COMMERCE: FINANCE (BCom)  
Department of Management

Many students are interested in careers in financial institutions, or within the finance functional area of corporations or other large organizations. The Commerce Specialist program in Finance includes courses covering corporate finance, investment theory, financial derivatives (futures and options), financial management, mergers and acquisitions, security analysis, behavioural finance, fixed income and international finance. These courses provide a solid foundation for understanding how funds are raised in the capital markets, and how organizations allocate their financial resources efficiently.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisites for this program are Advanced Functions and Calculus. The approximate average required for admission is mid-80s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Commerce admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

Develop critical thinking and communication skills using cases to expand knowledge of financial accounting in MGT220H5. Topics include accounting’s conceptual framework, analysis of business and financial statements, accounting for assets, and valuation of bonds. How are investment decisions made? Find out in MGT338H5. This course analyzes the financial investment decision-making process of individuals and firms. It provides an introduction to present-value techniques, capital budgeting decision-rules, the problem of investment under uncertainty, and portfolio theory.
