*Department of Visual Studies*

**Visual Culture and Communication (VCC)** is an interdisciplinary undergraduate curriculum that provides students with a foundation in both visual culture and communication studies (history, theory and criticism) and digital communication practices (with courses taught at Sheridan Institute). The program offers grounding in both the analysis of visual culture and the practices of visual communication. Students also take courses that are drawn from the Institute of Communication, Culture, Information and Technology program. Students graduate with an Honours Bachelor of Arts from the University of Toronto.
