The Commerce program combines economics and the various sub-disciplines of management enabling students to develop analytical skills and gain knowledge of institutions. This background is useful for solving problems and making decisions in business and government environments. Courses are taught by internationally recognized scholars and educators with outstanding academic and professional qualifications. Career success upon graduation requires the social skills, professionalism and maturity developed through active participation in the extensive extra-curricular programming activities offered by the Department of Management, and our undergraduate societies. Activities include competitions, seminars and workshops.

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans
