In the Accounting Specialist, students learn the body of knowledge and skills required to become a professional accountant. The program starts with foundational courses in Accounting, Economics and then offers a range of more advanced courses which cover topics and competencies in the professional curricula.

Our students are taught how to think like professionals. This helps prepare students to become Chartered Professional Accountants after graduation. The program produces graduates who have the personal and professional attributes required of professional accountants - graduates who demonstrate initiative and leadership, apply strategic thinking, develop innovative ideas, adapt to change and are strong communicators.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we've pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

Programs of Study (POSt)

- Specialist Program ERSPE1704 Commerce: Accounting (BCom)
- Specialist Program ERSPE2273 Commerce (BCom)
- Major Program ERMAJ1111 Commerce (Arts)

Check out...

COMMERCE: ACCOUNTING

Skills developed in Commerce: Accounting

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Communication: prepare and make oral presentations; write detailed reports; and convey concepts and ideas accurately.

Research & analytical: attention to detail; critical and analytical thinking; evaluate ideas and research; statistical analysis; and computer modeling.

Problem-solving: decision making and interpret research and data.

Organizational: time management; manage multiple priorities during peak times; and application of theoretical knowledge in practical settings (e.g. via internships).

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- UTM Student Management Association (SMA)
- UTM Undergraduate Commerce Society (UCS)
- DECA UTM
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

Services that support you

- Accessibility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Department of Management, Professional Development & Learning Centre (PDLC)
- Experiential Education Unit (EEU)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Li Koon Chun Finance Learning Centre (FLC)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisites for this program are Advanced Functions and Calculus. The approximate average required for admission is mid-80s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Commerce admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

How is accounting used by management? In MGT223H5, you will learn the conceptual and analytical foundations of cost accounting. This course equips students with the tools for establishing costing systems. Expand your understanding of Financial Accounting in MGT220H5. This course uses cases to develop critical thinking and communication skills. Topics of study include accounting’s conceptual framework, accounting for assets, and valuation of bonds.

The Accounting specialist program is taught by a team of academics and professional accountants, with leading edge expertise and strong connections to the accounting profession.
