## Course Description

This course is intended to provide you with a strong introduction to the field of abnormal psychology. We will examine contemporary issues in theory and research on abnormal behaviour and its treatment. Topics include the definition of abnormal behaviour, causes and treatment of disorders, diagnosis and assessment, incidence and prevalence, biological and psychological interventions, prevention, as well as legal and ethical issues.

## Learning Outcomes

By the end of this course, students should be able to:

- Identify key concepts, principles, and theoretical approaches in abnormal psychology
- Describe & apply diagnostic criteria to real world cases/behaviour
- Explain how developmental, experiential, and biological factors interact to shape mental processes and behaviour
- Describe psychological research techniques and their assumptions
- Analyze & critique empirical evidence of the efficacy of various treatment methods
- Demonstrate an understanding of the ethical concerns of abnormal psychology
- Communicate clearly and concisely

## Course Evaluation

### In-class Participation (10% of final grade) – Ongoing throughout course

- Participation is based on active engagement during each synchronous class session (excluding lecture 1).
- In each class session there will be 5 questions of various types (e.g., survey/opinion, review based on previous lecture, concept check of current lecture material) that will be asked throughout or an in-class activity.
- Each response submitted and recorded is worth 1 participation point.
- At the end of each week, participation points will be posted on Quercus for students.
- At the end classes in June, participation % will be determined as follows:
  - 40-50 points in total recorded = 100% participation
  - 30-39 points in total recorded = 80% participation
  - < 39 points in total recorded = number of points recorded determines participation grade
- There is no make up for missing in-class participation. However:
  - A student can arrange with the instructor *at least 48 hours before the missed lecture*

to submit participation responses via an alternative means (no exceptions)

- An optional survey will be available on Quercus toward the end of the course as an opportunity to earn up to 5 participation points outside of synchronous class time (NOTE: the maximum # of participation points that can be earned is 50).
- In-class participation points will be submitted and recorded via the “Top Hat” ([www.tophat.com](http://www.tophat.com)) classroom response system. You will be able to submit answers in class using wi-fi capable devices such as smartphones, tablets, and laptops. If you don’t have a such a device in class, alternative means of completing in-class participation can be set up with the instructor before each class (you can use a scantron sheet provided at the beginning of class and return it after each class).
  - Here is the Top Hat Join Code: 420651

#### **Discussion Board Post (5% of final grade) – May 18<sup>th</sup> due by 11:59pm on Quercus**

- Students will contribute to course online community by creating a discussion board post related to course content. See Quercus for detailed instructions and rubric.
- There is a -10% penalty per day late.

#### **Midterm test (25% of final grade) – May 25<sup>th</sup> (in-person)**

- The test be a time-limited (2 hours), in-person during test held during regular class time.
- The test will cover all material associated with lectures 1, 2, 3 & 4
- The test will consist of multiple choice and short answer questions. See Quercus for detailed instructions.

#### **Case Study Assignment (20% of final grade) – due by 11:59pm on June 15<sup>th</sup> on Quercus**

- In this assignment students will apply diagnostic criteria to real-world case studies & use the empirical literature to decide treatment strategies. See Quercus for detailed instructions.
- There is a -10% penalty per day late
- Blank, corrupted or unreadable files or papers for another course will be assigned a score of zero.

#### **Final Examination (40% of final grade) – TBA, during June 2022 examination period (in-person)**

- The exam will be a time-limited (2 hours), in-person test held during the Registrar’s office examination period.
- The exam will consist of multiple choice and short answer questions and is not cumulative.
- The exam will cover all material associated with lectures 5, 6, 7, 8, 9, 10 & 11
- See Quercus for detailed instructions.

## **Plagiarism Detection Tool**

Normally, students will be required to submit their course essays to the University’s plagiarism detection tool for a review of textual similarity and detection of possible plagiarism. In doing so, students will allow their essays to be included as source documents in the tool’s reference database, where they will be used solely for the purpose of detecting plagiarism. The terms that apply to the University’s use of this tool are described on the Centre for Teaching Support & Innovation web site (<https://uoft.me/pdt-faq>).

Students who wish to opt-out of using the University’s plagiarism detection tool for the case study assignment must notify the instructor (via Quercus inbox message/email) *no later than 5PM on May 11<sup>th</sup>*.

Upon receipt of notification, the instructor will request that the student provide *all* rough work (including, but not limited to, call numbers and/or URLs for all cited sources) when submitting their case study assignment.

