COMMERCE: ACCOUNTING (BCom)

Department of Management

In the Accounting Specialist students learn the body of knowledge and skills required to become a professional accountant. The program starts with foundational courses in Accounting, Economics and then offers a range of more advanced courses which cover topics and competencies in the professional curricula.

Our students are taught how to think like professionals. This helps prepare students to become Chartered Professional Accountants after graduation. The program produces graduates who have the personal and professional attributes required of professional accountants - graduates who demonstrate initiative and leadership, apply strategic thinking, develop innovative ideas, adapt to change and are strong communicators.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans
