FORENSIC SCIENCE (HBSc)

Forensic Science Program

Forensic Science is the study of physical evidence in a modern legal context. It is best defined as “science in service to the courts.” UTM’s Forensic Science program, the first of its kind in Canada, is designed to provide students with an understanding of scientific analyses, theories, laboratory skills, applications, and field techniques — while allowing the student to emphasize one particular area in greater detail.

We have developed well-established partnerships with organizations including the Centre of Forensic Sciences, the Office of the Chief Coroner for the Province of Ontario, the Ontario Provincial Police, the RCMP, and numerous other police services and agencies worldwide.

MAKE THE MOST OF YOUR TIME AT UTM!

We want to help you maximize your university experience, so we’ve pulled together information and interesting suggestions to get you started, although there are many more! As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM. Read through the chart and create your own plan using My Program Plan found at www.utm.utoronto.ca/program-plans

Programs of Study (POST)

• Major Program ERMAJ0205 Forensic Science (Science)
• Minor Program ERMIN0205 Forensic Science

Check out...

How can a body be used as forensic evidence? Take FSC316H5 and find out about autopsy procedures, pathology, identification, forensic imaging, and more. Take FSC407H5 to learn forensic field techniques like collecting and analyzing evidence found at a ‘crime scene’, in the UTM Forensic Science Crime Scene House.

What can I do with my degree?

The career you choose will depend on your experience and interests. Visit the Career Centre to explore your career options.

Careers for Graduates: Coroner; Forensics scientist; Operations research analyst; Computer-related crime investigator; Image enhancement specialist; Polygraph examiner; Speech scientist; Law enforcement.

Workplaces: Government; Forensic laboratories; Medical examiners/coroner offices; Hospitals; Toxicology Laboratories; Police agencies; Insurance companies.
**FORENSIC SCIENCE MAJOR Program Plan**

---

### 1ST YEAR

**Enrol in courses**: BIO152H5, 153H5, CHM110H5, 120H5; FSC238Y5; MAT135H5 (134H5/135H5); 136H5/137H5; PHY113H5, 114H5, 137H5, 138H5.

**Choose a program of study**: Subject P390. Once you complete 4.0 credits, use the Degree Explorer and the Academic Calendar to plan your degree.

**Develop foundational academic skills and strategies** by enrolling in a uTASk course. Build community and gain academic support through LAUNCH. Join a RAGSO Peer Facilitated Study Group.

---

### 2ND YEAR

**Enrol in courses**: CHM242H5, 243H5; FSC271H5; STA215H5/220H5.

**Consider applying for the Research Opportunity Program (RGP)** course FSC399Y. Visit the EEU website for RGP Course Prerequisites. Attend the RAGSO's P.A.R.T. to enhance your research skills.

**Use the Co-Curricular Record (CCR)**. Search for opportunities beyond the classroom, and keep track of your accomplishments.

**Attend the Get Experience Fair** through the Career Centre (CC) to learn about on- and off-campus opportunities.

**Attend the Experiential Education Fair**.

**Networking simply means talking to people and developing relationships with them**. Start by joining the UTM Forensics Society (IVNVI). Find them on Facebook and other social media platforms.

**Visit the UTM Library Reference Desk**.

---

### 3RD YEAR

**Enrol in courses**: FSC303H5/300H5; 330H5, 360H5.

**Throughout your undergraduate degree**:

- Use the Degree Explorer to ensure you complete your degree and program requirements.
- See the Office of the Registrar and the Forensic Science Academic Advisor for assistance.

**Become a volunteer in the Forensic Science Outreach Program**. Train as a Certified Forensic Science Volunteer and make a difference in the community.

**Explore your interests. Why not pass on your passion for science?**

**UTM Let's Talk Science Outreach Volunteer**. Get involved in social change, community development, and contribute to a community-based project.

**Engage in programs like the Global and Intercultural Fluency Training Series (GIFTS)**. Learn techniques forensic scientists use in the field and analyze evidence found in a crime scene! Attend the Experiential Education Unit Student Ambassador and earn a CCR notation.

**Establish a professional presence on social media (e.g., LinkedIn)**. Learn about local issues! Consider a CSE. Alternative Reading Week (ARW) to become engaged with the local community, involved in social change, community development, and contribute to a community-based project.