## IMPORTANT COURSE POLICIES \*\*PLEASE READ\*\*

### **Missed Test Special Consideration Request Process**

Students who miss a test due to circumstances beyond their control (e.g. illness or an accident) can request that the Department grant them special consideration. Students must present their case to the Department (NOT the Instructor) by submitting a request via the online Special Consideration Request form at:

<https://utmapp.utm.utoronto.ca/SpecialRequest>.

**Important note:** Once the test/exam is available online and you're unable to write or have an approved request to miss, **DO NOT** at any point attempt to access the test/exam. If at any time you access the test/exam, you will **NOT** be able to submit a special consideration and/or your request will be refused.

**If your request is approved by the department, the weight of the missed test will be equally redistributed to the case study assignment and the final exam.**

### **Extension of Time Special Consideration Request Process**

Students who seek to be granted more time to complete their term work beyond the due date without penalty, owing to circumstances beyond their control (e.g., illness, or an accident), must do so by submitting a request **directly to the Instructor** for the period up to and including the last day of the term. The decision as to whether or not to apply a penalty for the specified period rests with the Instructor.

Students who seek to be granted more time to complete term work beyond the last day of the term must submit their request directly to the Department. This request covers the period following the last day of classes and ends the last day of the exam period. This is done by submitting a request via the online Special Consideration Request form at <https://utmapp.utm.utoronto.ca/SpecialRequest>. You are advised to seek advising by the departmental Undergraduate Counsellor prior to the deadline.

### **Supporting Documentation**

The University is temporarily suspending the need for a doctor's note or medical certificate for any absence from academic participation. However, you are required to use the Absence Declaration tool on ACORN found

in the Profile and Settings menu to formally declare an absence from academic participation. The tool is to be used if you require consideration for missed academic work based on the procedures specific to our campus/department.

### **Missed Final Exam or Extension of Time beyond exam period**

Missed final exams or for extensions of time beyond the examination period you must submit a petition through the Office of the Registrar. <http://www.utm.utoronto.ca/registrar/current-students/petitions> and follow their procedures.

### **Penalties for Lateness**

A penalty of 10% per calendar day (i.e., including week-ends and holidays, during which students are not able to submit term work) up to and including the last day of classes, will be applied by the Instructor. After the last day of classes, the penalty of 10% per calendar day will be applied by the Undergraduate Counsellor on behalf of the Department. No penalty will be assigned if request for special consideration, described above, was successful.

### **Academic Guidelines**

It is your responsibility to ensure that you have met all prerequisites listed in the UTM Calendar for this course. If you lack any prerequisites you WILL BE REMOVED from the course up until the last day to add a course. Further information about academic regulations, course withdrawal dates and credits can be found in the University of Toronto Mississauga Calendar at: <http://www.erin.utoronto.ca/regcal/>.

You are encouraged to read this material. If you run into trouble and need advice about studying, preparing for exams, note taking or time management, free workshops and advice are available from the Robert Gillespie Academic Skills Centre at 905-828-5406.

### **AccessAbility Services**

The University provides academic accommodations for students with disabilities in accordance with the terms of the Ontario Human Rights Code. This occurs through a collaborative process that acknowledges a collective obligation to develop an accessible learning environment that both meets the needs of students and preserves the essential academic requirements of the University's courses and programs. Students requiring academic accommodations for learning, physical, sensory, or mental health disabilities or medical conditions should contact the AccessAbility Office (2037B Davis Building), 905-828-3847.

### **Privacy and Copyright Disclaimer**

#### ***Notice of video recording and sharing (Download and re-use prohibited) if applicable***

This course, including your participation, will be recorded on video and will be available to students in the course for viewing remotely and after each session. Course videos and materials belong to your instructor, the University, and/or other sources depending on the specific facts of each situation, and are protected by copyright. Do not download, copy, or share any course or student materials or videos without the explicit permission of the instructor. For questions about recording and use of videos in which you appear please contact your instructor.

Lectures and course materials prepared by the instructor are considered by the University to be an instructor's intellectual property covered by the Copyright Act, RSC 1985, c C-42. Course materials such as PowerPoint slides and lecture recordings are made available to you for your own study purposes. These materials cannot

be shared outside of the class or “published” in any way. Posting recordings or slides to other websites without the express permission of the instructor will constitute copyright infringement.

