VISUAL CULTURE & COMMUNICATION (HBA)

Department of Visual Studies

Visual Culture and Communication (VCC) is an interdisciplinary undergraduate curriculum that provides students with a foundation in both visual culture and communication studies (history, theory and criticism) and digital communication practices (with courses taught at Sheridan Institute). The program offers grounding in both the analysis of visual culture and the practices of visual communication. Students also take courses that are drawn from the Institute of Communication, Culture, Information and Technology program. Students graduate with an Honours Bachelor of Arts from the University of Toronto and a certificate in Digital Communications from Sheridan.

As you review the chart on the inside pages, note that many of the suggestions need not be restricted to the year they are mentioned. In fact, activities such as joining an academic society, engaging with faculty and seeking opportunities to gain experience should occur in each year of your study at UTM.