**Learn about working abroad**. Read up on worldwide employment trends and industry outlooks through GoinGlobal. Attend the Go Global Expo to learn about opportunities. See if you are eligible for International Experience Canada.

**Earn credits overseas!** Apply to study for a summer, term or year at one of 140+ universities. The Forensic Science department has identified partners which are most relevant to our students. Speak to the IEC for details about opportunities, funding and travel availability.

**What's your next step after undergrad?**

**Entering the workforce?** Evaluate your career options through a CC to see potential career options.

**Consider further education?** Attend the CC's Further Education Showcase. Talk to professors – they are potential mentors and references.

**Market your skills to employers.** Get your resume critiqued at the CC. Attend the CC workshop Now That I'm Graduating What's Next?

**Write a strong application for further education.** Attend the CC's Mastering the Personal Statement workshop.

---

### 4TH OR FINAL YEAR

**Attend the Get Experience Fair** through the Career Centre (CC) to learn about on- and off-campus opportunities.

**Attend the Experiential Education Fair**.

**Networking simply means talking to people and developing relationships with them**. Start by joining the UTM Forensics Society (IVNVI). Find them on Facebook and other social media platforms.

**Visit the UTM Library Reference Desk**.

### HOW TO USE THIS PROGRAM PLAN

Read through each year. Investigate what appeals to you here and in any other Program Plans that apply to you.

Visit [www.utm.utoronto.ca/program-plans](http://www.utm.utoronto.ca/program-plans) to create your own plan using My Program Plan. Update your plan yearly.

---

Visit [www.utm.utoronto.ca/program-plans](http://www.utm.utoronto.ca/program-plans) for the online version and links.
Skills developed in Forensic Science

To be competitive in the job market, it is essential that you can explain your skills to an employer. Visit the Career Centre to learn how to articulate and market the following skills:

Technical: make and record accurate measurements; make observations, draw diagrams and take photographs; crime scene investigation; and use statistical tests.

Communication: report writing; verbal testimony; understanding of cultural diversity; translate scientific evidence; and analyze and present data.

Organizational: casework; teamwork; and understanding legal issues related to evidence.

Problem-solving: identify alternative solutions and interpret lab findings.

Research: draw conclusions based on the evidence obtained and communicate results of investigative work through proper channels based on the conclusions drawn.

Get involved

Check out the 100+ student organizations on campus. Here are a few:

- UTM Forensics Society (IVNVI)
- UTM Student Union (UTMSU)
- UTM Athletics Council (UTMAC)

For a listing of clubs on campus visit www.utm.utoronto.ca/clubs.

Services that support you

- Accessibility Services (AS)
- Career Centre (CC)
- Centre for Student Engagement (CSE)
- Experiential Education Unit (EEU)
- Health & Counselling Centre (HCC)
- Indigenous Centre (IC)
- International Education Centre (IEC)
- Office of the Registrar (OR)
- Recreation, Athletics and Wellness Centre (RAWC)
- Robert Gillespie Academic Skills Centre (RGASC)
- UTM Library, Hazel McCallion Academic Learning Centre (HMALC)

FUTURE STUDENTS

Admission to UTM

All program areas require an Ontario Secondary School Diploma, or equivalent, with six Grade 12 U/M courses, or equivalent, including English. The admission average is calculated with English plus the next best five courses. The Grade 12 prerequisites for this program are Advanced Functions, Biology, Chemistry and Physics. The approximate average required for admission is mid- to high-70s. More information is available at utm.utoronto.ca/viewbook.

NOTE: During the application process, applicants will select the Forensic Science admissions category but will not officially be admitted to a formal program of study (Specialist, Major, and/or Minor) until after first year.

Sneak Peek

What is the role of a coroner? Take FSC239Y to find out about crime scene investigation, the role of the expert witness, forensic pathology, forensic chemistry, forensic botany, forensic entomology, forensic anthropology, forensic dentistry, psychology and toxicology.

Our courses provide students the opportunity to learn about all aspects of forensic science in the classroom and to apply their knowledge to practical assignments using state-of-the-art technology and instruments. Courses are taught by professionals who bring their own expertise and unique field experience to the classroom.