### **Academic Honesty and Plagiarism**

Academic integrity is essential to the pursuit of learning and scholarship in a university, and to ensuring that a degree from the University of Toronto Mississauga is a strong signal of each student’s individual academic achievement. As a result, UTM treats cases of cheating and plagiarism very seriously.

The University of Toronto’s Code of Behaviour on Academic Matters outlines behaviours that constitute academic dishonesty and the process for addressing academic offences. Potential offences include, but are not limited to:

#### In papers and assignments:

1. Using someone else’s ideas or words without appropriate acknowledgement.
2. Submitting your own work in more than one course without the permission of the instructor.
3. Making up sources or facts.
4. Obtaining or providing unauthorized assistance on any assignment.

#### On tests and exams:

1. Using or possessing unauthorized aids.
2. Looking at someone else’s answers during an exam or test.
3. Misrepresenting your identity.

#### In academic work:

1. Falsifying institutional documents or grades.
2. Falsifying or altering any documentation required, including (but not limited to) doctor’s notes.

With regard to remote learning and online courses, UTM wishes to remind students that they are expected to adhere to **the Code of Behaviour on Academic Matters** regardless of the course delivery method. By offering students the opportunity to learn remotely, UTM expects that students will maintain the same academic honesty and integrity that they would in a classroom setting. Potential academic offences in a digital context include, but are not limited to:

#### Remote assessments:

1. Accessing unauthorized resources (search engines, chat rooms, Reddit, etc.) for assessments.
2. Using technological aids (e.g. software) beyond what is listed as permitted in an assessment.
3. Posting test, essay, or exam questions to message boards or social media.
4. Creating, accessing, and sharing assessment questions and answers in virtual “course groups.”
5. Working collaboratively, in-person or online, with others on assessments that are expected to be completed individually.

All suspected cases of academic dishonesty will be investigated following procedures outlined in the Code of Behaviour on Academic Matters. If you have questions or concerns about what constitutes appropriate

academic behaviour or appropriate research and citation methods, you are expected to seek out additional information on academic integrity from your instructor or from other institutional resources.

### **Academic Rights**

You, as a student at UTM, have the right to:

- Receive a syllabus by the first day of class.
- Rely upon a syllabus once a course is started. An instructor may only change marks' assignments by following the University Assessment and Grading Practices Policy provision 1.3.
- Refuse to use turnitin.com (you must be offered an alternative form of submission).
- Have access to your instructor for consultation during a course or follow up with the department chair if the instructor is unavailable.
- Ask the person who marked your term work for a re-evaluation if you feel it was not fairly graded. You have up to one month from the date of return of the item to inquire about the mark. If you are not satisfied with a re-evaluation, you may appeal to the instructor in charge of the course if the instructor did not mark the work. If your work is remarked, you must accept the resulting mark. You may only appeal a mark beyond the instructor if the term work was worth at least 20% of the course mark.
- Receive at least one significant mark (15% for H courses, 25% for Y courses) before the last day you can drop a course for H courses, and the last day of classes in the first week of January for Y courses taught in the Fall/Winter terms.
- Submit handwritten essays so long as they are neatly written.
- Have no assignment worth 100% of your final grade.
- Not have a term test worth more than 25% in the last two weeks of class.
- Retain intellectual property rights to your research.
- Receive all your assignments once graded.
- View your final exams. To see a final exam, you must submit an online Exam Reproduction Request within 6 months of the exam. There is a small non-refundable fee.
- Privacy of your final grades.
- Arrange for representation from Downtown Legal Services (DLS), a representative from the UTM Students' Union (UTMSU), and/or other forms of support if you are charged with an academic offence.

### **Equity Statement**

The University of Toronto is committed to equity and respect for diversity. All members of the learning environment in this course should strive to create an atmosphere of mutual respect. As a course instructor, I will neither condone nor tolerate behaviour that undermines the dignity or self-esteem of any individual in this course and wish to be alerted to any attempt to create an intimidating or hostile environment. It is our collective responsibility to create a space that is inclusive and welcomes discussion. Discrimination, harassment and hate speech will not be tolerated. If you have any questions, comments, or concerns you may contact the UTM Equity and Diversity officer at [edo.utm@utoronto.ca](mailto:edo.utm@utoronto.ca) or the University of Toronto Mississauga Students' Union Vice President Equity at [vpequity@utmsu.ca](mailto:vpequity@utmsu.ca).

**Please note that this outline is subject to change depending on the needs of the class (we may need additional time to cover a topic). Any changes to the syllabus will be announced in class one week before. However, the assignment and test dates are fixed.**
