INTERNATIONAL AFFAIRS (HBA)

Department of Economics

The International Affairs program provides background and training in the combination of analytical and linguistic skills demanded of individuals who wish to work in an increasingly globalized economy.

We offer a combination of courses that allow the student to acquire full interactive capability in a chosen language, while simultaneously studying institutional and theoretical issues pertaining to political, commercial and economic relationships between nations. This program can be combined with Economics Major (ERMAJ1478).

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

- Learn about working abroad. Read up on worldwide employment trends and industry outlooks through GoinGlobal. Attend the Go Global Expo. See if you are eligible for International Experience Canada.
- Market your skills to employers. Get your resume critiqued at the CC. Attend the CC workshop Now That I’m Graduating What’s Next? Write a strong application for further education. Attend the CC’s Mastering the Personal Statement workshop.
Skills developed in International Affairs

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Interpersonal: build and maintain relationships; work as part of a team; and develop sensitivity to different viewpoints and ideas.

Communication: convey information in a concise and persuasive manner; acquire knowledge of other languages; and understand the process of intercultural negotiation.

Investigative: gain knowledge of international trade, economics, other cultures and political variability, as well as understand global social and economic issues.

Analytical: analyze policy and proposals; examine and critically evaluate evidence; and make decisions about social and political problems.

Get involved

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisite for this program is Advanced Functions. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

Note: During the application process, applicants will select the Social Sciences admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

Why are some countries much richer than others? What are the consequences of opening up trade and investment with the rest of the world? Take ECO202Y5 to discuss these and similar questions.

Are you looking for a deeper analysis of economic models and their application? Then consider enrolling in the Certificate in Advanced Economics.

To achieve the Certificate, you will enrol in 4 courses covering the three main fields of economics: microeconomics, macroeconomics, and econometrics, that help prepare you for graduate and professional studies. The 4 courses are ECO325H5, ECO326H5, ECO375H5, and ECO475H5.
