Theatre & Drama Studies, offered jointly with Sheridan College, involves the study of plays, actors, theatres, designers and audiences from the classical Greek stage to the most modern experimental performance. We give students the opportunity to earn a two-year (equivalent) conservatory diploma in professional actor training from Sheridan within a Specialist degree in performance history and theory and dramatic literature from UTM. This high-powered combined program prepares students for a career on the stage or behind the scenes in the professional theatre world, or for drama teaching at the high school or university level.
