COMMUNICATION, CULTURE, INFORMATION & TECHNOLOGY (HBA)

Institute of Communication, Culture, Information and Technology

CCIT graduates are prepared for the fastest growing sectors globally – technology and media. Communication, Culture, Information and Technology (CCIT) focuses on the generation, diffusion, and social impact of new technologies, and how media and technologies interact with commerce, culture and communication. The CCIT program combines academic courses in the arts and social sciences taught at UTM with hands-on applied courses in digital media and technology taught at both UTM and the Sheridan Institute of Technology and Advanced Learning, offering an appealing opportunity for students to concurrently obtain both an undergraduate Honours Bachelor of Arts degree and a Certificate in Digital Communications from Sheridan.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

Program of Study (POSt)

Want to learn about User Experience Design? Learn how in CCT380H5. You’ll learn as you study Human-Computer Interaction, interface design, usability assessment and consider issues like accessibility of technology for the disabled. Ever considered an internship? Why not apply for CCT410H5? You will apply the CCIT expertise and knowledge you have gained in class through a part-time unpaid work commitment and earn a course credit.

What can I do with my degree?

The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for graduates: User experience designer; Digital media analyst; IT analyst; User interface designer; IT administrator; Graphics designer; Communications analyst; Public relations associate; Web designer; Business analyst; IT consultant.

Workplaces: E-Commerce; Consulting/Professional services; Public relations; Advertising; Digital marketing; Financial services; Healthcare; Customer service.
HOW TO USE THIS PROGRAM PLAN

Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you.

Visit www.utm.utoronto.ca/program-plans to create your own plan using My Program Plan. Update your plan yearly.

Consult the Academic Calendar for greater detail on course requirements, program notes and degree requirements.

FUTURE FOR YOUR PLAN

MINDSET

GLOBAL BUILD A

BUILD A NETWORK

Attend events held by the International Education Centre (IEC), whether you are an international or domestic student. Explore different cultures through food, music, and sport or through sight-seeing around the GTA.

Start with the International Education Week events and learn about the diversity, culture, and international opportunities on campus!

ENROL in the IEC Meet the Profs Night. Follow the department @iccitum.

Visit the UTM Library Reference Desk.

BUILD A GLOBAL MINDSET

Attend the Program Selection & Career Options workshop offered by the Office of the Registrar and the CC.

Check out Careers at Major at the CC to see potential career options.

CCIT MAJOR Program Plan

1ST YEAR

Enrol in CCT100H5 and 110H5.

Choose a program of study (Subject POS) once you complete 4.0 credits. Use the Degree Explorer Planner and the Academic Calendar to plan your degree.

Start strong and get informed with utmONE and LAUNCH through the Centre for Student Engagement (CSE). Join a RGASC Peer Facilitated Study Group.

BUILD SKILLS

Use the Co-Curricular Record (CCR). Search for opportunities beyond the classroom, and keep track of your achievements.

Attend the Get Experience Fair through the Career Centre (CC) to learn about on- and off-campus opportunities.

Networking simply means talking to people and developing relationships with them. Start by joining the ICCIT Council, attend their Meet the Profs Night. Follow the department @iccitum.

Visit the UTM Library Reference Desk.

2ND YEAR

Enrol in courses CCT206H5, 208H5, 210H5 and one other 200 level CCT/VCC course taught at UTM. Attain 1.0 credits from any 200 level CCT course taught at Sheridan.

Throughout your undergraduate degree:

- use the Degree Explorer to ensure you complete your degree and program requirements
- see the Office of the Registrar and the ICCIT Undergraduate Program Coordinator.

Use the Career Learning Network (CLN) to find postings for on- and off-campus work and volunteer opportunities.

Work on-campus through the Work-Study program. View position descriptions on the CLN.

Do you have a professor you really like or connect with? Ask them a question during office hours. Discuss an assignment. Go over lecture material. Don’t be shy! Learn Tips On How to Approach a Professor available through the Experiential Education Unit (EEU).

Establish a professional presence on social media (e.g., LinkedIn).

Attend an ICCIT Internship Information Sessions and learn more about internships. See CCIT website for details.

What’s your next step after undergrad?

Entering the workforce? Evaluate your career options through a CC Employment Strategies appointment. Consider applying for a Co-Curricular Record (CCR) position.

Co-Curricular Record (CCR)

- Career Counselling appointment
- Create a job search strategy — book a CC Employment Strategies appointment.

Consider further education? Research application requirements, prepare for admission tests (LSAT, GMAT) and research funding options (OGS, SSHRC).

Skills developed in CCIT

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Communication & interpersonal: editing skills; inter-cultural communication skills; create entertaining and persuasive messages; and demonstrate creativity and artistic expression.

Research: gather information and data; evaluate ideas and research; and conduct research on IT.

Problem-solving & critical thinking: critical analysis of media; evaluate information and sources; and application of theoretical knowledge in practical settings.

Technical: create multimedia documents; compare works of Media Art; create powerful images with sight, sound, motion & words; graphic prototyping; production skills for photography; and design websites and other media forms.

Services that support you

- Accessibility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Experiential Education Unit (EEU)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- ICCIT Council
- DEM Society
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Communication, Culture, Information + Technology admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

How has the web influenced culture? Find out in CCT260H5! You’ll also learn how websites are designed and managed. Curious about immersive environment design? Take CCT285H5 to develop skills in the areas of bitmap/vector graphics, audio/visual production and editing, 2D/3D modeling and animation and video game design. If you prefer interactive media design, try your hand at mobile app development and mobile game development in CCT286H5.

Cool research areas in CCIT you can get involved in are: digital marginalization/digital inclusion, mobiles and wearable interaction, game design, gender and technology, mediated communication, digital trace data.
