Briefly (150 words maximum) introduce the course, its position in its program, and writing assignments or instruction that have typically been used

Indicate the desired learning outcomes for the proposal (as distinct from the course as a whole), and how these learning outcomes relate to the course or program's learning outcomes: that is, indicate how the proposal complements student learning viewed holistically.

Provide a basic overview of the strategies that will be used to improve students' writing.

Indicate how Teaching Assistants will be used in the project.

If the funding is supporting an increased number of graded writing assignments, please indicate the number of additional words students will write.

Clearly state the number of students participating in the project, if the proposed project is course-based. Indicate the maximum enrolment for the relevant course(s) and the final enrolment in the courses the last time they were offered. Please also indicate the course's relationship to the broader program of study.

Indicate any other resources you will use to support your project (library, RGASC, online resources, etc.).
