What percentage of a full course load will you be taking?
For example, if a full course load is 5 courses and you are taking 5, then you’d be taking 100%.
How to calculate your course load

Are you taking all of your courses online, through correspondence or distance education?
- Yes
- No

What does it mean to be a full-time OSAP student?

- You are enrolled in at least a 60% course load (minimum 1.5 credits each term).
- If you have a permanent disability, you must be enrolled in at least 40% or 1.0 credit in each term to be considered full-time. Contact your physician or regulated health care professional to request completion of the OSAP Disability Verification Form, which can be found on the OSAP website.

If your course load changes, you can notify the university, and OSAP by using the Financial Aid Change Form on the Office of the Registrar website. Upload the completed document to your OSAP application.

Step 3: Program Search for New Students

Your course load information is entered as a percentage, and is based on the number of credits you are enrolled in:
