

PSY240H5S - Introduction to Abnormal Psychology

Wednesday 6:00pm – 9:00pm

Online Synchronous

Course Delivery

ONLINE VIA QUERCUS:

This course will be taught using a combination of asynchronous and synchronous elements. Lectures will be given as a series of short videos, totaling 2-3 hours per lecture, posted to Quercus on or before the date for each lecture (see outline below). You will be able to access this content at your own pace.

Students will have the opportunity for synchronous online office hours weekly and synchronous online collaboration with peers via Bb Collaborate. Discussion boards will also be available for course-related questions and discussions.

Quizzes, the midterm test and the final exam will be time-limited and administered as Quercus quizzes. The assignment will be submitted via Quercus.

Leanna Kalinowski

leanna.kalinowski@mail.utoronto.ca

Rachel Forbes

rachel.forbes@mail.utoronto.ca

TA virtual office hours: TBA on Quercus after term work is return

Contact Policy

- Content-related questions are to be posted to the appropriate Course discussion board.
- TA-issued grade concerns are to be directed to the appropriate TA during their office hours.

All other concerns are to be directed to the instructor unless otherwise directed (See Quercus for more information) via **Quercus inbox**.

If you send an email, please use an official utoronto.ca account and make sure to put “**PSY240**” in the subject line. **For all inquiries allow 48 hours for a response.**

Course Description

This course is intended to provide you with a strong introduction to the field of abnormal psychology. We will examine contemporary issues in theory and research on abnormal behaviour and its treatment. Topics include the definition of abnormal behaviour, causes and treatment of disorders, diagnosis and assessment, incidence and prevalence, biological and psychological interventions, prevention, as well as legal and ethical issues.

Learning Outcomes

By the end of this course, students should be able to:

- Identify key concepts, principles, and theoretical approaches in abnormal psychology
- Describe & apply diagnostic criteria to real world cases/behaviour
- Explain how developmental, experiential, and biological factors interact to shape mental processes and behaviour
- Describe psychological research techniques and their assumptions
- Analyze & critique empirical evidence of the efficacy of various treatment methods
- Demonstrate an understanding of the ethical concerns of abnormal psychology
- Communicate clearly and concisely

Reading Material

Nevid, J., Greene, B., Knight, L., Johnson, P., & Taylor, S. (2019). *Essentials of Abnormal Psychology in a Changing World* (4th Canadian Edition). Pearson Education Canada. ISBN: 9780134048703

Course Evaluation

Quercus Module Graded Quizzes (3% x 5 quizzes = 15% of final grade) – Ongoing throughout course

- These module quizzes are designed to help students keep up with and consolidate material as well as gauge their own learning on a timely basis.
- Each module’s quizzes are available after lecture for 1 week and must be submitted during that time period to be counted toward final grade (See below for module quiz schedule).
- The best 5 of 8 quiz scores will count toward final grade.

Midterm test (30% of final grade) – February 10 on Quercus

- The test be a time-limited (2 hours), synchronous test during regular class time.
- The test will cover all material associated with lectures 1, 2, 3, 4 & 5
- The test will consist of multiple choice and short answer questions. See Quercus for detailed instructions.

Case Study Assignment (20% of final grade) – due by 11:59pm on March 31st on Quercus

- In this assignment students will apply diagnostic criteria to real-world case studies & use the empirical literature to decide treatment strategies. See Quercus for detailed instructions.
- There is a -10% penalty per day late

Final Examination (35% of final grade) – TBA, during April 2021 examination period

- The exam will be a time-limited (2 hours), synchronous test held during the Registrar's office examination period.
- The exam will consist of multiple choice and short answer questions and is not cumulative.
- The exam will cover all material associated with lectures 6, 7, 8, 9, 10 & 11
- See Quercus for detailed instructions.

Course Webpage

The website associated with this course is accessible via <http://q.utoronto.ca>

Note: You don't need to create a new login for Canvas; it already knows who you are. You just need your UTORid and password. This is the same login that gets you onto the wireless network with your laptop, and the same one that you use to check your email. If you're confused about your UTORid or don't remember your password, go to: <https://www.utorid.utoronto.ca/>

In order to access course material, monitor course information, and view your grades you must log into Canvas. If you have any general questions regarding Canvas, please visit the following help site:
<https://library.utm.utoronto.ca/faculty/canvas>

IMPORTANT COURSE POLICIES **PLEASE READ**

Missed Test Special Consideration Request Process

Students who miss a test due to circumstances beyond their control (e.g. illness or an accident) can request that the Department grant them special consideration. Students must present their case to the Department (NOT the Instructor) by submitting a request via the online Special Consideration Request form at: <https://utmapp.utm.utoronto.ca/SpecialRequest>.

Important note: Once the test/exam is available online and you're unable to write or have an approved request to miss, **DO NOT** at any point attempt to access the test/exam. If at any time you access the test/exam, you will **NOT** be able to submit a special consideration and/or your request will be refused.

If your request is approved by the department, the weight of the missed test will be equally redistributed to the case study assignment and the final exam.

Extension of Time Special Consideration Request Process

Students who seek to be granted more time to complete their term work beyond the due date without penalty, owing to circumstances beyond their control (e.g., illness, or an accident), must do so by submitting a request **directly to the Instructor** for the period up to and including the last day of the term. The decision as to whether or not to apply a penalty for the specified period rests with the Instructor.

Students who seek to be granted more time to complete term work beyond the last day of the term must submit their request directly to the Department. This request covers the period following the last day of classes and ends the last day of the exam period. This is done by submitting a request via the online Special Consideration Request form at <https://utmapp.utm.utoronto.ca/SpecialRequest>. You are advised to seek advising by the departmental Undergraduate Counsellor prior to the deadline.

Supporting Documentation

The University is temporarily suspending the need for a doctor's note or medical certificate for any absence from academic participation. However, you are required to use the Absence Declaration tool on ACORN found in the Profile and Settings menu to formally declare an absence from academic participation. The tool is to be used if you require consideration for missed academic work based on the procedures specific to our campus/department.

Missed Final Exam or Extension of Time beyond exam period

Missed final exams or for extensions of time beyond the examination period you must submit a petition through the Office of the Registrar. <http://www.utm.utoronto.ca/registrar/current-students/petitions> and follow their procedures.

Penalties for Lateness

A penalty of 10% per calendar day (i.e., including week-ends and holidays, during which students are not able to submit term work) up to and including the last day of classes, will be applied by the Instructor. After the last day of classes, the penalty of 10% per calendar day will be applied by the Undergraduate Counsellor on behalf of the Department. No penalty will be assigned if request for special consideration, described above, was successful.

Academic Guidelines

It is your responsibility to ensure that you have met all prerequisites listed in the UTM Calendar for this course. If you lack any prerequisites you WILL BE REMOVED from the course up until the last day to add a course. Further information about academic regulations, course withdrawal dates and credits can be found in the University of Toronto Mississauga Calendar at: <http://www.erin.utoronto.ca/regcal/>.

You are encouraged to read this material. If you run into trouble and need advice about studying, preparing for exams, note taking or time management, free workshops and advice are available from the Robert Gillespie Academic Skills Centre at 905-828-5406.

AccessAbility Services

The University provides academic accommodations for students with disabilities in accordance with the terms of the Ontario Human Rights Code. This occurs through a collaborative process that acknowledges a collective obligation to develop an accessible learning environment that both meets the needs of students and preserves the essential academic requirements of the University's courses and programs. Students requiring academic accommodations for learning, physical, sensory, or mental health disabilities or medical conditions should contact the AccessAbility Office (2037B Davis Building), 905-828-3847.

Privacy and Copyright Disclaimer

Notice of video recording and sharing (Download and re-use prohibited)

This course, including your participation, will be recorded on video and will be available to students in the course for viewing remotely and after each session. Course videos and materials belong to your instructor, the University, and/or other sources depending on the specific facts of each situation, and are protected by copyright. Do not download, copy, or share any course or student materials or videos without the explicit permission of the instructor. For questions about recording and use of videos in which you appear please contact your instructor.

Lectures and course materials prepared by the instructor are considered by the University to be an instructor's

intellectual property covered by the Copyright Act, RSC 1985, c C-42. Course materials such as PowerPoint slides and lecture recordings are made available to you for your own study purposes. These materials cannot be shared outside of the class or “published” in any way. Posting recordings or slides to other websites without the express permission of the instructor will constitute copyright infringement.

Academic Honesty and Plagiarism

Academic integrity is essential to the pursuit of learning and scholarship in a university, and to ensuring that a degree from the University of Toronto Mississauga is a strong signal of each student’s individual academic achievement. As a result, UTM treats cases of cheating and plagiarism very seriously.

The University of Toronto’s Code of Behaviour on Academic Matters outlines behaviours that constitute academic dishonesty and the process for addressing academic offences. Potential offences include, but are not limited to:

In papers and assignments:

1. Using someone else’s ideas or words without appropriate acknowledgement.
2. Submitting your own work in more than one course without the permission of the instructor.
3. Making up sources or facts.
4. Obtaining or providing unauthorized assistance on any assignment.

On tests and exams:

1. Using or possessing unauthorized aids.
2. Looking at someone else’s answers during an exam or test.
3. Misrepresenting your identity.

In academic work:

1. Falsifying institutional documents or grades.
2. Falsifying or altering any documentation required, including (but not limited to) doctor’s notes.

With regard to remote learning and online courses, UTM wishes to remind students that they are expected to adhere to **the Code of Behaviour on Academic Matters** regardless of the course delivery method. By offering students the opportunity to learn remotely, UTM expects that students will maintain the same academic honesty and integrity that they would in a classroom setting. Potential academic offences in a digital context include, but are not limited to:

Remote assessments:

1. Accessing unauthorized resources (search engines, chat rooms, Reddit, etc.) for assessments.
2. Using technological aids (e.g. software) beyond what is listed as permitted in an assessment.
3. Posting test, essay, or exam questions to message boards or social media.
4. Creating, accessing, and sharing assessment questions and answers in virtual “course groups.”
5. Working collaboratively, in-person or online, with others on assessments that are expected to be completed individually.

All suspected cases of academic dishonesty will be investigated following procedures outlined in the Code of Behaviour on Academic Matters. If you have questions or concerns about what constitutes appropriate academic behaviour or appropriate research and citation methods, you are expected to seek out additional information on academic integrity from your instructor or from other institutional resources.

Academic Rights

You, as a student at UTM, have the right to:

- Receive a syllabus by the first day of class.
- Rely upon a syllabus once a course is started. An instructor may only change marks' assignments by following the University Assessment and Grading Practices Policy provision 1.3.
- Refuse to use turnitin.com (you must be offered an alternative form of submission).
- Have access to your instructor for consultation during a course or follow up with the department chair if the instructor is unavailable.
- Ask the person who marked your term work for a re-evaluation if you feel it was not fairly graded. You have up to one month from the date of return of the item to inquire about the mark. If you are not satisfied with a re-evaluation, you may appeal to the instructor in charge of the course if the instructor did not mark the work. If your work is remarked, you must accept the resulting mark. You may only appeal a mark beyond the instructor if the term work was worth at least 20% of the course mark.
- Receive at least one significant mark (15% for H courses, 25% for Y courses) before the last day you can drop a course for H courses, and the last day of classes in the first week of January for Y courses taught in the Fall/Winter terms.
- Submit handwritten essays so long as they are neatly written.
- Have no assignment worth 100% of your final grade.
- Not have a term test worth more than 25% in the last two weeks of class.
- Retain intellectual property rights to your research.
- Receive all your assignments once graded.
- View your final exams. To see a final exam, you must submit an online Exam Reproduction Request within 6 months of the exam. There is a small non-refundable fee.
- Privacy of your final grades.
- Arrange for representation from Downtown Legal Services (DLS), a representative from the UTM Students' Union (UTMSU), and/or other forms of support if you are charged with an academic offence.

Equity Statement

The University of Toronto is committed to equity and respect for diversity. All members of the learning environment in this course should strive to create an atmosphere of mutual respect. As a course instructor, I will neither condone nor tolerate behaviour that undermines the dignity or self-esteem of any individual in this course and wish to be alerted to any attempt to create an intimidating or hostile environment. It is our collective responsibility to create a space that is inclusive and welcomes discussion. Discrimination, harassment and hate speech will not be tolerated. If you have any questions, comments, or concerns you may contact the UTM Equity and Diversity officer at edo.utm@utoronto.ca or the University of Toronto Mississauga Students' Union Vice President Equity at vpequity@utmsu.ca.

Please note that this outline is subject to change depending on the needs of the class (we may need additional time to cover a topic). Any changes to the syllabus will be announced in class one week before. However, the assignment and test dates are fixed.

Course Outline

Date	Lecture Topic	Assigned Readings
January 13	Introduction to Course & Abnormal Psychology	Ch.1
January 20	Research Methods, Assessment & Classification Quiz #1 due by 11:59pm	Ch.2 & p.433-446
January 27	Mood Disorders Quiz #2 due by 11:59pm	Ch.4
February 3	Anxiety, Somatic & Dissociative Disorders Quiz #3 due by 11:59pm	Ch.3 & Ch. 5
February 10	Developmental Disorder Quiz #4 due by 11:59pm	Ch.11
February 17	Reading Week – No Class	
February 24	Midterm Test - Lectures 1, 2, 3, 4, 5, & assigned readings & videos	
March 3	Schizophrenia & Psychotic Disorders	Ch.10
March 10	Trauma- & Stressor-Related Disorders Quiz #5 due by 11:59pm	Ch. 3
March 17	Eating, Substance-Related & Addiction Disorders Quiz #6 due by 11:59pm	Ch. 7 & Ch.8
