learning section on MyCareerCentre and drop-in to chat with a Career Counsellor about grad school prep tips.</p> <p>Want to grow your network? Attend the Career Centre Networking Series and Let's Talk About events — Register on CLNx.</p>	<p>Join the Now That I'm Graduating, What's Next? session to start building your job search plan. Attend the Sweats to Suits Job Search Conference and discover diverse career pathways.</p> <p>Work with the Employment Strategist team to review your resume and prep for interviews.</p> <p>Still figuring things out? Meet with a Career Counsellor to create a career plan and attend a Career Wellness session to support your well-being along the way.</p>

*Consult the Academic Calendar for greater detail on course requirements, program notes and degree requirements.

GEOGRAPHY (HBSc)

Skills developed in Geography

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Technical: Use specialized field equipment, satellite imagery and state of the art software; apply experience with computer modeling; conduct surveying and sampling; and conduct field studies.

Research: Use statistical applications, as well as gather, organize and analyze data.

Communication: Read and construct graphs/maps; summarize results of experiments; communicate across cultures; and maintain records.

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- Student Association for Geography and Environment (SAGE)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a full listing of clubs on campus visit the **Student Groups and Societies Directory**

Services that support you

- **Accessibility Services (AS)**
- **Career Centre (CC)**
- **Centre for Student Engagement (CSE)**
- **Equity, Diversity & Inclusion Office (EDIO)**
- **Experiential Education Unit (EEU)**
- **Health & Counselling Centre (HCC)**
- **International Education Centre (IEC)**
- **Office of the Registrar (OR)**
- **Recreation, Athletics and Wellness Centre (RAWC)**
- **Robert Gillespie Academic Skills Centre (RGASC)**
- **UTM Library, Hazel McCallion Academic Learning Centre (HMALC)**

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The approximate average required for admission is mid- to high-70s. More information is available at **utm.utoronto.ca/viewbook**.

NOTE: During the application process, applicants will select the Social Sciences admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

How was the surface of the earth shaped? In GGR201H5 you'll learn about energy flows through the land and human modification of the landscape. What is hydrology? Find out in GGR217H5, a course that studies the transfers of water and energy in the Earth system.

Our students use equipment satellite imagery and state-of-the-art computers and software in the GIS laboratory. We also have an active weather station on campus monitoring local weather conditions. Students can run their own project related to weather monitoring using the latest data logging instruments.
