

FINANCIAL ECONOMICS (HBSc)

Department of Economics

Financial Economics is a limited-entry program intended for students planning careers in finance or analysis, and is an excellent program for students considering graduate studies in Economics or Financial Economics. Economics is a social science that encompasses a particular range of human behaviour and has a strong influence on the structure, well-being, and development of a society. It deals with any issue arising out of the conflict between the demand for goods and services and a limited supply of resources.

Undergraduate training in Economics is intended to familiarize students with the discipline of economic thinking and to equip them for intelligent appraisal of contemporary economic problems. It is also intended to make students aware of the nature of economic science and of the directions in which economic theory is moving.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we've pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using **My Program Plan** found at www.utm.utoronto.ca/program-plans

Program of Study (POSt)

- Specialist Program ERSPE2722 Financial Economics (Science)

Evaluate your career options through a CC Career Counselling appointment. Create a job search strategy — book a CC Employment Strategies appointment.</p> <p>Considering further education? Research application requirements, prepare for admission tests (LSAT, GMAT) and research funding options (OGS, SSHRC).</p>	<p>Market your skills to employers. Get your resume critiqued at the CC. Attend the CC workshop Now That I'm Graduating What's Next?</p> <p>Write a strong application for further education. Attend the CC's Mastering the Personal Statement workshop.</p>

*Consult the Academic Calendar for greater detail on course requirements, program notes and degree requirements.

FINANCIAL ECONOMICS

Skills developed in Financial Economics

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Communication: explain complex concepts and theories to others.

Information gathering: analyze the multiple dimensions of a problem and select what is important, as well as understand the impact of factors influencing economic growth.

Critical thinking & problem-solving: analyze problems and organize ways of thinking about problems to strategize options.

Research & statistics: gather economic data relevant to a research problem; employ data analysis research techniques such as statistical analysis and modeling; and strong background in economic theory and econometrics.

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- Undergraduate Economics Council (UEC)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

Services that support you

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisite for this program is Advanced Functions. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Social Sciences admissions category, but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

Get introduced to economics! In ECO100Y5 you will learn about national income and its determination; monetary and fiscal techniques; and the theory of the firm. What is microeconomic theory? Find out in ECO206Y5! Topics include oligopoly, pricing, resource allocation, income distribution and welfare economics.

Economics is one of the most popular disciplines among students at UTM. Nearly 50 per cent of all incoming students at UTM take at least one course in economics during their undergraduate studies.
